*Don't Eat This Book* Morgan Spurlock,2006-05-02 For thirty days, Morgan Spurlock ate nothing but McDonald’s as part of an investigation into the effects of fast food on American health. The resulting documentary earned him an Academy Award nomination and broke box-office records worldwide. But there’s more to the story, and in Don’t Eat This Book, Spurlock examines everything from school lunch programs and the marketing of fast food to the decline of physical education. He looks at why fast food is so tasty, cheap, and ultimately seductive—and interviews experts from surgeons general and kids to marketing gurus and lawmakers, who share their research and opinions on what we can do to offset a health crisis of supersized proportions. Don’t eat this groundbreaking, hilarious book—but if you care about your country’s health, your children’s, and your own, you better read it.

Save the Date Jen Doll,2015-05-05 An “engaging and disarmingly honest” (People) examination of the search for love and the meaning of marriage in a time of anxiety, independence, and indecision. Weddings. They’re fun, festive, and joyful, and at a time when people marry later in life—and sometimes not at all—they offer endless opportunities to reexamine love and what we want for ourselves, regardless of whether or not our aim is a walk down the aisle. In Save the Date, Jen Doll charts the course of her own perennial wedding guesthood, from the ceremony of distant family members when she was eight to the recent nuptials of a new boyfriend’s friends. There’s the first trip home for a childhood pal’s big day, in which she learns that her first love has eloped to Hawaii. There’s the destination wedding attended with little baggage beyond a suitcase of strappy sandals and summery party dresses. Regrettably, there is a series of celebrations that mean the end to a valued friendship. There’s also the wedding that offers all the promise of new love. Wedding experiences come in as varied an assortment as the gowns at any bridal shop, and Doll turns a keen eye to each, delivering a heartfelt exploration of contemporary relationships. Funny, honest, and affecting, Save the Date is a fresh and spirited look at the many ways in which we connect to one another.

The book follows Sébastien’s search through both the contemporary and ancient landscapes of Iran to locate an elusive, dreamlike version of paradise.

*40 Years Valentiny Architects* Anna Valentiny,2021 François Valentiny and Hubert Hermann founded their studio shortly after graduating from the University of Applied Arts Vienna where they both studied under Wilhelm Holzbauer. Soon after, they staked out their architectural vision with their urban villa for the Berlin IBA. Stories from the Inside is a retrospective looking back over forty years and telling the stories behind their many designs and buildings. Six richly illustrated volumes contain material from the archives of the Valentiny Foundation and present current projects with a focus on cultural, residential, administrative and leisure facilities. The final volume documents the 15-19 Wisswee project in Remerschen. Intellectual journeys and international projects culminate here, from the World Exhibition Pavilion in Shanghai to the Theatro de l'Occitane in Bahia and the Haus für Mozart in Salzburg.

**Stress-Proof** Mithu Storoni,2017-08-22 Discover simple, science-based strategies for beating stress at its own game When’s the best time to exercise – and how much is too much? Which foods fortify the brain, and which do the opposite? How can we use music, movement, and motivation to boost our rational brain and keep our cool no matter what life throws our way? Short bursts of stress are an inevitable part of modern life. But how much is too much? Research is uncovering the delicate balance that can turn a brief stressful episode into systemic overload, eventually leading to inflammation, anxiety, depression, and other chronic health issues. This practical and groundbreaking guide reveals seven paths to fighting the effects of stress--to strengthen our natural defenses so that our minds remain sharp, and our bodies resilient, no matter what life throws at us. Each chapter examines a common stress agent—including inflammation, an out-of-sync body clock, cortisol levels, and emotional triggers—and presents simple ways to minimize its harmful effects with changes in diet, exercise, and other daily habits—including surprising hacks involving music, eye movements, body temperature, daily routine, and more. Translating cutting-edge scientific findings into clear and simple advice, Stress-Proof is the ultimate user’s guide for body, mind and well-being. \*\*Winner, Best Stress Management Books of All Time, BookAuthority\*\*

**The Feminist's Guide to Raising a Little Princess** Devorah Blachor,2017-11-07 “May God grant me the serenity to accept the color pink, the courage to not let my house become a shrine to pink and princesses, and the wisdom to know that pink is just a color, not a decision to never attend college in the hopes of marrying wealthy.” - from The Feminist’s Guide to Raising a Little Princess Smart, funny, and thought-provoking, this book shows feminist parents how to navigate their daughters' princess-obsessed years by taking a non-judgmental and positive approach. Devorah Blachor, an ardent feminist, never expected to be the parent of a little girl who was totally obsessed with the color pink, princesses, and all things girly. When her three-year-old daughter fell down the Disney Princess rabbit hole, she wasn't sure how to reconcile the difference between her parental expectations and the reality of her daughter’s passion. In this book inspired by her viral New York Times Motherlode piece “Turn Your Princess-Obsessed Toddler Into a Feminist in Eight Easy Steps,” Blachor offers insight, advice, and plenty of humor and personal anecdotes for other mothers who cringe each morning when their daughter refuses to wear anything that isn’t pink. Her story of how she surrendered control and opened up—to her Princess Toddler, to pink, and to life—is a universal tale of modern parenting. She addresses important issues such as how to raise a daughter in a society that pressures girls and women to bury their own needs, conform to a beauty standard and sacrifice their own passions.

**Hudson Valley Wine** Tessa Edick,Kathleen Willcox,2017-07-10 Although it's the birthplace of American wine, Hudson Valley vintages have yet to meet with the renown of those produced by the neighboring Finger Lakes and Long Island. In the 1600s, French Huguenots arrived in the area and used their French winemaking skills to found vineyards. Benmarl is cultivating astounding varietals from a vineyard that has continuously grown grapes since 1772. Recently launched cooperative winemaking organizations have made strides in the region, and scientists at Cornell University have worked to determine the tastiest varietals and hybrids that will flourish in the challenging Hudson Valley terroir. Hudson Valley wines are at last garnering critical acclaim in mainstream national publications and restaurants. Tessa Edick and Kathleen Willcox uncover the hundreds of years, unrelenting pride, determination and ingenuity behind Hudson Valley wines.
