DESCRIPTION This book **3D Printing Made Simple** takes you through this exciting innovation, a technology called 3D Printing. It is revolutionising the way we do a lot of things and not just the creation of physical objects. The huge growth rates are a direct result of its applications for prototyping and mass production in a number of industries, thanks to an ever-increasing list of 3D printable materials. The World Economic Forum describes it as one of the four pillars of the 4th Industrial Revolution alongside AR, VR & AI, big data, blockchains etc. Many developing countries like India, completely missed the 1st two industrial revolutions (steam & petrol engines) and partially benefitted in the 3rd (electronics/computers). Now can we afford to not, or just partially participate in the 4th Industrial Revolution? Book adopts a practical approach, with step-by-step instructions to help guide readers. The Neighbors in Apartment 3D C.G. Twiles,2021-12-28 Sometimes home is the most dangerous place to be. All Cintra Coutinho wants is to win her family back. After she tells her teenage son a despicable lie, her husband asks for a trial separation. She must go six months without a single fib. That's harder than it sounds for a compulsive liar. Cintra moves in with an old college pal, and befriends the sociable couple next door, who have a young boy staying with them while his mother is "in Europe." Then she spots a note on their door: "I'm being held" written in a childish scrawl, with a drawing of a boy with a gun to his head. Add in the eerie sounds she hears through their shared wall, and Cintra suspects they've kidnapped the boy. To unravel the truth of what's happening in apartment 3D, Cintra must return to her lying ways. What she discovers proves the most dangerous people can be the ones living right next door. Fans of *The Couple Next Door* and *Behind Closed Doors* won't see this stunning twist coming. Praise for *The Neighbors in Apartment 3D*: "Mysterious sounds on the other side of a borrowed bedroom wall had me hooked from the get-go. Compelling characters, an unusual diagnosis, and a tightly-woven plot kept me glued to the story and to the protagonist, as she pushed through Brooklyn streets and through the lives of enigmatic neighbors. Twiles does an excellent job of balancing relationships, insights, and suspense, making *The Neighbors in Apartment 3D* one to read with your lights on and your doors locked." —Susan Crawford, international bestselling author of *The Pocket Wife* and *The Other Widow* "Gripped me so tightly, I didn't skip over even the most insignificant word." —Book Rant Reviews "The Neighbors in Apartment 3D kept me guessing

throughout the story and I enjoyed the character development as well. I would definitely recommend this one.” —The Towering TBR
