**Saturday Millionaires** Kristi Dosh,2013-07-31 Last year Football Bowl Subdivision college football programs produced over \$1 billion in net revenue. Record-breaking television contracts were announced. Despite the enormous revenue, college football is in upheaval. Schools are accused of throwing their academic mission aside to fund their football teams. The media and fans are beating the drum for athletes to be paid. And the conferences are being radically revised as schools search for TV money. Saturday Millionaires shows that schools are right to fund their football teams first; that athletes will never be paid like employees; how the media skews the financial facts; and why the TV deals are so important. It follows the money to the heart of college football and shows the real game being played, covering such areas as: Myth #1: All Athletic Departments Are Created Equal Myth #2: Supporting Football Means Degrading Academics Myth #3: College Football Players Could Be Paid Like Employees Myth #4: Football Coaches Are Overpaid Myth #5: A Playoff Will Bring Equality to College Football Myth #6: Only a Handful of Athletic Departments Are Self-Sustaining The business of college football is unlike any other business.

Saturday Millionaires takes you behind the scenes and teaches you how to understand the industry from the inside out, touching on such subjects as conference realignment, pay-for-play, conference television networks and where all those millions go at the end of the day.

**The Oklahoma Football Encyclopedia** Ray Dozier,2006 The Oklahoma Football Encyclopedia is an historical description of every University of Oklahoma football game from the beginning in 1895 through 2004. Learn how the team got its start and how coach Bennie Owen laid the foundation for the Sooners to become one of the most respected teams on the college football scene. Bud Wilkinson, Barry Switzer and Bob Stoops later directed the Sooners to college football's elite prize. Wilkinson was a great teacher of the Split-T formation, which guided the Sooners to three national championships, 72 consecutive conference games without a loss and a major college winning streak -- a record that may never be broken. Switzer, a master recruiter, implemented the Wishbone formation, which brought another three national titles and 12 conference crowns to Norman. After the Sooner football program had dropped to mediocrity status, Stoops turned the program around and won the national championship in his second year at the helm. This book provides insight into Sooner Magic. Many OU football teams appeared to have a supernatural force carry them to victory when victory was not assured. Was it sleight of hand? Smoke and mirrors? No, just pure talent and inspiration helped push the Sooners to the overwhelming tradition the teams have displayed on the gridiron.

There were close games and there were blowouts, but through it all, this team showed their heart and fighting spirit, despite a very difficult schedule and the criticism of a skeptical sports world. Their determination and their ability to pull off the important plays at the right time proved their critics wrong, game after game. Relive the magical, undefeated 2012 season, victory by victory, quarter by quarter, and score by score all the way to the 2013 BCS National Championship Game against the Alabama Crimson Tide.
