*Deadline Day* Jim White, Kaveh Solhekol, 2023-10-19  
WITH AN EXCLUSIVE Q&A BETWEEN JIM AND KAVEH  
FOR THE AUDIOBOOK 'The best football book of the year.  
A must-read for anyone who loves football' Harry  
Redknapp Football used to be a sport. Then it became a  
business. Now it's a whole industry. For three months  
every year football clubs buy and sell human beings.  
People who are so good at their job that others are willing  
to pay millions and millions of pounds to work with them,  
and for good reason; the right deal can help you win  
football's top prizes while the wrong deal can cost you your  
job and bankrupt your club. It's a fast-paced, at times  
murky and cutthroat world worth billions - and Jim White  
and Kaveh Solhekol have been at the heart of it for  
decades. In *Deadline Day*, Jim and Kaveh, two leading  
transfer market experts, take us behind the scenes of this  
uniquely tense and secretive world where the winner takes  
it all. They uncover what really happens in this game  
within the game where everything is for sale at the right  
price. And that's a price that's being paid by some of the  
richest people and countries on the planet, including  
billionaire US investors and Gulf states such as Saudi  
Arabia who have money to burn. Jim reveals what led him  
into journalism, and specifically what it takes to break the  
biggest stories and make it in the footballing world.  
Featuring a colourful cast of iconic players, managers,  
agents and owners - such as Cristiano Ronaldo, Harry Kane  
and Sir Alex Ferguson to name a few - Jim recounts some  
of the most game-changing deals in history, as well as the  
ones that got away. Perceptive, entertaining and  
dynamically told, *Deadline Day* addresses some of the big  
questions facing the game in a definitive, never-before-told  
inside story of football's transfer window.

**The Transfer Market** Alan Gernon, 2018-12 Almost as much is written in the soccer media about transfers as about the game itself. Records are smashed and billions spent each transfer window, but how does the transfer market work? How does a transfer come together? How do you become an agent, and what do they actually do? And what are the effects of a move on the main stakeholders? For years, transfer gossip columns have been Alan Gernon's guilty pleasure. Now, he explores how many of these rumors are accurate, planted by agents, or simply made up--and how easy is it to plant a transfer story in the media. Along the way, he discovers how the market works and how a transfer happens; what a move actually means for a typical player in a world where you could buy over 160,000 League Two players for the price of Neymar; and that almost 30% of transferred players worldwide are moved between clubs against their wishes. He also uncovers how to become a soccer agent overnight, and why British players are reluctant to move abroad. He speaks to players about the pressures and real-life effects of a move, and tries to figure out how much the stars of yesteryear would be worth in today's crazy transfer market--where Premier League clubs spent a record £1.4 billion in the summer of 2017 alone.

**How Football Transfer Are Actually Done** Arthur S Cook, 2023-07-28 Transfers in football are a thrilling and important part of the game as players move between teams. This straightforward explanation looks at the actual process of making transfers in football, from finding transfer targets via scouting to concluding contracts and registering players with football authorities. It also discusses the financial elements, the function of agents, and the difficulties players encounter after transfers. Understanding the transfer procedure offers an intriguing

window into the world of football and the mystique surrounding player transfers that captivates fans everywhere.

**The Boot Room** Andrew Judge, 2024-02-02 For many years, the football transfer window has been a dominant topic in news columns, with fans increasingly glued to social media for updates on their clubs. The Boot Room delves into the intricacies of the transfer window, tracing its evolution from its inception to its current form, shaped by data-led scouting. Author Andrew Judge engages with a diverse range of football insiders, from finance experts discussing the state of football finances to Sky Sports reporters on the front lines during deadline day. He takes readers inside the boardroom with a club secretary on Transfer Deadline Day and into the physio's room, where medical teams race against time to complete player medicals with millions at stake. The book also examines the impact of data-led scouting on Youth Academies, featuring insights from one of England's highly regarded Youth Coaches. In an era of growing fake news in football, Judge explores the challenges fans face in distinguishing fact from fiction in transfer news, which captivates the football world for a few months each year. Through conversations with scouts, fans, and analysts, The Boot Room reveals the transfer window's significance and the profound effect fake rumours can have on football players themselves.

Football's Secret Trade Alex Duff, Tariq Panja, 2017-05-01 A no-holds-barred exposé on the financial transactions of the world's favourite sport The transfer fees clubs pay to sign top players now top €4 billion a year but much of the money has been flowing out of the game. A small group of wealthy investors including Russian oligarchs, English racehorse owners and a former billionaire gold miner have seized the opportunity to enter

this booming market. Some have moved in on the territory of banks and lent money to clubs in exchange for a share in fees generated by Cristiano Ronaldo, Neymar and dozens more of today's stars. Others have acquired obscure teams to get a piece of the pie. Even as the global financial crisis sent fortunes tumbling this select group found a profitable place to park their money. The size of the transfer market has continued to rise -- it increased seven-fold in value the last two decades, more than the FTSE share index.

Between them, these wealthy investors have amassed hundreds of millions of euros in profits. At the same time, they have managed to stay out of the spotlight the world's most popular sport brings. Football's Secret Trade follows the money along a trail very few know about, from nondescript offices in the U.K. and ramshackle stadiums of South American clubs you have probably never heard of to offshore bank accounts in the Caribbean. Warning - you won't see a major transfer deal in the same light again.

*A Cross-Cultural Study of Commercial Media*

*Discourses* Wenhui Yang, 2020-10-20 This book decodes commercial news discourses from the perspective of cognitive semantics. It attaches considerable importance to the bodily experientialism and linguistic embodiment advocated in discourse analysis and cognitive linguistics and explores the complex yet thought-provoking correlation between overt language and covert cognition by focusing on contrastive analyses of metaphors, image schemas, and stance markers in texts. On the basis of the analyses, the author discusses the linguistic applications, lexical devices and personal experiences, along with their embodied mechanisms, revealing the linguistic strategies, embodied cognitive linguistic actions and constructive thoughts used in media discourses on product promotion, human resources deployment, and commodity problem

resolution. In turn, this sheds light on how linguistic selections and cognitive mechanisms are used in composing media news and on how public cognition on certain social and business issues might be framed. The combination of cognitive semantics and commercial discourse analysis offers comprehensive and rewarding insights into the cross-cultural research of both cognitive actions and linguistic behavior reflected in news reports and highlights the correlation between the use of wording and cognitive construction in discourses, which broadens the scope of discourse analysis, cognitive linguistics, applied linguistics, and sociolinguistics. Further, the use of analytical measures and the effective integration of discourse analysis and cognitive semantics lend the book additional analytical authenticity, providing an empirical foundation for cross-cultural communication studies.

Is it Just Me or is Modern Football S\*\*t? Jim Keoghan, 2021-05-10 Does the sight of half-scarves enrage you? Does transfer-deadline day make you want to throw a brick through the TV? Do the opening bars of goal music make your ears bleed? If the answer is 'yes', then this could be the book for you. Since English football's very own 'Year Zero' in 1992, the game has changed beyond recognition, rejecting the rough-and-ready days of the past. And like any change, not all of it has been welcome. The quality of the 'football product' might be better but it's come with spiralling levels of debt, yawning inequality and Neymar advertising batteries. These, and many other ills of the modern game, form Jim Keoghan's exploration of the nation's favourite pastime. Navigating a world populated by dodgy owners, celebrity referees and Ray Winstone's floating head, he searches for an answer to the question: Is it Just Me or is Modern Football S\*\*t?

**The Rise of 24-hour News Television** Stephen Cushion, Justin Lewis, 2010 De-westernising journalism studies in an intelligent way, this book deserves to be read around the world.---Professor James Curran, Goldsmiths, University of London, United Kingdom --

Routledge Handbook of Football Business and Management Simon Chadwick, Daniel Parnell, Paul Widdop, Christos Anagnostopoulos, 2018-11-19 Soccer is the world's most valuable sport, generating bigger revenues, as well as being watched and played by more people, than any other. It is virtually impossible to understand the business of sport without understanding the football industry. This book surveys contemporary football in unparalleled breadth and depth. Presenting critical insights from world-leading football scholars and introducing football's key organisations, leagues and emerging nations, it explores key themes from governance and law to strategy and finance, as well as cutting edge topics such as analytics, digital media and the women's game. This is essential reading for all students, researchers and practitioners working in football, sport business, sport management or mainstream business and management.

Done Deal Daniel Geey, 2019-01-24 'If you want to know and understand how football really works, this is the book for you.' Guillem Balagué 'A myth-busting and hugely entertaining look at the ever more complex machinations of the beautiful game. Essential.' Raphael Honigstein 'A must-read for football fans.' Freddie Ljungberg Insightful, enlightening and thought-provoking, leading Premier League lawyer Daniel Geey lifts the lid on the inner workings of modern football. What really happens inside a club on transfer deadline day? Are football agents overpaid? Which club put a clause forbidding space travel into a midfielder's contract? And which team's players can

never wear red boots? Whether it is a manager being sacked, a star player transfer, billion-pound television rights negotiations or a controversial club takeover, leading football lawyer Daniel Geey has all the insight. With an accessible and thoughtful perspective, and featuring expert contributions, *Done Deal* explores the issues that shape the modern game, providing football fans with a fresh and authoritative look at all off-field football matters.

**Football Clichés** Adam Hurrey, 2015-09-01 A fun, intelligent, and useful guide to understanding the nuanced language of soccer Every week, year-round, legions of devoted soccer fans across the country rise at the crack of dawn or quietly sneak out of work to watch their favorite teams play across the pond—complete with a soundtrack of two cheeky Englishmen spouting a stream of trite phrases and curious words that make maddeningly little sense. They'll chat about flying teacups and cultured left feet, or point out a player who's jinking through the corridor of uncertainty, hoping to bag one with aplomb. Confused? Many Brits are, too. In *Football Clichés*, London-based soccer writer Adam Hurrey amusingly translates the idioms of the sport, from the quaint to the ridiculous. Here you'll find words for parts of the field and parts of the body; for ways to score a goal and ways to run, walk, or fake an injury. You'll learn to read the shifting moods of fans at a soccer match and encounter the game's oddly expressive gestures, which include the muted celebration and the beleaguered manager clap. Perfect for the die-hard or fair-weather fan, *Football Clichés* celebrates the world of soccer in all its glory.

**Twinned With Reykjavik** Liam Bullock, 2021-05-31 The period leading up to 1999 had been grim for Stoke City fans - relegation, stagnation, embarrassment and board

conflicts were commonplace at the club. As the new millennium approached, fans demanded change, but no one could have predicted what would come next. An Icelandic consortium, brought together by GuA(deg)jon AzorA(deg)arson, set sail for the Potteries with the promise of exciting foreign imports and Premier League football. What followed was a mixture of flashy arrivals, cup successes, broken curses, flop signings and plenty of fallouts, with extraordinary on-field moments along the way. Cult heroes and villains were made as Stoke became a living soap opera for seven remarkable years. Twinned with Reykjavik lifts the lid on that rollercoaster ride with the views of the people who experienced the wild journey. Integral players and fans look back on the key moments that defined the era as the book ponders that vital question: was the Icelandic takeover actually a success for Stoke City?

**Come and Get Me** Jim White, Kaveh

Solhekol, 2023-07-11 For three months every year football clubs buy and sell human beings. They spend more than £4 billion a year on footballers. The right deal can help you win you the game's top prizes, the wrong deal can cost you your job and bankrupt your club. Jim White and Kaveh Solhekol are two of the world's leading transfer experts. Let them take you behind the scenes into this murky, cutthroat, winner-takes-all, billion-pound world. Jim and Kaveh have some of the best contacts in the business. In *Come and Get Me* they will talk to the world's most famous players, managers and agents to take you to the heart of the deals that happened and the ones that got away. Names Jim and Kaveh will speak to for the book include: Jose Mourinho, Sir Alex Ferguson, Jurgen Klopp, Pep Guardiola, Jorge Mendes, Mino Raiola, Jonathan Barnett, Kia Joorabchian, Harry Kane, Jack Grealish, Raheem Sterling and many, many more. But has the time come for football to slam shut the window for good? Isn't it immoral to buy and sell humans? Why doesn't football have a draft system like the NFL? Jim and Kaveh will speak to leading NFL owners such as Robert Kraft of the New England Patriots to find out how they do things in the USA to answer these questions integral to the future of the game.

**Sports Journalism** Tom Bradshaw, Daragh Minogue, 2019-08-16 Based on interviews with leading sports journalists and grounded in the authors' experience and expertise in both the sports journalism industry and sports media research, Sports Journalism gives in-depth insight into the editorial and ethical challenges facing

sports journalists in a fast-changing media environment. The book considers how sports journalism's past has shaped its present and explores the future trends and trajectories that the industry could take. The far-reaching consequences of the digital revolution and social media on sports journalists' work are analysed, with prominent sports writers, broadcasters and academics giving their insights. While predominantly focused on the UK sports media industry, the book also provides a global perspective, and includes case studies, research and interviews from around the world. Issues of diversity – or a lack of it – in the industry are put into sharp focus. Sports Journalism gives both practising sports journalists and aspiring sports journalists vital contextualising information to make them more thoughtful and reflective practitioners.
