The Old Wallpaper Story Beryl Newton-Boardman,2018-10-18 2018 is the final year of our commemorations, remembering the bravery of those who fought, lived and died in the First World War. Beryl has written this book to honour her father, who left her his war memoirs, in order to pay the deepest love and respect to all those who served and died for King and country. On the centenary of the Armistice, this nation will give thanks for peace & for those that returned, and remember the sacrifice of the 908,000 soldiers from Great Britain & the British Empire who died. This book is the best tribute she could make.

Football Fans, Their Information, The Web and The Personal Home Page Shant Narsesian,2010-01-08 From the early days of the Internet to the present day, the World Wide Web has developed into one of the world's largest information resources. One of the first genres of web pages, which was also one of the first information resources, was the Personal Home Page (PHP). Over this same period of time, professional football in England has created the world's richest league and by extension an abundance of football-related PHPs. This book examines the role of the PHP as an information resource using the subject area of professional football in England. A holistic approach was taken so as to view the PHP in a broader context, as one information resource amongst many, including non-PHPs and even offline information resources (e.g. reference books). Within this study, football fans were interviewed along with web authors, surveys were carried out (by distributing both online and offline questionnaires) and additional research was also carried out online, examining football-related PHPs and online web collaborations. Results suggest that whilst there are many informational benefits to be found on PHPs, such as plentiful unique information, they have low levels of use amongst football fans. The study concludes by proposing an avenue to the maximisation of the informational benefit of PHPs through a blueprint for a type of communal football website called the Club Community Composite Page (CCCP). Overall, several contributions are made to the field of information science, most notably attaining an improved understanding of PHPs as unique and accurate information providers online and devising new research methods for PHP research. In particular, the method of identification of PHPs developed here will be a useful tool for future researchers of PHPs. The contributions of this work are likely to be of value to researchers working in relevant sub-fields of information science, such as information seeking, web genres, grey literature and virtual communities.

Bereolaesque Enitan O. Bereola,2009 WARNING: ETIQUETTE IS BACK ... THIS TIME IT'S SEXY! The old-fashioned, repressed, bland man has been banished to the Himalayas and a new breed is taking center stage. He is a man of style, sophistication, and security, just as strong and confident as his predecessor, but far more diverse in his interests, his tastes, and, most importantly, his self-image. He may be seen at an NBA game one night and an art gallery opening the next. Bereolaesque is that much needed fusion between being a gentleman and being sexy. This savoir-faire man's guide walks every man through the stages of ordinary to excellence in just two hundred pages. Perfect for that coffee table discussion, Bereolaesque lends quality information to everyday people and celebrities alike. Beyond the book's mysteriously eye capturing cover are innovative and appealing ways to maneuver through life's crazes, while keeping cool and maintaining manners. In the midst of a world plagued with economic turmoil, tasteless politics and dark behavior, the gentleman is refreshing and necessary. Bereolaesque is for every man and every woman who believe that chivalry is NOT dead, and individuals who are willing to learn exactly how far something as simple as being a gentleman and proper etiquette can get you in life. Not to mention, ladies are always quite pleased to meet a real gentleman...
