MY PERSONAL FOREX EXPERIENCE D. (D.S.H),2014-09-11 This book is based on personal experience, sleepless nights, frustration and information I wish someone had told me when I first started trading forex. I was the most naive Forex Trader ever. I listened to everything my Forex Broker said. I attended every training session, I learned everything about Candle Sticks, RSI Lines, Parabolic, Ichimoku etc, if they said it would help I was there. My broker said trading forex is an easy transaction where if the Market goes Up you Buy and if it goes Down you Sell (Theoretically it does, as long as you know what you doing). He also said the market is always right. Not true. In every Financial transaction there is always a Winner and a Loser. People are mis-informed about the realities of the Financial Market. When I first started trading forex I always ended up being the loser. This book will help you improve your trading experience , you will have more winning results, teach you about indicators not signals that are on your MT4 platform which no-one tells you about but are really helpful. This book will also assist you in turning a losing trade into a winning one or at least break-even. Hope you find this book informative and it helps you avoid the costly mistakes I have made.

Forex Trading Strategies : Revealed Underground Shocking Secrets and Sleek Weird But Crazy Profitable Tricks to Easy Millionaire with Forex Strategy

Trader X, 2015-06-12 You will not find this education at your brokers how to section. Most likely you will not find this information anywhere on this book section on any other book store. I have paid thousands of dollars on exclusive groups and paid forums to collect the information presented in this book. As you can imagine these are the highly guarded secrets of the elite of the FOREX traders, no one gives their living away, unless you pay them a price worth their living. However I have decided to make this information for ridiculously low price, because I am fed up with the brokers and the big banks taking advantage of the regular retail trader. Let me ask you a

question? When was the last time you make money with FOREX? Even further more how much money you are willing to lose, until you give up? How long you will continue to give your hard earned money to the broker? Just like you I started 5 years ago with high hopes of quitting my job and leaving the live I deserve with FOREX. My hopes and aspirations were quickly crashed and my dreams went to the dump. First I lost 1000, then 5000, 10k , how much longer I could continue like that, how much longer I could endure the ridicule the jokes of my family and the frown on the face of my wife. It was painful, sitting all day in front of the computer, until you can't see any longer and everything including the platform and your mind become blurry. I know the pain I have been there. This continued for year, until one morning I was ready to quit, I was going to give it a last try and throw that FOREX staff in the garbage, out the window. I stumbled on a rear tread, which since then has been banned, by the broker that was holding the forum. Luckily the tread continued under the broker's radar for while, and gathered a bunch of comments an support. Finally the tread from the trader X was discontinued. I was in dis pare, that was the only hope and light, I have seen for a long time. I was applying the advice from the trade and things were starting to work for me. Fortunately I was able to PM the trader and begged him to agree on a 20 min conversation on the phone. Trader X was not a guru, not your regular internet promoter mojo. He was quietly raking in thousands of dollars a month for years, he was not excited about the next trade, his heart beat

was not raising before he pooled the trigger. See, he has been doing this trading stuff for so long it has become a boring procedure, rather a morning an afternoon chore, something like putting the garbage out on garbage day. He explained that he learned from the MASTER, I did not proceed to ask him who was the MASTER, since I mainly was concerned with him teaching him every little bit of what he knew about trading. He didn't not agree to spend time teaching me on our first conversation, regardless of how much I offered to pay him. See, for him money was not a issue.
