Low Risk High Reward Forex Trading and Investing for Beginners Joseph Moneta, 2015-08-31 Everyone has to start somewhere in the business of making money with money. You must have the right information from the very first day if you want to become successful in this business. You don't need to know everything all at one time nor could you, and you certainly don't have to learn how to trade every asset class there is. You should concentrate on becoming a specialist versus being a generalist. This book affords readers who are brand new to Forex trading and investing the opportunity to really learn and expand their knowledge base as brand new Forex traders. This book should be a must read for novice and inexperienced traders with no experience looking to build on their education foundations and strategies. By knowing what to study from the start as a beginner you can greatly reduce the huge learning curve there is in this business to be able to make money in the live markets on a consistent daily basis right away. Investing and trading is the best business in the world as far as I am concerned. The beautiful thing about the financial market is that it is always going to be there!! It is the only business I know of where you can do it from anywhere on the planet there is WIFI so what could be wrong with kicking back on your boat at the marina or at the beach on a beautiful sunny day or flying to Europe to meet friends for the weekend and still be making unlimited amounts of money the whole time you're doing it. You always have a chance to make money. It's virtually 24 hours a day, just like a bank ATM right? This book cuts right to the core and lays out a progressive foundation of principles on which you can begin trading Forex for high profit as long as you have done the education and training the right way from the first day. This book will start any brand new Forex investor, swing

trader or position trader the right way to begin driving their money train down the right tracks directly to the bank. This book is short; it takes the complexities of learning currency trading and pares it down to the essentials plus a few extra tips from professionals. It does not have to be long to give you the basic information you need to actually make money trading Forex. It is all up to you though, to take the information provided here and act on it with a vengeance if you want to make money right away once you begin trading live with real money. You will be a better and more prepared trader after reading this book. Use this book as an overview or a guide if you will, to what to study and learn first to become consistently profitable trading Forex for people who are brand new with zero experience. I give you concise information as to what to learn first and what to look for as far as further information is concerned. I tell you only the most critical things to learn first because those are absolutely the most important and the ones that will make you money right away if you do them. It would take someone just starting out years to figure out what is in this book before they could make any real money in the live markets consistently. Remember you don't need to know everything all at once but merely what makes you money. When you are done reading this entire book you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education or spend any unnecessary money. The information will put you on the fast track to becoming a successful self-directed Forex trader with very little money invested.

Risk Management for Forex Trading Beginners Jose Pecunia, As a brand new investor and Forex trader with zero knowledge of the business you are at a loss as to what information you actually do and do not need. Much of what the current trading education industry is putting out is not only giving you information

that is all backwards, it is very unrealistic to do in the live markets, and can get you into a lot of trouble. Why would you want to learn something that could potentially cause you to lose money right away in your new trading business? The trading education industry is not regulated so beware of that. Anyone can put out a YouTube video of anything and brand new Forex traders who are watching these types of things thinking that what they are viewing are the right things to do. I have seen brand new investors and traders waste a serious amount of valuable education and training time on learning information that will not do them any good and can even cause them to lose some of their hard earned money right away in the live markets. No one wants that however it is a huge mistake that brand new Forex traders make because they don't know any better. This book is for beginners and will detail many of the things that a brand new Forex trader must learn not to do before they can become consistently profitable in the live markets. You're heard the saying "just say no to drugs", just say no to day trading and you and your account will be waaaaay ahead of the game to start off. Don't say I didn't warn you, OK, continue with your insanity and read this entire book to give yourself a fighting chance. Use Risk Management for Forex Trading Beginners as an overview or a guide if you will, for what to study and learn first to become consistently profitable from Forex trading. I give you concise information as to what to learn first and what to look for as far as further information is concerned. I tell you only the most critical things to learn first because those are absolutely the most important and the ones that will make you money right away if you do them. This book is written to provide straightforward, easy to understand and easy to apply advice, tips and techniques that can be the backbone of any traders success in the financial markets.

By following the advice and information in Beginner Forex Traders Guidebook you can greatly cut down the long learning curve there is in this business and put yourself on the fast track to making an unlimited income for yourself from anywhere in the world.

Forex Trading Samuel Rees,2016-10-09 Can you answer the following two questions? * Why do currencies move in the manner that they do?* How can you make a profit off those movements?It's okay that you may have a partial answer or feel that you may be incorrect in your thoughts. You are a beginner in the forex market. You are trying to find a forex trading guide that will help answer your questions and turn your investment desires into profit. You should read this book if:1. You have time to study the forex market conditions and learn about currency movements.2. You have the energy to keep up with your chosen investment strategy.3. You are able to turn your emotions off and realize that not all trades are profitable.4. You know there are no magic solutions and one-size-fits-all strategies.This book is going to teach you many concepts about forex trading, including three strategies you can employ, as well as the best choice strategy. The topics you will learn include:1. The definition of forex trading.2. The players and when to trade.3. What to trade.4. What pips are

and the pip spread.5. Common mistakes.6. The fundamental strategy.7. The technical strategy.8. The best trading strategy.At the end of this book, you will know:* Your risk aversion.* How to enter and exit a trade position with less risk.* How to avoid the mistakes other beginners and some long term traders make. You owe it to yourself to understand the market, how it moves, why it moves, and who the players are, so you can make a profit most of the time. No one wins each time, but you can have a profit at the end of the year, with fewer losses if you take the suggestions in this book to heart. You have what it takes to be a forex trader. You do not need to fear what others say about the market being complicated and too risky because you are starting out right. You know that you need information before you jump in with your hard earned capital. Start now. Don't delay. You can be earning money within the month with forex (based on your learning rate). You can also take a year to learn the concepts, study the market, and start making money. No one is going to shame you because you raced to finish the book or took your time. You will know when you are ready to invest and make a profit. Forex is waiting for you along with the piece of profit you can gain with the \$4 trillion traded each day in the market.

*** BUY the Paperback Version of this Book and get the Kindle Book version for FREE *** If you've developed an interest in trading, whether its stocks, options, bonds, or precious metals, there is no doubt that you have heard a lot of about Forex. And there is also little doubt that you've probably been inundated by a lot of hype. When you hear so much hype, it's hard to tell what's real and what's not. Even worse, many people aren't quite sure what Forex is all about, or how to win at Forex trading. In this book, we are going to carefully explain Forex from the ground up. You will learn how Forex developed and what is traded and how to read price quotes. Then we'll explain the different trading levels, margin accounts, and leverage. From there, we'll go into a detailed

discussion of trading styles and the top strategies used by Forex traders to put the odds of profit in their favor. In this book, you are going to learn: What Forex is, and how it's evolved into a market accessible to the general public. How much money you need to get started. You'll be surprised to learn that you can begin trading on Forex with small amounts of money. The concept of leverage and margin accounts, and how that will let you trade up to 50 times the buying power than you have with your own cash. How to read currency pairs and understand what they mean. Pips are explained in detail, using easy to understand explanations framed in plain English. Learn about trading lot sizes, and how many pips are associated with each. Easily develop the dexterity you need to convert from pips to dollars and back again so that you'll know immediately how much you stand to gain or lose on any given trade. Find out how much currency you can control and how much money you actually need to do it. Learn how to make profits like a pro. We'll discuss the main trading styles, and you can think about which one will work best for your situation. The top strategies used by Forex traders are discussed in detail. Get a handle on charts and trendlines. Learn all the signals that candlesticks give indicating trend reversals. Discover the best way to set up a trading plan, to ensure that you can slowly, sustainably, and consistently start building up profits, so that at some point you can become a full-time Forex trader. Get a handle on the top reasons people fail to make money as a Forex trader. The secrets to a solid trading plan are revealed. Learn about demo accounts, and why you should practice on them first. Simply put, this is a Forex book that is going to teach you how to become a Forex trader from the ground up. Download now, and start trading today!
