Joseph L. Stickney

*Syntactic Change in French* Sam Wolfe, 2021-12-23 This book provides the most comprehensive and detailed formal account to date of the evolution of French syntax. It makes use of the latest formal syntactic tools and combines careful textual analysis with a detailed synthesis of the research literature to provide a novel analysis of the major syntactic developments in the history of French. The empirical scope of the volume is exceptionally broad, and includes discussion of syntactic variation and change in Latin, Old, Middle, Renaissance, and Classical French, and standard and non-standard varieties of Modern French. Following an introduction to the general trends in grammatical change from Latin to French, Sam Wolfe explores a wide range of phenomena including the left periphery, subject positions and null subjects, verb movement, object placement, negation, and the makeup of the nominal expression. The book concludes with a comparative analysis of how French has come to develop the unique typological profile it has within Romance today. The volume will thus be an indispensable tool for researchers and students in French and comparative Romance linguistics, as well as for readers interested in grammatical theory and historical linguistics more broadly.

These forts saw crucial, campaign-determining naval battles, and pivotal land engagements between battle-hardened well-led British troops and unproven American militia. In both land and sea engagements the garrisons deployed a range of weapons including different calibers of smooth-bore cannon, howitzers, musket, bayonets, and even tomahawks. Covering Amsterdam, Clinton, Fort Clinton at West Point, Dayton, Decker, Flagstaff, Au Fer, Brooklyn, Defiance, Franklin, Golgotha, Herkimer, Jay, Klock, Montgomery, Niagra Old Stone Fort, Salonga, Stanwix, Ticonderoga, Wadsworth, and Washington, this expert text discusses design, armament, and current status of the forts. It explores their garrisons, commanders, and the battles fought, as well as the spatial and military dependent relationships these forts had with one another.
