The Queen Next Door Linda Solomon, 2019-10-14
Aretha was private. I respected this and she trusted me. Linda Solomon met Aretha Franklin in 1983 when she was just beginning her career as a photojournalist and newspaper columnist. Franklin's brother and business manager arranged for Solomon to capture the singer's major career events—just as she was coming back home to Detroit from California—while Franklin requested that Solomon document everything else. Everything. And she did just that. What developed over these years of photographing birthday and Christmas parties in her home, annual celebrity galas, private backstage moments during national awards ceremonies, photo shoots with the iconic pink Cadillac, and more was a friendship between two women who grew to enjoy and respect one another. *The Queen Next Door: Aretha Franklin, An Intimate Portrait* is a book full of firsts as Solomon was invited not only to capture historical events in Aretha's music career showcasing Detroit but to join in with the Franklin family's most intimate and cherished moments in her beloved hometown. From performance rehearsals with James Brown to off-camera shenanigans while filming a music video with the Rolling Stones, from her first television special to her first time performing with the Detroit Symphony Orchestra, to her last performance with her sisters at her father's church and her son's college graduation celebration. In the book's afterword, Sabrina Vonne' Owens, Franklin's niece, honors her aunt, a

woman who was an overwhelming supporter of civil rights, women's rights, and fundraising campaigns that helped to benefit her hometown. There was a time in her career—when Franklin was more in demand than ever before—when she insisted that if someone wanted her to perform, they had to come to Detroit. During this time all of her major concerts, national television specials, music videos, and commercials would happen in Detroit. Aretha Franklin showed her respect for the people in the city who championed her from the very beginning when she started singing as a young girl in the church choir. Franklin used to say, I am the lady next door when I am not on stage. The Queen Next Door offers fans a personal and unseen look at an extraordinary woman in her most natural moments—both regal and intimate—and highlights her devotion to her family and her hometown Detroit—forever and ever.

I Played the White Guy Michael Cole, 2018-05-23

Detroit Charlie LeDuff, 2014-01-28 An explosive exposé of America's lost prosperity by Pulitzer Prize-winning journalist Charlie LeDuff "One cannot read Mr. LeDuff's amalgam of memoir and reportage and not be shaken by the cold eye he casts on hard truths . . . A little gonzo, a little gumshoe, some gawker, some good-Samaritan—it is hard to ignore reporting like Mr. LeDuff's." —The Wall Street Journal "Pultizer-Prize-winning journalist LeDuff . . . writes with honesty and compassion about a city that's destroying itself—and breaking his heart." —Publishers Weekly (starred review) "A book full of both literary grace and hard-won world-

weariness.” –Kirkus Back in his broken hometown, Pulitzer Prize-winning journalist Charlie LeDuff searches the ruins of Detroit for clues to his family’s troubled past. Having led us on the way up, Detroit now seems to be leading us on the way down. Once the richest city in America, Detroit is now the nation’s poorest. Once the vanguard of America’s machine age—mass-production, blue-collar jobs, and automobiles—Detroit is now America’s capital for unemployment, illiteracy, dropouts, and foreclosures. With the steel-eyed reportage that has become his trademark, and the righteous indignation only a native son possesses, LeDuff sets out to uncover what destroyed his city. He beats on the doors of union bosses and homeless squatters, powerful businessmen and struggling homeowners and the ordinary people holding the city together by sheer determination. Detroit: An American Autopsy is an unbelievable story of a hard town in a rough time filled with some of the strangest and strongest people our country has to offer.

Modern Warriors Pete Hegseth, 2020-11-24 A New York Times bestseller. From FOX & Friends Weekend cohost Pete Hegseth comes a collection of inspiring stories from fifteen of America’s greatest heroes—highly decorated Navy SEALs, Army Rangers, marines, Purple Heart recipients, combat pilots, a Medal of Honor recipient, and more—based on FOX Nation’s hit show of the same name. After three Army deployments—earning two Bronze Stars and a Combat Infantryman’s Badge—Pete Hegseth knows what it takes to be a modern warrior. In Modern Warriors he presents candid, unfiltered

conversations with fellow modern warriors and digs for real answers to key questions like: What inspired them to serve? What is their legacy? What does sacrifice really mean to them? How do they handle loss? And what can civilians learn from this latest generation of veterans? From the skies over Afghanistan to the seas of the Mediterranean to the treacherous streets of Iraq, these brave men and women take you inside the firefight, sharing the harrowing realities of war. Hegseth uses their experiences to facilitate conversations about the raw truths of combat, including the difficulties of transitioning back home, while also celebrating these soldiers' contributions to preserving our nation's most precious gift—freedom. In addition to the oral history, Modern Warriors presents dozens of personal, rarely shared photos from the battlefield and the home front. Together these stories and images provide an unvarnished representation of battlefield leadership, military morale, and the strain of war. This book is the perfect keepsake and gift for anyone who wants to know what it means, and what it truly takes, to be a patriot.

Tommy the Throwaway Dog Laura Marlowe, 2010-09
Tommy was not loved by his owner who forgot to feed him, didn't play with him, left him alone a lot and then threw him away in the trash. When a city worker found him, he took him to an animal shelter where they made Tommy strong and happy. Soon he was adopted by a loving family.

A Place to Say (Trees) Jackie Roberts, 2021-11-14
This is a lined notebook accented with photographs of trees from various locations.

Terror in Ypsilanti Gregory A. Fournier, 2016

Between the summers of 1967 through 1969, a predatory killer stalked the campuses of Eastern Michigan University and the University of Michigan seeking prey until he made the mistake of killing his last victim in the basement of his uncle's home. All-American boy John Norman Collins was arrested, tried, and convicted of the strangulation murder of Karen Sue Beineman. The other murders never went to trial, with one exception, and soon became cold cases. With the benefit of fifty years of hindsight, hundreds of vintage newspaper articles, thousand of police reports, and countless interviews, Fournier tells the stories of the other victims, recreates the infamous trial that took Collins off the streets, and details Collins's time spent in prison.

Fox News and American Politics

Dan Cassino, 2016-04-14 In recent years, scholars have argued that the ability of people to choose which channel they want to watch means that television news is just preaching to the choir, and doesn't change any minds. However, this book shows that the media still has an enormous direct impact on American society and politics. While past research has emphasized the indirect effects of media content on attitudes – through priming or framing, for instance – Dan Cassino argues that past data on both the public opinion and the media side wasn't detailed enough to uncover it. Using a combination of original national surveys, large scale content analysis of news coverage along with data sets as disparate as FBI gun background checks and campaign contribution records, Cassino discusses why it's important to treat different media sources separately, estimating levels of ideological bias for television media sources as well as the differences in the topics that the various media sources cover. Taking this into

account proves that exposure to some media sources can serve to actually make Americans less knowledgeable about current affairs, and more likely to buy into conspiracy theories. Even in an era of declining viewership, the media – especially Fox News – are shaping our society and our politics. This book documents how this is happening, and shows the consequences for Americans. The quality of journalism is more than an academic question: when coverage focuses on questionable topics, or political bias, there are consequences.

Hoax Brian Stelter, 2020-08-25 INSTANT NEW YORK TIMES BESTSELLER An NPR Best Book of the Year “A thorough and damning exploration of the incestuous relationship between Trump and his favorite channel.” –The New York Times “A Rosetta Stone for stuff about this presidency that doesn’t otherwise make sense to normal humans.” –Rachel Maddow, MSNBC “Stelter’s critique goes beyond salacious tidbits about extramarital affairs (though there are plenty of those) to expose a collusion that threatens the pillars of our democracy.” –The Washington Post The urgent and untold story of the collusion between Fox News and Donald Trump from the New York Times bestselling author of *Top of the Morning*. While other leaders were marshaling resources to combat the greatest pandemic in modern history, President Donald Trump was watching TV. Trump watches over six hours of Fox News a day, a habit his staff refers to as “executive time.” In January 2020, when Fox News began to downplay COVID-19, the President was quick to agree. In March, as the deadly virus

spiraled out of control, Sean Hannity mocked “coronavirus hysteria” as a “new hoax” from the left. Millions of Americans took Hannity and Trump's words as truth—until some of them started to get sick. In *Hoax*, CNN anchor and chief media correspondent Brian Stelter tells the twisted story of the relationship between Donald Trump and Fox News. From the moment Trump glided down the golden escalator to announce his candidacy in the 2016 presidential election to his acquittal on two articles of impeachment in early 2020, Fox hosts spread his lies and smeared his enemies. Over the course of two years, Stelter spoke with over 250 current and former Fox insiders in an effort to understand the inner workings of Rupert Murdoch's multibillion-dollar media empire. Some of the confessions are alarming. “We don't really believe all this stuff,” a producer says. “We just tell other people to believe it.” At the center of the story lies Sean Hannity, a college dropout who, following the death of Fox News mastermind Roger Ailes, reigns supreme at the network that pays him \$30 million a year. Stelter describes the raging tensions inside Fox between the Trump loyalists and the few remaining journalists. He reveals why former chief news anchor Shep Smith resigned in disgust in 2019; why a former anchor said “if I stay here I'll get cancer;” and how Trump has exploited the leadership vacuum at the top to effectively seize control of the network. Including never before reported details, *Hoax* exposes the media personalities who, though morally bankrupt, profit outrageously by promoting the President's propaganda and radicalizing the

American right. It is a book for anyone who reads the news and wonders: How did this happen?

Unknown Valor Martha MacCallum, Ronald J. Drez, 2020-02-25 NEW YORK TIMES BESTSELLER. In honor of the 75th Anniversary of one of the most critical battles of World War II, the popular primetime Fox News anchor of The Story with Martha MacCallum pays tribute to the heroic men who sacrificed everything at Iwo Jima to defeat the Armed Forces of Emperor Hirohito—among them, a member of her own family, Harry Gray. Admiral Chester Nimitz spoke of the “uncommon valor” of the men who fought on Iwo Jima, one of the bloodiest and most brutal battles of World War II. In thirty-six grueling days, nearly 7,000 Marines were killed and 22,000 were wounded. Martha MacCallum takes us from Pearl Harbor to Iwo Jima through the lives of these men of valor, among them Harry Gray, a member of her own family. In *Unknown Valor*, she weaves their stories—from Boston, Massachusetts, to Gulfport, Mississippi, as told through letters and recollections—into the larger history of what American military leaders rightly saw as an eventual showdown in the Pacific with Japan. In a relentless push through the jungles of Guadalcanal, over the coral reefs of Tarawa, past the bloody ridge of Peleliu, against the banzai charges of Guam, and to the cliffs of Saipan, these men were on a path that ultimately led to the black sands of Iwo Jima, the doorstep of the Japanese Empire. Meticulously researched, heart-wrenching, and illuminating, *Unknown Valor* reveals the sacrifices of ordinary Marines who saved the world from tyranny and left indelible

marks on those back home who loved them.

Foxocracy Tobin Smith, 2019-10-29 From a 14-year Fox News contributor, guest anchor, and two-time New York Times bestselling author comes an unprecedented insider's account of the Fox News playbook—the production secrets and manipulation strategies Fox News uses to influence viewers, divide families, weaponize the daily discourse of news and public opinion, and addict a core audience on right-wing rage and fear. Fox News did not start America's culture war—but they did have the manipulative and destructive genius to exploit it for billions of dollars. For the first time, a Fox News veteran exposes and diagrams the toxic strategies and tactics within the Fox News playbook that liberal and progressive candidates will be fighting against in 2020 and beyond. It is the very same playbook that Fox News used to move twelve percent of Independents to vote for Donald Trump in 2016 to produce Republican wins in the previous Democrat strongholds of Ohio, Wisconsin, and Pennsylvania. Author Tobin Smith takes readers behind the scenes of the actual production of the fair and balanced opinion panel segments that feed a ravenous audience. How are these productions rigged so that right-wing pundits always win? What techniques does Fox News use in manipulating its viewers' tribal instincts: to addict them; to activate a hatred toward partisan enemies; and to hook them on ego-gratifying feelings of intellectual and cultural superiority? Foxocracy is filled with never-revealed conversations with Fox News executives—including the late Roger Ailes—and opinion programming producers. It

breaks down the real and often heartbreaking collateral damage among friends and family caused by the waging of an endless culture war. And it brings incendiary proof from an insider and on-air talent of Fox News's predatory audience manipulation psychology and production tactics. And perhaps even more frightening, this book reveals how that playbook is now being insidiously upgraded for maximum effect—white tribal-identity activation—on all forms of social media and means of content delivery.

From a Whisper to a Rallying Cry: The Killing of Vincent Chin and the Trial that Galvanized the Asian American Movement Paula Yoo, 2021-04-20

Winner of the 2021 Boston Globe Horn Book Award for Nonfiction Longlisted for the 2021 National Book Award for Young People's Literature Finalist for the 2022 YALSA Award for Excellence in Young Adult Nonfiction An NPR Best Book of 2021 A Washington Post Best Children's Book of 2021 A Time Young Adult Best Book of 2021 A Kirkus Reviews Best Children's Book of 2021 A Publishers Weekly Best Young Adult Book of 2021 A School Library Journal Best Book of 2021 A Horn Book Best Book of 2021 A compelling account of the killing of Vincent Chin, the verdicts that took the Asian American community to the streets in protest, and the groundbreaking civil rights trial that followed. America in 1982: Japanese car companies are on the rise and believed to be putting U.S. autoworkers out of their jobs. Anti-Asian American sentiment simmers, especially in Detroit. A bar fight turns fatal, leaving a Chinese American man, Vincent Chin, beaten to death at the hands of two

white men, autoworker Ronald Ebens and his stepson, Michael Nitz. Paula Yoo has crafted a searing examination of the killing and the trial and verdicts that followed. When Ebens and Nitz pled guilty to manslaughter and received only a \$3,000 fine and three years' probation, the lenient sentence sparked outrage. The protests that followed led to a federal civil rights trial—the first involving a crime against an Asian American—and galvanized what came to be known as the Asian American movement. Extensively researched from court transcripts, contemporary news accounts, and in-person interviews with key participants, *From a Whisper to a Rallying Cry* is a suspenseful, nuanced, and authoritative portrait of a pivotal moment in civil rights history, and a man who became a symbol against hatred and racism.

The Down Syndrome Diary Jamie Freeman, 2021-03-17
If ever a book had a soul, it would be the one you're reading about right now. In 2013, when her son was just six months old, a new mama walked into a bookstore and bought a beautiful, leather-bound journal. Inside she proceeded to pour her soul out and tell her story. What story? The story of what it's truly like to have a child with Down syndrome...the story she wished she could have read the day she found out she would be part of that club. She then packed up the journal and sent it off to her friend many miles away in northern Ontario, Canada. Social media outlets had brought them together, and the sharing of this tangible journal began to bring them even closer. The spirit of the book began to grow as the diary embarked on a journey through twenty-six homes in

four different countries finally making its way back into the hands of that original mama. As the stories were told and the torch was passed, The Down Syndrome Diary was born. A journal filled with words, pictures, tears, and even a few wine stains became the greatest gift someone could receive upon hearing that their child has Down syndrome. Opening these pages will give you a glance into the amazing work of art that journal became. Enjoy!

The Lifespan of a Fact John D'Agata, Jim Fingal, 2019-08-22 NOW A BROADWAY PLAY STARRING DANIEL RADCLIFFE 'Provocative, maddening and compulsively readable' Maggie Nelson In 2003, American essayist John D'Agata wrote a piece for Harper's about Las Vegas's alarmingly high suicide rate, after a sixteen-year-old boy had thrown himself from the top of the Stratosphere Tower. The article he delivered, 'What Happens There', was rejected by the magazine for inaccuracies. But it was soon picked up by another, who assigned it a fact checker: their fresh-faced intern, and recent Harvard graduate, Jim Fingal. What resulted from that assignment, and beyond the essay's eventual publication in the magazine, was seven years of arguments, negotiations, and revisions as D'Agata and Fingal struggled to navigate the boundaries of literary nonfiction. This book includes an early draft of D'Agata's essay, along with D'Agata and Fingal's extensive discussion around the text. The Lifespan of a Fact is a brilliant and eye-opening meditation on the relationship between 'truth' and 'accuracy', and a penetrating conversation about whether it is

appropriate for a writer to substitute one for the other. 'A fascinating and dramatic power struggle over the intriguing question of what nonfiction should, or can, be' Lydia Davis

*Sh*tshow!* Charlie LeDuff, 2019-05-21 A daring, firsthand, and utterly-unscripted account of crisis in America, from Ferguson to Flint to Cliven Bundy's ranch to Donald Trump's unstoppable campaign for President--at every turn, Pulitzer-prize winner and bestselling author of *Detroit: An American Autopsy*, Charlie LeDuff was there In the Fall of 2013, long before any sane person had seriously considered the possibility of a Trump presidency, Charlie LeDuff sat in the office of then-Fox News CEO Roger Ailes, and made a simple but prophetic claim: The whole country is bankrupt and on high boil. It's a shitshow out there. No one in the bubbles of Washington, DC., New York, or Los Angeles was talking about it--least of all the media. LeDuff wanted to go to the heart of the country to report what was really going on. Ailes balked. Could the hard-living and straight-shooting LeDuff be controlled? But, then, perhaps on a whim, he agreed. And so LeDuff set out to record a TV series called, *The Americans*, and, along the way, ended up bearing witness to the ever-quickenning unraveling of The American Dream. For three years, LeDuff travelled the width and breadth of the country with his team of production irregulars, ending up on the Mexican border crossing the Rio Grande on a yellow rubber kayak alongside undocumented immigrants; in the middle of Ferguson as the city burned; and watching the children of Flint get sick from undrinkable water.

Racial, political, social, and economic tensions were escalating by the day. The inexorable effects of technological change and globalization were being felt more and more acutely, at the same time as wages stagnated and the price of housing, education, and healthcare went through the roof. The American people felt defeated and abandoned by their politicians, and those politicians seemed incapable of rising to the occasion. The old way of life was slipping away, replaced only by social media, part-time work, and opioid addiction.

Sh*tshow! is that true, tragic, and distinctively American story, told from the parts of the country hurting the most. A soul-baring, irreverent, and iconoclastic writer, LeDuff speaks the language of everyday Americans, and is unafraid of getting his hands dirty. He scrambles the tired-old political, social, and racial categories, taking no sides--or prisoners. Old-school, gonzo-style reporting, this is both a necessary confrontation with the darkest parts of the American psyche and a desperately-needed reminder of the country's best instincts.
