George Ripley, Charles Anderson Dana

Foxy Ned Hanlon Tom Delise, Jay Seaborg, 2024-03-29 This is the first book-length biography of Ned Hanlon, a Hall of Famer but yet an underappreciated figure in baseball history. As a first generation Irish-American, Ned Hanlon left behind a childhood in the cotton mills to become a star player in the major leagues and the famous manager of the colorful 1890s Baltimore Orioles. He traveled the world on an all-star team and was a key member of the first attempt by baseball players to unionize, which led to the creation of the upstart Players' League. Hanlon was an innovative and shrewd tactician whose strategies and ideas helped baseball transition from its rough infancy into the modern game we know today. As one of the premier baseball minds of his time, Foxy Ned also exerted a profound influence on the sport through the managerial tree he established, which includes Hall of Fame managers such as John McGraw, Miller Huggins, and Connie Mack.

The Sunday Paper Paul Moore, Sandra Gabriele, 2022-08-30 Pullout sections, poster supplements, contests, puzzles, and the funny pages--the Sunday newspaper once delivered a parade of information, entertainment, and spectacle for just a few pennies each weekend. Paul Moore and Sandra Gabriele return to an era of experimentation in early twentieth-century news publishing to

chart how the Sunday paper became an essential part of American leisure. Transcending the constraints of newsprint while facing competition from other media, Sunday editions borrowed forms from and eventually partnered with magazines, film, and radio, inviting people to not only read but watch and listen. This drive for mass circulation transformed metropolitan news reading into a national pastime, a change that encouraged newspapers to bundle Sunday supplements into a panorama of popular culture that offered something for everyone.
