Dare to Serve Cheryl Bachelder,2015-03-16 Become a Dare-to-Serve Leader! How do you transform an ailing company into an industry darling? Adopt servant leadership. When Cheryl Bachelder was named CEO of Popeyes in 2007, the stock price had slipped from \$34 in 2002 to \$13. The brand was stagnant, the team discouraged, and the franchisees were just plain angry. Nine years later, restaurant sales were up 45%, restaurant profits had doubled, and the stock price was over \$61. Some see servant leadership as incongruent with results, but this book confirms that challenging people to reach a daring destination, while treating them with dignity, creates the

conditions for superior performance. In this updated edition, Bachelder includes her post-Popeyes observations and new examples of how you can switch your leadership from self to serve.

Take the Fear Out of Franchising

Hayes, 2016-12-15 Michael E. Gerber, author of the #1 most successful business book ever, The E-Myth, calls Take the Fear Out of Franchising a great

book that is a must for any prospective franchisee or franchisor. Written by one of the world's foremost authorities on franchising, Dr. John P. Hayes, *Take the Fear Out of Franchising* gets right to the nub of what's really important about buying, owning and operating a franchise. Many people who consider buying a franchise never do because they get stuck in the process. That's fear! Sadly, people often get stuck over points of little or no consequence, says Dr. Hayes, and that's because they fall into the trap of investigating franchising as an industry. He says that process forces people to concentrate on the wrong points of information and it is mostly a waste of time. It creates more fear and ultimately immobilizes people. Dr. Hayes introduces readers to five franchise tenets that explain why franchising works. He points out that while franchising is a fabulous methodology that has created countless millionaires, it's not foolproof, and it will not work for everyone. He then shows readers how to know if franchising will work for them, and he teaches readers how to investigate franchise opportunities by looking at the only data that really matters! Franchise executive Joe Caruso says *Take the Fear Out of Franchising* is a serious guide to selecting a franchise. Tony Foley, vice president of Global Sales for United Franchise Group, says the book is a step-by-step realistic guide on how to make one of the most important decisions of your life. And Joe Mancuso, founder of CEO Clubs International, says, Rather than fear franchising, just read the book. Dr. Hayes is the Titus Chair for Franchise

Leadership at Palm Beach Atlantic University in West Palm Beach, Florida. He directs the Titus Center for Franchise Studies and teaches the franchise curriculum in the Rinker School of Business.

The Leader in Me Stephen R. Covey, 2012-12-11
Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

Extreme Ownership Jocko Willink, Leif Babin, 2017-11-21 An updated edition of the blockbuster bestselling leadership book that took America and the world by storm, two U.S. Navy SEAL officers who led the most highly decorated special operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Sent to the most violent battlefield in Iraq, Jocko Willink and Leif Babin's SEAL task unit faced a seemingly impossible mission: help U.S. forces secure Ramadi, a city deemed "all but lost." In gripping firsthand accounts of heroism, tragic loss, and

hard-won victories in SEAL Team Three's Task Unit Bruiser, they learned that leadership—at every level—is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training that helped forge the next generation of SEAL leaders. After departing the SEAL Teams, they launched Echelon Front, a company that teaches these same leadership principles to businesses and organizations. From promising startups to Fortune 500 companies, Babin and Willink have helped scores of clients across a broad range of industries build their own high-performance teams and dominate their battlefields. Now, detailing the mind-set and principles that enable SEAL units to accomplish the most difficult missions in combat, *Extreme Ownership* shows how to apply them to any team, family or organization. Each chapter focuses on a specific topic such as Cover and Move, Decentralized Command, and Leading Up the Chain, explaining what they are, why they are important, and how to implement them in any leadership environment. A compelling narrative with powerful instruction and direct application, *Extreme Ownership* revolutionizes business management and challenges leaders everywhere to fulfill their ultimate purpose: lead and win.
