Poolology - Mastering the Art of Aiming Brian Crist,2017-04-28 ***** This is the SOFTCOVER/GLUED BINDING edition, NOT the notebook spiral binding ***** Poolology is a breakthrough aiming system for pool players. I was once asked, How do you aim?, and I couldn't answer. I said I didn't know, and I'm sure the player that asked me that thought I was holding out on him, keeping some great secret to myself. But it was true - other than to call it instinct, I had no

idea how to aim. I'd never been taught how to aim. I just shoot balls into the pocket. This question, How do you aim?, is what prompted me to write Poolology. After experimenting with various aiming systems, I learned that most aiming systems don't work for most people. That explains why so many pool players struggle to be consistent shot makers. I wanted to fix that. I wanted to find a system that could teach players how to aim any shot on the table, how to develop a feel for pocketing balls. No such system existed, until now. It's called Poolology!
