**What I Like About You** Marisa Kanter, 2020-04-07 "Heartwarming, endearing, and sure to leave you swooning... This story is as sweet as the cupcakes you'll be craving by the end!" -Rachael Lippincott, #1 New York Times bestselling author Can a love triangle have only two people in it? Online, it can...but in the real world, it's more complicated. In this debut novel that's perfect for fans of Jenny Han and Morgan Matson, Marisa Kanter hilariously and poignantly explores what happens when internet friends turn into IRL crushes. Is it still a love triangle if there are only two people in it? There are a million things that Halle Levitt likes about her online best friend, Nash. He's an incredibly talented graphic novelist. He loves books almost as much as she does. And she never has to deal with the awkwardness of seeing him in real life. They can talk about anything... Except who she really is. Because online, Halle isn't Halle—she's Kels, the enigmatically cool creator of One True Pastry, a YA book blog that pairs epic custom cupcakes with covers and reviews. Kels has everything Halle doesn't: friends, a growing platform, tons of confidence, and Nash. That is, until Halle arrives to spend senior year in Gramps's small town and finds herself face-to-face with real, human, not-behind-a-screen Nash. Nash, who is somehow everywhere she goes—in her

classes, at the bakery, even at synagogue. Nash who has no idea she's actually Kels. If Halle tells him who she is, it will ruin the non-awkward magic of their digital friendship. Not telling him though, means it can never be anything more. Because while she starts to fall for Nash as Halle...he's in love with Kels.

**Hey Ladies!** Michelle Markowitz, Caroline Moss, 2018-05-01 Based on the column of the same name that appeared in *The Toast*, *Hey Ladies!* is a laugh-out-loud read that follows a fictitious group of eight 20-and-30-something female friends for one year of holidays, summer house rentals, dates, brunches, breakups, and, of course, the planning of a disastrous wedding. This instantly relatable story is told entirely through emails, texts, DMs, and every other form of communication known to man. The women in the book are stand-ins for annoying friends that we all have. There's Nicole, who's always broke and tries to pay for things in Forever21 gift cards. There's Katie, the self-important budding journalist, who thinks a retweet and a byline are the same thing. And there's Jen, the DIY suburban bride-to-be. With a perfectly pitched sardonic tone, *Hey Ladies!* will have you cringing and laughing as you recognize your own friends, and even yourself.

*JESUS CHRIST The First Network Marketer* Curry Russell, 2021-06-29 After

joining a network marketing company Curry went to his first Network Marketing event in Akron Ohio in the fall of 2014. Throughout the day he heard from multiple speakers and trainers who shared information about how to help other people with the services that company offered. The information was so closely aligned with the structure taught by Jesus to the twelve disciples that he walked up to the main speaker and asked, Jesus was the first network marketer wasn't He? The speaker looked right at him and said You figured it out. That one moment changed his life forever. This vision to help Network Marketers understand Christianity and Christians understand Network Marketing has taken over 6 years to get out of his head. We are finally excited to announce this book is available.

What Teachers Should Know Volume One Dr. Muhammad Hussein Noure Elahi, 2016-04-30 This textbook should be viewed as a guidebook rather than a comprehensive reference on all things about classroom administration. Although all of the guidelines are research-supported, the goal of this textbook is to provide teachers with a practical, accessible, and engaging reference rather than an exhaustive compendium of classroom administration models and detailed rationales for why certain approaches are highlighted and others are not. Frankly, the models, tips, and guidelines presented in this textbook were selected because of their proven effectiveness in my own classroom or in the classrooms of those with whom I've worked or been. Classroom administration is a demanding and critical component of education, so my focus is to get you to the core of what works. This textbook has been offered to you at best because the information contained is result of the accomplishments (and failures) of so many teachers, and no one person can lay claim to all of the knowledge and expertise you'll find in this textbook. Think of this textbook as the teacher next door who is always willing to give you advice and some good ideas for managing your class. Godspeed on your journey and focus always on the impact you are making on the young people who have been left in your charge.
