Love Where You Work Anna Pulley, 2022-02-08 Warning: No mimes were injured in the making of this queer, workplace rom-com For Clare Kolikov, her work is her life. A successful HR manager with a heart of gold, the reserved Clare has no time for relationships or anything else that might distract her from climbing the career ladder at a San Francisco Bay Area matchmaking startup, W;nkdIn. When she's force-volunteered as an LGBTQ beta date tester at W;nkdIn, the buttoned-up Clare teeters on the edge of despair, especially when the "experiences" involve pole dancing meet-n-greets, plant healing workshops, and miming. But Clare has her real work cut out for her when she meets Julia Dawes, the hot coworker who's organizing her dates. Julia is a free-spirited, multiracial fashionista with "roller-blade confidence" and a Kristen Stewart haiku fan blog, whose attraction to Clare is as immediate and crippling as the debt she's drowning in, thanks to the failed essential oils business her ex left her saddled with. Workplace rules aim to keep Clare and Julia apart--especially after Clare becomes Julia's boss--but their attraction only grows like an out-of-control Excel spreadsheet. When an office rival threatens to expose their budding, secret relationship, Clare is left with an impossible choice: Give up her dream job or lose out on the girl of her dreams. Mixing business with pleasure has never been more bold, steamy, or hilarious... Fans of Casey McQuiston and Karelia Stetz-Waters will love this hilarious, heart-warming, lesbian romance

Grindr Survivr Andrew Londyn, 2017-04-21 What would Grindr be like if it offered opportunities to actually connect with people rather than just react according to our base instincts? This book about Grindr aims to do just that. For far too long, gay men moan and complain about gay dating apps, and yet they feel powerless to do anything about it. Grindr and app culture have radically transformed how members of the gay community interact with each other, and while finding dates has become easier, it seems as if finding anything of substance has become near impossible. We're just surviving apps like Grindr, rather than using them to live fully in the moment. Well, it's time to stop complaining and do something about it. Grindr Survivr is a book designed to give readers a guide on how to find happiness in the new age of dating apps. It gives readers a thorough understanding of how Grindr is changing the gay scene, and by extension, how such apps have changed each of us as individuals. Often, we aren't even aware of how deeply we've been changed by these apps, but we can't expect a different result until we look at ourselves, our behavior patterns and our community and resolve to transform all of them. Grindr Survivr is divided into three parts. The first part discusses exactly why and how

Grindr has changed the gay community, and how such apps make us both super picky and very cynical. The second part, which is probably the most important, discusses the Gay Commandments that every gay man should live by if Grindr users want to find relationships of substance (or even merely stop suffering and worrying about what happens online). The Gay Commandments aren't preachy at all, but rather they are a call to interject a moral baseline into online behavior - but all the while the book gives honest and humorous anecdotes from his own personal dating experience. The author's not afraid to reveal his own failings in order to help readers learn from his mistakes. The Gay Commandments also include numerous action points that are designed to give readers new insights and new results (rather than just stating an overwhelming problem and not giving you anything to do about it). Readers will laugh and see themselves in the author's unique and wry perspectives on gay dating. The final part of the book contains basic tips, guidelines and recommendations for online behavior and first dates. It contains help in spotting fake profiles and contains a veritable list of do's and don't's for early dating. It's what you might expect in a regular dating book, but in Grindr Survivr, it's merely the third part of three. Whether people want to admit it or not, dating apps are here to stay. They are changing everyone who uses them, so it's time for a group of committed individuals band together and decide to push for new conversations and ways of behaving that will dramatically alter how the gay men interact with each other. There aren't enough thought leaders out there pushing to transform how people treat each other on apps, and so this book is designed to help users start a dialog to change this, while empowering them to take new actions that make them more content and satisfied with their online dating experiences. They can stop surviving apps and start using them to thrive.

The Politics of Dating Apps Lik Sam Chan, 2021-03-09 An examination of dating app culture in China, across user demographics--straight women, straight men, queer women, and queer men. In this exploration of dating app culture in China, Lik Sam Chan argues that these popular mobile apps are not merely a platform for personal relationships but also an emerging arena for gender and queer politics. Chan examines the opportunities dating apps present for women's empowerment and men's performances of masculinity, and he links experiences of queer dating app users with their vulnerable position as sexual minorities. He finds that dating apps are both portals to an exciting virtual world of relational possibilities and sites of power dynamics that reflect the heteronormativity and patriarchy of Chinese society.

A Year Straight Elena Azzoni, 2011-10-25 After having spent nearly her entire adult life dating women (and liking it), Elena Azzoni felt pretty secure in her sexual orientation: she'd even just been crowned Miss Lez 2007. Then, one day in yoga class, a male teacher moved in close to adjust her pose . . . and she suddenly found herself intensely--bafflingly--attracted to him. Eventually she initiated a flirtation with him; after that, there was no going back. A Year Straight is a chronicle of the hilariously disastrous year following Azzoni's abrupt dive into the world of dating men: old enough to drink and keep her own hours, but as clueless as an adolescent when it comes to deciphering men's words and actions, Azzoni is uniquely positioned to find herself in some ridiculously absurd scenarios. Often cringe-worthy and occasionally unbelievable, A Year Straight is a wildly entertaining look at one woman's experiences dating a new sex--the opposite sex.

Miss Match Fiona Riley, 2016-05-17 When Samantha Monteiro launched Perfect Match, Inc. a few years ago, she never imagined her matchmaking business would be booming while her own love life floundered. When her business partner drags her out of hiding to attend the wedding of one of their successful client matches, she meets a dancer with a dark past and a penchant for secrecy who excites her in a way she hadn't thought possible. Samantha wonders if Lucinda Moss is the key to solving not one but two matches that have eluded Samantha since everything around her fell apart or if she is destined to find love for everyone but herself. In a world where nothing is constant, Lucinda has learned to keep herself emotionally at arm's length and given up on the chance to find true happiness. Can the notorious Miss Match help her forget her troubled past?

Astral Liaisons Cassandra Duffy, Lizzy Dark, 2012-04-20 *Astral Liaisons* is the second collection of eight short stories from lesbian author and sex-advice columnist Cassandra Duffy. Using a 1950's pulp comic book motif, the eight erotic romance short stories take part in the rich science fiction tradition of space adventure, time travel, alien invasions, alien abductions, and inter-dimensional exploration. Cassandra has upped the naughty, kinkier side of her stories, represented by her alter-ego Lizzy Dark, including new toys, group sex, and BDSM while keeping the steamy side of her softer sweeter stories represented in the sun sections of the Day Moon Press release. Each story includes an original art piece created by emerging graphic design artist Katiie Kissglosse. The cover was created in a combined effort between Katiie and the author. Cassandra Duffy aka Lizzy Dark encompasses the full experience of living and loving as a lesbian while adding playful humor and some Easter Eggs from classic science fiction, biology, and pop culture set against the backdrop of a sexually rich science fiction setting.

Unlikely Match Fiona Riley, 2017 When an ambitious PR exec and her super-rich coding geek-girl client fall in love, they learn that giving something up may be the only way to have everything.

Desperate Times Hildred Billings, 2019-12-21 Is it possible to be so much alike that you're completely incompatible? Tess and Sidney have both committed the greatest online dating faux pas possible: uploading old pictures. When the two tough butches meet at a small town bar, they think they're getting the femmes of their dreams. So begins the awkward - yet sordid - acquaintance of the only two lesbians in town. Local rancher Tess doesn't have time for women who aren't her type, and new-girl-in-town Sidney isn't interested in someone who only sees her as a piece of fresh meat. Yet they keep bumping into each other... is it fate, or just small town karma? A bad date turns into a one-night stand. A one-night stand turns into a casual relationship. A casual relationship becomes Sidney's greatest amusement, and Tess's biggest nightmare as she's slowly forced out of the closet in conservative River Rock. Desperate times are afoot in the sleepy, gossipy hamlet of rural America. It's going to take more than nerves of steel to survive the isolationism and people with nothing better to do than ruin their neighbors' lives. It's going to take a whole lotta introspection - and love. (And no-holds-barred carnality. Let's be real.)

Lesbian Love and Relationships Suzanna Rose, 2013-09-13 Explore the broad range of healthy lesbian attitudes and behaviors in love, friendship, self-image, and society! This pioneering book makes a revolutionary assumption: that lesbian and bisexual women are normal, if not average. Instead of focusing on which family or genetic quirks might produce lesbians, these studies turn attention to describing the healthy ways lesbians interact with each other, with heterosexual women, and with society. The result is a significant exploration of uncharted territory. *Lesbian Love and Relationships* examines the lives of lesbian and bisexual women from adolescence to old age, addressing issues of class and race as well as sexual orientation. It encompasses theory, empirical research, and memoir on such diverse topics as physical appearance, cross-generational friendships, butch-femme issues, and lesbian sexuality. It also looks at such difficult and painful issues as lesbian domestic violence and the impact of homophobia on lesbian couples. *Lesbian Love and Relationships* asks personal, political, and psychological questions, including: how do young lesbians find each other? what makes successful lesbian relationships last? how does social class affect African-American lesbian relationships? what was it like growing up lesbian in the South during World War II? does "lesbian bed death" exist? This compendium offers exciting original research in a neglected field. *Lesbian Love and Relationships* is an essential resource for anyone interested in women's lives and sexuality as well as scholars in the field.

Midlife Lesbian Relationships Marcy R Adelman, 2020-09-23 What awaits lesbians at middle age? *Midlife Lesbian Relationships* explores the rich world of lesbian relationships at midlife, from dating through the loss of parents, and describes the central relationship between who we are as adults and our connections with friends, lovers, parents, and children. *Midlife Lesbian Relationships* will help lesbians and the professionals who counsel them navigate and understand the midlife transition. Offering both theoretical and descriptive material, this timely work discusses the difficulties of

stigma and the strengths of female same-sex relationships, providing insight into the challenges lesbians find at middle age. *Midlife Lesbian Relationships* provides insight into the challenges and solutions of middle age for lesbians, discussing: friendships dating and courtship couple relationships and the key ingredients that strengthen and deepen them parenting young children and the influence of lesbian midlife maturation on confidence and satisfaction in mothering substance abuse and the road to recovery the evolution of the bonds between these women and their biological families what many lesbians in middle age go through when their parents pass away, including the easing of internalized homophobia *Midlife Lesbian Relationships* illustrates the commonalities and differences between lesbians and other women at midlife, and illuminates how the interplay between middle age and relationships can contribute to midlife development. Free Speech in the Digital Age Susan J. Brison, Katharine Gelber, 2019-02-27 This collection of thirteen new essays is the first to examine, from a range of disciplinary perspectives, how the new technologies and global reach of the Internet are changing the theory and practice of free speech. The rapid expansion of online communication, as well as the changing roles of government and private organizations in monitoring and regulating the digital world, give rise to new questions, including: How do philosophical defenses of the right to freedom of expression, developed in the age of the town square and the printing press, apply in the digital age? Should search engines be covered by free speech principles? How should international conflicts over online speech regulations be resolved? Is there a right to be forgotten that is at odds with the right to free speech? How has the Internet facilitated new speech-based harms such as cyber-stalking, twitter-trolling, and revenge porn, and how should these harms be addressed? The contributors to this groundbreaking volume include philosophers, legal theorists, political scientists, communications scholars, public policy makers, and activists.
