Rachael Mogan McIntosh

Beethoven's French Piano Tom Beghin, 2022-07-28 Using a replica of Beethoven's Erard piano, scholar and performer Tom Beghin launches a striking reinterpretation of a key period of Beethoven's work. In 1803 Beethoven acquired a French piano from the Erard Frères workshop in Paris. The composer was "so enchanted with it," one visitor reported, "that he regards all the pianos made here as rubbish by comparison." While Beethoven loved its sound, the touch of the French keyboard was much heavier than that of the Viennese pianos he had been used to. Hoping to overcome this drawback, he commissioned a local technician to undertake a series of revisions, with ultimately disappointing results. Beethoven set aside the Erard piano for good in 1810. Beethoven's French Piano returns the reader to this period of Beethoven's enthusiasm for all things French. What traces of the Erard's presence can be found in piano sonatas like his "Waldstein" and "Appassionata"? To answer this question, Tom Beghin worked with a team of historians and musicians to commission the making of an accurate replica of the Erard piano. As both a scholar and a recording artist, Beghin is uniquely positioned to guide us through this key period of Beethoven's work. Whether buried in archives, investigating the output of the French pianists who so fascinated Beethoven, or seated at the keyboard of his Erard, Beghin thinks and feels his way into the mind of the composer, bringing startling new insights into some of the best-known piano compositions of all time.

Learn French - Survival Phrases French Innovative Language

Learning, FrenchPod101.com, Learn French easily and quickly with Survival Phrases French! 50 lessons total. Are you traveling to France soon? Do you have French friends or a partner? Death of a Pregnant Woman Brian W. Strutt, 2016-03-31 Detective Chief Superintendent St John (pronounced Sinjun) Harcourt has been seconded from New Scotland Yard to the police force in St Albans, an old market town 20 miles north of London, to investigate the murder of a nursing assistant who has been caring for a young, autistic boy in the local hospital. With his team of Detective Sergeant Siobhan Burrows, also from New Scotland Yard, and Detective Constable Amy Rhodes, an up and coming young officer from St Albans, St John makes frustratingly little progress in his enquiries, except to discover that the murdered woman was pregnant. Then, several other murders occur, all of them pregnant women, but none of them leaving any evidence as to the killer. St John sudden, and unexpected, romantic and passionate involvement with Dr. Eve McAllister, a child psychiatrist at the hospital becomes his only solace in an investigation bereft of clues and motivation and therefore suspects. In a tale of twists and turns, interlaced with passionate interludes, St John and his two female officers pursue every slowly emerging lead until the identity of the murderer and his deranged

reasoning, is finally revealed.

French Pianism Charles Timbrell, 1999 (Amadeus). The undisputed preeminence of Paris as a center of the piano world dates from the early 19th century, and the rigorous professors of the Paris Conservatoire transmitted the characteristic French piano style faithfully to each new generation for some 150 years. First published to critical acclaim in 1992, this landmark study, now considerably expanded and revised, surveys the historical development, performance practices and pedagogical philosophies of this vital school. HARDCOVER.

Music and the French Enlightenment Cynthia Verba, 2017 Prompted by controversial views of the composer-theorist Jean-Philippe Rameau, the leading figures of the French Enlightenment engaged in a vigorous philosophical debate about the nature of music. Their dialogue was one of extraordinary depth and richness, and dealt with some of the most fundamental issues of the French Enlightenment. In the newly revised edition of 'Music and the French Enlightenment', Cynthia Verba updates this fascinating story with the prolific scholarship that has emerged since the book was first published. -- rear cover.

French Baroque Opera: A Reader Caroline Wood, Graham Sadler, 2017-07-14 From the outset, French opera generated an enormous diversity of literature, familiarity with which greatly enhances our understanding of this unique art form. Yet relatively little of that literature is available in English,

despite an upsurge of interest in the Lully-Rameau period during the past two decades. This book presents a wide-ranging and informative picture of the organization and evolution of French Baroque opera, its aims and aspirations, its strengths and weaknesses. Drawing on official documents, theoretical writings, letters, diaries, dictionary entries, contemporary reviews and commentaries, it provides an often entertaining insight into Lully's once-proud Royal Academy of Music and the colourful characters who surrounded it. The translated passages are set in context, and readers are directed to further scholarly and critical writings in English. Readers will find this new, updated edition easier to use with its revised and expanded translations, supplementary explanatory content and new illustrations.

Rick Steves Provence & the French Riviera Rick Steves, Steve

Smith, 2017-11-07 You can count on Rick Steves to tell you what you really need to know when traveling in Provence and the French Riviera. In this guide, you'll find a dazzling mix of enjoyable cities, warm stone villages, Roman ruins, and breathtaking coastline. Experience Roman history with self-guided tours of the Pont du Gard aqueduct, Roman theater in Orange, and Arena in Arles. Explore sun-soaked Riviera beaches and resort towns, from cosmopolitan Nice to colorful Villefranche-sur-Mer. Get inspired by artistic masterpieces by Renoir, Matisse, Picasso, and Chagall. After a day of sightseeing, relax at a café with a view, dive into a bowl of bouillabaisse, and watch fishermen return to the harbor. Rick's candid, humorous advice will

guide you to good-value hotels and restaurants. You'll learn which sights are worth your time and money, and how to get around by train, bus, car, or boat. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket.

The Categorization of Spatial Entities in Language and Cognition Michel Aurnague, Maya Hickmann, Laure Vieu, 2007-04-18 Despite a growing interest for space in language, most research has focused on spatial markers specifying the static or dynamic relationships among entities (verbs, prepositions, postpositions, case markings...). Little attention has been paid to the very properties of spatial entities, their status in linguistic descriptions, and their implications for spatial cognition and its development in children. This topic is at the center of this book, that opens a new field by sketching some major theoretical and methodological directions for future research on spatial entities. Brought together linguistic descriptions of spatial systems, formal accounts of linguistic data, and experimental findings from psycholinguistic studies, all couched within a wide cross-linguistic perspective. Such an interdisciplinary approach provides a rich overview of the many questions that remain unanswered in relation to spatial entities, while also throwing a new light on previous research focusing on related topics concerning space and/or the relation between language and cognition.

Keyboard Warriors Graham Edward Geddes,2016-08-17 The far-right English
Defence League (EDL) is a strange product of global and local dynamics, most
prominently the 'War on Terror'. While the EDL has become well known for its
high-profile Islamophobic demonstrations within local communities, the bulk
of its day-to-day activity occurs online within its social networking sites,
between supporters – referred to as 'keyboard warriors'. 'Keyboard warriors'
activities are confined to the virtual realm and they are unlikely to attend
EDL events in physical space, such as demonstrations. This book explores the
kind of Islamophobic identity that is produced by EDL supporters within the
networking sites, and focuses on how this identity is constructed around
insecurities that are central to the lives of this population. EDL supporters
can be identified as members of the working class that have experienced
significant ontological insecurity since the 1980s, as a consequence of
globalisation and related deindustrialisation. Working class identity has
been weakened in contrast to the post-war era when stronger roles could be

located for such groups. Adrift in a post-industrial landscape, located in an ethno-religious war attached to feelings of class and national pride and now mediated by new social networking systems, the insecurities of these sections of the white working class have become attached to a construct of Islamic identity that is defined as essentially immoral and dangerous. This attribution of 'otherness', however, is not restricted merely to Muslims, but is applied to any perceived anti-EDL agent, including the government and the police, which are aggregated into a hegemonic foe that persecutes the English nation and facilitates Islamic expansionism. The central theme of the book is that new media systems have become critical to an understanding of extreme political identities and the expansion of worldviews in which inter-group conflict is amplified, while also offering a sense of meaning and self-esteem for those involved.

French Horn: Twenty Easy Music Solos For French Horn Book 2 Michael Shaw, 2015-04-30 20 Sheet Music Pieces For French Horn There are 20 sheet music arrangements for solo French Horn in this book. Easy Keyboard Music - Ancient to Modern Willard A. Palmer,2005-05-03

Compiled and edited by Willard Palmer, this concise collection presents easy works in their original form written by great composers spanning the Baroque to 20th-century periods. These pieces are included not only because of their unquestioned historical interest and educational value, but also because they are a delight to play.

Cavaillé-Coll and the French Romantic Tradition Fenner Douglass,1999 Fenner Douglass draws on previously unavailable primary archives to highlight the projects that were pivotal to Cavaillé-Coll's success, among them the magnificent instruments he designed and installed in St.-Denis, La Madeleine, St.-Vincent-de-Paul, and other churches in and around Paris. Of special interest is the documentation Douglass presents pertaining to the instrument for Franck at Ste.-Clotilde in Paris.--BOOK JACKET.

French (inc. Audio CD) Julie Adams,2010-10 Containing activities, as well as a host of useful features, this book intends to aid understanding and an appreciation of the French language and culture. It is accompanied by an

audio CD that provides listening activities and helps students with their pronunciation. It includes progress checks, practice questions and a mock Key Stage 3 exam. This is a revised, updated and reformatted edition of our long-standing French Study Guide to be brought in line with other revised editions in the Study Guide series. The book is pumped full of activities, as well as a host of useful features, intended to aid understanding and a fuller appreciation of the French language and culture. An accompanying audio CD provides listening activities and helps students with their pronunciation. Knowledge is tested throughout, with progress checks at the end of every chapter, practice questions at the end of each section and a mock Key Stage 3 exam at the end of the book.

Pardon My French Rachael Mogan McIntosh, 2023-02-28 'Uproarious and deliciously wise... A pure delight.' Tori Haschka, *A Recipe for Family* At the school gate, when she accidentally kissed one new friend on the nose and called another a 'beautiful man-horse', Rachael realised that small-town France could hardly be more different to beach-side Australia. The smell of cigarettes replaced the tang of bone-broth and sprouted sourdough, the neighbours sometimes came to blows and under no circumstances would anyone wear activewear in public. Ever. Muddling through every interaction in terrible French pushed Rachael's family to their limits. Some days, everybody cried and ate their feelings with almond croissants. But the town of Sommières embraced these ragtag Australians, and the family fell in love with

their temporary hometown and its outrageous gossip, cobblestoned beauty and kind, eccentric inhabitants. *Pardon My French* is a candid, hilarious love letter to family life and France with three valuable lessons for overcoming adversity: make home a beautiful nest, lean into the tough lessons and look for the comedy in everything.

French Prairie: A Novel Jacqueline Lindenfeld, 2018-05-10 This is a contemporary novel with historical flashbacks based on library and ethnographic research. The main character (Catherine) is a French student who grew up in Normandy and studied European history as an undergraduate. As a teenager, she had read that French-speaking Canadians were the first permanent settlers in northwestern Oregon in the early nineteenth century. She also discovered that one of those French Canadian pioneers had practically the same last name as hers. Suspecting a family relationship with him, she looks up her father's genealogical chart and finds a blank space where her potential ancestor's descendants should have been listed. Eager to elucidate the mystery, she sets a long-term goal for herself: going to the United States in order to improve her English and investigate the French Canadian saga. Catherine achieves her dream by getting a position as a mother's helper in Oregon, at the price of eventually breaking up with her French boyfriend. During her stay in the United States, she explores the former French Prairie area in northwestern Oregon. She also finds out through ancestry research that she is indeed distantly related to the French Canadian

pioneer whose name is similar to hers. She meets some of his descendants and, after some detours and adventures, falls in love with one of them. All along she experiences occasional culture shock but gradually adapts very well to the American way of life.

The Keyboard Music of J.S. Bach David Schulenberg, 2013-05-13 The Keyboard Music of J.S. Bach provides an introduction to and comprehensive discussion of all the music for harpsichord and other stringed keyboard instruments by Johann Sebastian Bach (1685-1750). Often played today on the modern piano, these works are central not only to the Western concert repertory but to musical pedagogy and study throughout the world. Intended as both a practical guide and an interpretive study, the book consists of three introductory chapters on general matters of historical context, style, and performance practice, followed by fifteen chapters on the individual works, treated in roughly chronological order. The works discussed include all of Bach's individual keyboard compositions as well as those comprising his famous collections, such as the Well-Tempered Clavier, the English and French Suites, and the Art of Fugue.
