Discomfort Food Marni Reva Kessler,2021-02-02 An intricate and provocative journey through nineteenth-century depictions of food and the often uncomfortable feelings they evoke At a time when chefs are celebrities and beautifully illustrated cookbooks, blogs, and Instagram posts make our mouths water, scholar Marni Reva Kessler trains her inquisitive eye on the depictions of food in nineteenth-century French art. Arguing that disjointed senses of anxiety, nostalgia, and melancholy underlie the superficial abundance in works by Manet, Degas, and others, Kessler shows how, in their images, food presented a spectrum of pleasure and unease associated with modern life. Utilizing close analysis and deep archival research, Kessler discovers the complex narratives behind such beloved works as Manet’s Fish (Still Life) and Antoine Vollon’s Internet-famous Mound of Butter. Kessler brings to these works an expansive historical review, creating interpretations rich in nuance and theoretical implications. She also transforms the traditional paradigm for study of images of edible subjects, showing that simple categorization as still life is not sufficient. Discomfort Food marks an important contribution to conversations about a fundamental theme that unites us as humans: food. Suggestive and accessible, it reveals the very personal, often uncomfortable feelings hiding within the relationship between ourselves and the representations of what we eat.

Everyday French Cooking Wini Moranville,2022-04-12 This is it! The everyday French cookbook you’ll truly cook from, night after night. Grounded in the wisdom of classical French cooking, yet updated for today, Everyday French Cooking emphasizes easy technique, simple food, and speedy preparation of French cuisine without sacrificing taste. Too often, French cooking evokes images of fine dining at ornate restaurants where a small army of chefs hover over sauces for hours, employing precision technique, special utensils, and obscure ingredients to craft elegant dishes. But this image of French cooking bears little resemblance to the way real French families eat. The French, like their American counterparts, want healthy and delicious food made quickly from easy-to-find ingredients using typical, everyday utensils. From modern takes on classic French dishes—like fish meunière and boeuf bourguignon—to recipes for the kind of cooking found in typical French homes today, Everyday French Cooking goes beyond a typical cookbook to include engaging anecdotes, local color, and keen insights about French home kitchens, as well as tips, tricks, and shortcuts to make French cooking accessible to any home cook. Dozens of beautiful finished-food photographs will further inspire you to cook fresh, vivid everyday French food any night of the week. Enjoy making, sharing, and savoring simple French recipes including: Melty Goat Cheese Salad with Honey and Pine Nuts Scallop Chowder with Fines Herbes Any-Day Chicken Sauté Steak with Cherry and Red Wine Sauce Pork Chops with Mustard-Caper Sauce Simple Beef Stew from Provence Roasted Salmon with Leeks, Wine, and Garlic Classic French Pizzas Strawberry-Caramel Crêpes with Mascarpone Cream Chocolate Pot de Crème Lemon Curd Crème Brûlée Time-pressed cooks will especially appreciate the entire chapter of main-dish recipes that can be made in 30 minutes or less. Indeed, this book proves, again and again, that the joys of the French table are open to everyone. You can live modestly and cook simply, yet dine splendidly, night after night.

France is a Feast Katherine Pratt,Alex Prud'homme,2017-10-10 From the coauthor of My Life in France, a revealing collection of photographs taken by Paul Child that document his and Julia Child’s years in France Through intimate and compelling photographs taken by her husband Paul Child, a gifted photographer, France is a Feast documents how Julia Child first discovered French cooking and the French way of life. Paul and Julia moved to Paris in 1948 where he was cultural attaché for the US Information Service, and in this role he met Henri Cartier-Bresson, Robert Capa, Brassai, and other leading lights of the photography world. As Julia recalled: “Paris was wonderfully walkable, and it was a natural subject for Paul.” Their wanderings through the French capital and countryside, frequently photographed by Paul, would help lead to the classic Mastering the Art of French Cooking, and Julia’s brilliant and celebrated career in books and on television. Though Paul was an accomplished photographer (his work is in the collection of the Museum of Modern Art), his photographs remained out of the public eye until the publication of Julia’s memoir, My Life in France, in which several of his images were included. Now, with more than 200 of Paul’s photographs and personal stories recounted by his great-nephew Alex Prud’homme, France is a Feast not only captures this magical period in Paul and Julia’s lives, but also brings to light Paul Child’s own remarkable photographic achievement.
