*750 French Verbs and Their Uses* Jan R. Zamir, Sonia Nelson Zamir, Jean-Philippe Mathy, Rosemary McCluskey, 1992-08-17 Essential grammar taught simply and directly. 750 French Verbs and Their Uses gives you the backbone of language study -- correct verb usage -- by showing verb conjugations in their contexts. To understand the value of such an approach, consider the English verb to hold, the meaning of which can change dramatically when used in expressions such as hold on, hold up, hold off, and hold down; in French, as students of the language have perennially learned to their frustration, the changes are far broader and apply to many more verbs. Now you won't have to guess how a verb is used in a sentence: 750 French Verbs and Their Uses gives you all the correct variations and grammatical interrelationships. Correct usages are illustrated in common phrases and idiomatic expressions. Unusual or troublesome expressions are emphasized throughout. And special attention is given to reflexive verbs (often difficult for English speakers) to make their usage clear. Perfect for students and travelers, ideal as a text, a grammar book and a reference, 750 French Verbs and Their Uses will help you not only to conjugate verbs, but also to use them correctly and comprehensibly. Series Editors: Jan R. Zamir, PhD, and Sonia Zamir, MA Also available in the series: 750 German Verbs and Their Uses and 750 Spanish Verbs and Their Uses.

**French Verb Drills** R. de Roussy de Sales,2004-01-09 The shortest route to mastering verb conjugations One of the greatest challenges in learning a language is mastering verb conjugations. The books in the unique Language Verb Drill series make it easier than ever for learners to meet that challenge. Drilling, whether it's for learning a musical instrument, a sport, or a language, is an essential part of a sound education because repeated, concentrated practice makes specialized skills become second nature. Unlike most verb books, which tend to concentrate on tables of conjugations, the books in the Language Verb Drills series allow students to focus exclusively on building mastery of verbs without being distracted by other elements of grammar. Combining the features of a workbook and reference manual, they clearly and systematically explain how a verb system works while providing numerous drills for practice. These revised editions of the popular study guides now include a final review section to reinforce the reader's ability to automatically select the correct verb form.
