Frequent Flyer Bob Reiss,1994 The author looks at the airline industry, including 72 hours in the life of Delta ship 714.

Frequent Flyer Humor and One-Upmanship George W. Stewart,2011-04 On a nice little De Havilland twin prop, Toronto to Baltimore: Okay, so we have fifteen of you today. Anyone not flown before? Good. No virgins. Then I'll do the short version. Exits over the wings, life jackets beneath the seats, oxygen masks drop out of the ceiling, put them on in the usual fashion. Seats up. Belts on. Read the cards. Enjoy your flight. Questions? You're traveling too much when you see the same flight attendant twice in the same day. Tower: Cleared to land; winds 270 at 21, gusting 29, heavy rain, severe turbulence below 300, RVR (runway visual range) 2,000 feet. Pilot: Roger. Cleared to land; and Oh, let us know if it gets any worse. Tower: Worse? Jet Lag: Wallet in refrigerator. Where's the milk? Delta Airlines is pleased to have some of the best flight attendants in the industry. Unfortunately, none of them are on this flight. We're ready to begin boarding Flight 1234 with service from Miami to Atlanta. Due to a weight problem with the aircraft, we are going to limit you to one piece of carry-on luggage. Any additional items will have to be checked. After a real crusher of a landing in Phoenix, the flight attendant came on with: Ladies and Gentlemen, please remain in your seats until Captain Crash has brought the aircraft to a screeching halt against the gate. Once the tire smoke has cleared and the warning bells are silenced, we'll open the door and you can pick your way through the wreckage to the terminal. Two airline mechanics were working on a 747 when lunchtime came. Rather than leave what they were doing, they just took their lunch break while sitting in the cockpit. As they were eating lunch, one mechanic bet the other that the landing gear wouldn't retract if he pulled the gear lever up. He lost. Near the conclusion of an extremely turbulent American Airlines flight, a cabin attendant finished his stowed-tray-table-and-upright-seat speech with a cheerful, We'd like to thank you for flying American Airlines. But if you were displeased with the flight, thank you for flying United.

Strategy in Airline Loyalty Evert R. de Boer,2017-10-09 This book offers the first comprehensive exploration of frequent flyer programs. By combining academic research with extensive insights and examples from the actual business world, it explores the key drivers and strategies of airline loyalty marketing today in an unprecedented manner. Strategy in Airline Loyalty also explores how the programs have evolved over time from marketing programs to financial powerhouses, identifying both the catalysts for change, as well as the strategic options and underlying trade-offs available to airlines. Covering diverse angles ranging from behavioral economics, to accounting, and structural design, the book reviews every core aspect of frequent flyer programs and offers extensive frameworks and definitions. The book provides a useful and complete reference for researchers, and helps those interested in frequent flyer programs to develop a better understanding of their past, present and future.

My Name Is Bacci Bogie:Frequent Flyer Extraordinaire Sandra Glosser,2019-09-20 My Name Is Bacci Bogie Frequent Flyer Extraordinaire...was written with love and tears about a 4-pound adorable Maltese. His human-like antics drew people to him wherever he went. People stood in line for his autograph as he performed charming tricks. Bacci traveled over 500,000 air miles as my 'jet pet' experiencing life in a very unique way. His hometown was Aspen, Colorado where he co-hosted my local television show for many years. I wrote his memoirs from his point of view and in his voice. Please visit our website at www.baccibogie.com and fall in love with Bacci's photos and videos. Most of all, the book is an entertaining testament to the multi-faceted richness that pets can bring to human families.

Mileage Maniac Steve Belkin,2021-06-21 Steve Belkin is the 'Catch Me If You Can' of the frequent flyer mileage world and master navigator of the airline rewards underground. You be the judge of whether Belkin's sometimes daring, sometimes dubious, but always madcap, multi-million mileage earning was the stuff worthy of admiration or derision. With his over-the-top mileage earning plots, Belkin's attempts to stay under the radar were impossible. He couldn't escape the crosshairs of the airline fraud and security departments, the federal district court of Massachusetts, the Drug Enforcement Agency in Thailand, or the fearsome 'chocolate police' from Swiss Air. Were his mileage projects entrepreneurial escapades, greedy exploits or dark schemes? Even Belkin wasn't always sure. Once Belkin discovered creative and convoluted ways to earn international Business Class award tickets for pennies (even tenths-of a penny!) on the dollar, it became increasingly hard for him to determine when enough was enough. Was his relentless pursuit of the Almighty Mile steeped in opportunity or obsessiveness? Belkin mastered the art of mileage laundering. He found otherwise arcane promotions and products like luggage tags, magazine subscriptions and hair transplant consultations which seemingly only yielded a couple of thousand miles. Yet, he bought thousands of these superfluous items to transform them into a multi-million mile earning extravaganzas. Airline mileage earning is an unwitting hobby for the millions of people who step on a plane or whip out their credit card. But, it's a hobby fraught with frustration and resentment. The vast majority of people are thwarted in their attempts to redeem their miles at all, and those who do redeem, often are forced to do so at the extortionate peak rates. Mileage Maniac isn't a how-to book to make the mileage game easier for the reader. Rather, it's a chance for the reader to revel in the fact that somebody finally, namely Steve Belkin, actually beat the airlines (and beat 'em good!) at their own game. Mileage godfather Randy Petersen (FlyerTalk) and current mileage maestro Brian Kelly (The Points Guy) both concur that Belkin was one of the precursors of travel hacking.
