McAdams writes about absurdly normal stuff--the trials of buck teeth, dating hell, going home for Christmas vacation, the general foibles of the human race--all hilariously captured in this first McAdams collection for a national audience.

Stepping Into the Picture Robert J. McKinnon,2008 The story of one of the pioneers of the Golden Age of Animation. In a career spanning seven decades, Maurice Noble (1911-2001) developed a unique creative philosophy that enabled him to play an integral role in many of the best-loved animated films ever made, including Snow White and the Seven Dwarfs, What's Opera, Doc?, Duck Dodgers in the 24 1/2th Century, and How the Grinch Stole Christmas. The author presents an inside view of the Disney Studio during its earliest days, the triumph of the groundbreaking animated feature Snow White and the Seven Dwarfs, and the notorious Disney strike. The book also examines Noble's stint in WWII and his fortuitous alliance with Theodore (Dr. Seuss) Geisel and Col. Frank Capra. The three helped create inspirational short films for U.S. Armed Forces. Noble's best known and most highly regarded work took place at the Warner Bros. Studio, in a long and fruitful collaboration with legendary director Chuck Jones.--From publisher description.

The studio also produced films in the adventure, comedy, fantasy, mystery and western genres. Fresh Lipstick Linda M. Scott,2006-02-21 Challenges feminist beliefs that the fashion and beauty industry objectifies women, contending that elite women are out of touch with most women in the U.S. while arguing that fashion is more an expression of creativity and identity than a means of attracting men.

American International Pictures Rob Craig,2019-02-15 American International Pictures was in many ways the missing link between big-budget Hollywood studios, poverty-row B-movie factories and low-rent exploitation movie distributors. AIP first targeted teen audiences with science fiction, horror and fantasy, but soon grew to encompass many genres and demographics--at times, it was indistinguishable from many of the major studios. From Abby to Zontar, this filmography lists more than 800 feature films, television series and TV specials by AIP and its partners and subsidiaries. Special attention is given to American International Television (the TV arm of AIP) and an appendix lists the complete AITV catalog. The author also discusses films produced by founders James H. Nicholson and Samuel Z. Arkoff after they left the company.

Them Damned Pictures Roger A. Fischer,1996 In late nineteenth-century America, political cartoonists Thomas Nast, Joseph Keppler, Bernhard Gillam and Grant Hamilton enjoyed a stature as political powerbrokers barely imaginable in today's world of instant information and electronic reality. Their drawings in Harper's Weekly, the dime humor magazines Puck and the Judge, and elsewhere were often in their own right major political events. In a world of bare-knuckles partisan journalism, such power often corrupted, and creative genius was rarely restrained by ethics. Interpretations gave way to sheer invention, transforming public servants into ogres more by physiognomy than by fact. Blacks, Indians, the Irish, Jews, Mormons, and Roman Catholics were reduced to a few stereotypical characteristics that would make a modern-day bigot blush. In this pungent climate, and with well over 100 cartoons as living proof, Roger Fischer - in a series of lively episodes - weaves the cartoon genre in to the larger fabric of politics and thought the Gilded Age, and beyond.

Very Funny Ladies Liza Donnelly,2022-03-01 It's no secret that most New Yorker readers flip through the magazine to look at the cartoons before they ever lay eyes on a word of the text. But what isn't generally known is that over the decades a growing cadre of women artists have contributed to the witty, memorable cartoons that readers look forward to each week. Now Liza Donnelly, herself a renowned cartoonist with the New Yorker for more than twenty years, has written this wonderful, in-depth celebration of women cartoonists who have graced the pages of the famous magazine from the Roaring Twenties to the present day. An anthology of funny, poignant, and entertaining cartoons, biographical sketches, and social history all in one, VeryFunny Ladies offers a unique slant on 20th-century and early 21st-century America through the humorous perspectives of the talented women who have captured in pictures and captions many of the key social issues of their time. As someone who understands firsthand the cartoonist's art, Donnelly is in a position to offer distinctive insights on the creative process, the relationships between artists and editors, what it means to be a female cartoonist, and the personalities of the other New Yorker women cartoonists, whom she has known over the years. Very Funny

Ladies reveals never-before-published material from The New Yorker archives, including correspondence from Harold Ross, Katharine White, and many others. This book is history of the women of the past who drew cartoons and a celebration of the recent explosion of new talent from cartoonists who are women. Donnelly interviewed many of the living female cartoonists and some of their male counterparts: Roz Chast, Liana Finck, Amy Hwang, Victoria Roberts, Sam Gross, Lee Lorenz, Michael Maslin, Frank Modell, Bob Weber, as well as editors and writers such as David Remnick, Roger Angell, Lee Lorenz, Harriet Walden (legendary editor Harold Ross’s secretary). The New Yorker Senior Editor David Remnick and Cartoon Editor Emma Allen contributed an insightful foreword. Combining a wealth of information with an engaging and charming narrative, plus more than seventy cartoons, along with photographs and self-portraits of the cartoonists, Very Funny Ladies beautifully portrays the art and contributions of the brilliant female cartoonists in America’s greatest magazine.

The Harvey Girls Leslie Cabarga,2009 Graphic Novel. They're cute, they're clever and they're obsessive! Some of Harvey Comics' biggest stars were three little girls with large dreams, enormous hearts and king-size laughs: Little Audrey, Little Dot, and Little Lotta. Audrey was a Paramount Pictures animated cartoon movie star, who became a major comic-book headliner in 1948. Her comic-book stories were filled with ingenuity and her spunky, proto-feminist antics rivaled those of her cartoon progenitor, Little Lulu. The strangely obsessive Little Dot has become a cult figure through the years. Her love of dots and her unique coterie of eccentric uncles and aunts became the basis for some of the funniest stories in comic-book history. Last, but hardly least, is Little Lotta who defied the big girl stereotype with adventures showcasing an incredible strength that equaled her insatiable appetite.
