The Friends We Keep Sarah Zacharias Davis,2009-07-21 Why are women's friendships so tricky? During a particularly painful time in her life, Sarah Zacharias Davis learned how delightful-and wounding-women can be in friendship. She saw how some friendships end badly, others die slow deaths, and how a chance acquaintance can become that enduring friend you need. The Friends We Keep is Sarah's thoughtful account of her own story and the stories of other women about navigating friendship. Her revealing discoveries tackle the questions every woman asks: • Why do we long so for women friends? • Do we need friends like we need air or food or water? • What causes cattiness, competition, and co-dependency in too many friendships? • Why do some friendships last forever and others only a season? • How do I foster friendship? • When is it time to let a friend go, and how do I do so? With heartfelt, intelligent writing, Sarah explores these questions and more with personal stories, cultural references and history, faith, and grace. In the process, she delivers wisdom for navigating the challenges, mysteries, and delights of friendship: why we need friendships with other women, what it means to be safe in relationship, and how to embrace what a friend has to offer, whether meager or generous.

Memories of his 1980s childhood-from Michael Jackson to Ghostbusters-overwhelm him as he meets former buddies who have blossomed into rappers and ninjas, time-traveling pioneers, mediocre restaurant managers, and even Fijian royalty. Danny's attempt to re-befriend them all gives remarkable new resonance to the age-old mantra, friends forever!

Because of You, I Am Mary Anne Bumbera,2014-02-28 Because of You, I Am is an exploration into the nature of the spiritual world. With courage, insight and humor, Mary Ann Bumbera reveals a deeper unseen reality that we are all part of but rarely consider. Faced with the illness of her dog, Charlie, Mary Ann races to understand the nature of death.Is death really the end? Is this all there is? Do we have a spirit? Over time while Charlie's illness worsens, Mary Ann discovers that there is far more to our existence than just the physical body, whether animal or human. She shares and celebrates her discoveries with readers; affirming that death is not the end for any being. Stepping into unfamiliar territory, Mary Ann ventures into the ancient practice of Shamanism, energy healing and animal communication, which deepens her relationship with Charlie. She swims with humpback whales and dolphins, and experiences a profound connection. Through her search she utterly transforms her understanding of Charlie, herself, and the nature of reality, including both death and life. She concludes nature in all its forms has a spirit or consciousness that is intelligent, benevolent and loving, and that is not extinguished following the death of the physical body. The ideas in Because of You, I Am will linger long after you finish it. You will come away with a deeper connection to your spiritual self, to others in your life, and to animals, whether they are beloved pets or those found in nature. And you will have a better understanding of the mysterious power of love that transcends death.

Science, Politics, and Friendship in the Works of Thomas Lowell Beddoes Ute Berns,2012 This study reevaluates the work of the scientist and radical, poet and dramatist and English exile in Germany Thomas Lovell Beddoes (1803-1849). While his writing has elicited high praise from poets ranging from Robert Browning through Ezra Pound to John Ashbery, scholars have frequently neglected it on grounds of its purportedly morbid and opaque eccentricity. Countering this scholarly perception, this book deftly relocates Beddoes's poetry, drama and prose at the centre of Anglo-German debates on aesthetics and life science, politics and theatre in an early nineteenth-century European context. Aided by his letters from Germany, the book re-creates the intercultural discursive universe in which Beddoes easily moves from Shakespeare's plays or the aesthetic experiments of Shelley and his circle to Goethe and to topics debated among Heinrich Heine and the Jungdeutschen, from the most advanced contemporary scientific research to the post-Napoleonic politics of the German radical students' organisations, and from Byron, Baillie and London's illegitimate theatre to Schiller's and Tieck's highly charged reflections on male-male friendship. The study combines historicist strategies with theories of performance, performativity, and visibility as it focuses, in particular, on Beddoes's major and defining work, Death's Jest-Book, first completed in 1829 and published posthumously after much revision in 1850. This study shows how Death's Jest Book, as both drama and poetry, devises complex perspectives on scientifically inspired notions of 'life' and history, how it forges a radical vision for post-Napoleonic Europe and how it links this vision to a daring conception of desiring, gendered selves. The book pays close attention to the dialogue Beddoes's writing maintains with Early Modern literature, and it highlights the proto-modernist features that link his work to that of B chner, Grabbe and a European theatre avant-garde. This innovative study of Beddoes's work, cutting across current investigations into politics, gender, and science in intercultural Romantic Studies should be of interest to scholars and students of British Romantic and Victorian studies as well as of German Vorm rz studies, and to students and scholars of drama and theatre as well as Queer studies.
