*The CCC Chronicles* Alfred Emile Cornebise, 2004-04-02 When Franklin Delano Roosevelt founded the Civilian Conservation Corps in 1933, newspapers relating to the organization were launched almost immediately. Happy Days, the semi-official newspaper of the CCC, and other such publications served as soundings boards for opinions among the CCC enrollees, encouraged and instructed the men as they assumed their new roles, and generally supported the aims of Roosevelt's New Deal program. Happy Days also encouraged and instructed editors in the production of camp newspapers--well over 5,000 were published by almost 3,000 of the CCC companies from 1933 to 1942. This book considers all phases of life in the CCC throughout its existence from various perspectives, and analyzes the history of CCC camp journalism. As the author points out, the CCC newspapers were and still are significant because they provide readers with a look at American life--socially, politically, culturally and militarily--during the Great Depression. It also focuses on how Happy Days and other newspapers were created and distributed, who wrote for them, and what they contained.

*Ready for Absolutely Nothing* Susannah Constantine, 2023-01-31 2022 BEST BOOKS OF THE YEAR FROM THE TELEGRAPH (UK) AND THE SUNDAY TIMES (UK) 2022 BEST AUDIOBOOKS OF THE YEAR FROM THE TIMES (UK) This darkly funny, confessional memoir from the star of What Not to Wear tells all: from her posh upbringing and the dishy details of her career in fashion to her journey as a recovering alcoholic. The fact that Susannah Constantine made her name as a 'style guru' as part of "Trinny and Susannah" from What Not to Wear is the least interesting thing about her. Susannah grew up amongst the great and good of British aristocracy and (unwittingly) trained to be a society bride. Fittingly, Barbara Cartland was her touchstone for romance: she wanted to be the underdog heroine who ended up marrying a prince. Instead she dated Princess Margaret's son for several years and traveled in royal circles, including on the island of Mustique, where Princess Margaret--and Hachette author Anne Glenconner--owned homes and had holidays. When that marriage proposal never showed up, she dated Imran Khan--then a gorgeous playboy/cricket player and now the Prime Minister of Pakistan, before meeting her husband. Hers is a tale full to the brim with extraordinary anecdotes. From lavatory dramas with Princess Margaret, to behind-the-scenes power struggles between Margaret Thatcher and the Queen at Balmoral and eye-opening sex-club etiquette with pop royalty--her social landscape has been nothing if not varied. Many of these stories are hilarious and snarky, some are painful, but all of them are honest, gossipy, and show that, in her words, she was "brought up to be ready for absolutely nothing." In sharing a peek behind the curtain, Constantine does not hold back and many bold names appear in these pages from Elton John, Princess Diana, The Queen, Mick Jagger, Jerry Hall, Andy Warhol, and our own Anne Glenconner and her husband Colin Tenant. But appearances are deceptive and beneath the balls and glamour, life has had a darker side: her mother's bipolar disorder, her father's inability to cope and her own subsequent alcoholism. Somehow, she had to forge her own life, away from the expectations of others. Which she did and does. *READY FOR ABSOLUTELY NOTHING* is for fans of *The Crown*, royal followers, readers of *LADY IN WAITING*, *What Not To Wear* fans and anyone who likes a gossipy memoir with bold faced names and a drop dead sense of humor.

**Kane's Ladder** Carlos Alba,2011-05-01 It's 1975 and Britain is a country in political flux. In Glasgow the dirty old Victorian slums have been razed to the ground, replaced with brand new slums twenty storeys high. Chips are a health food and the very mention of filet mignon would spark a riot on the Govan Road. As its citizens struggle to adapt to their changing world, they wonder what will replace the steel mills and the shipyards, whether they look stupid in flares and what the lyrics of the Bay City Rollers' 'Shang-A-Lang' actually mean? Ten-year-old Steve Duff longs to be poor and neglected like his friend Wally, whose parents are incapable drunks. Frustratingly for Steve, he's saddled with a conventional, stable and middle-class family. Then, over the course of a year, his father has a fling with a barmaid and leaves home, his mother's response is to start a psychology degree, his sister is arrested for demanding money with menaces and his brother gets a girl pregnant. As if the normal indignities of growing up weren't bad enough...This is a funny touching and heart-warming debut novel that will strike a chord with anyone who has been an awkward kid at least once in their life.

**The Big Nothing** Adrian Fogelin,2014-10-14 This sensitive and often humorous book tells the story of an adolescent boy who begins to find himself after the people he has always depended on let him down. Alone. That's how thirteen-year-old Justin feels these days. His older brother Duane has left home, enlisting in the Army, and his father has walked out, maybe for good this time. His mom is too depressed to get out of bed, much less pay the bills and keep food in the refrigerator. And if that's not enough, his best buddy Ben has a new girlfriend and no longer has time to hang out. There's not much left for Justin to do but to put his brain in neutral and slide into the state he calls "the Big Nothing." But slowly Justin discovers he has more resources than he thinks. With the

help of his classmate Jemmie and her grandmother, Nana Grace, he learns that underneath all the noisy confusion in his brain lies a talent for music. As he spends time with Jemmie, he begins to understand how simple notes make complex music, and how simple feelings can turn into deep emotions. Award-winning author Adrian Fogelin once again offers readers an emotionally charged story featuring a sympathetic adolescent trying to make sense of the people and world around him.

*Literacy's Beginnings* Lea M. McGee, Donald J. Richgels, 2000 The third edition of *Literacy's Beginnings: Supporting Young Readers and Writers* offers an integrated, literature-based approach to reading and writing instruction keyed to the typical developmental stages through which most children pass. Its emphasis is on child-centered instruction in phonemic awareness, phonics, decoding, comprehension, and interpretation. Numerous vignettes are presented, which describe young children's reading and writing from birth to age eight. Children's learning is examined in social settings, including home, preschool, and school. A thorough description of ways to organize an environment to stimulate the growth of language, both written and oral, makes the text an invaluable resource for prospective teachers of children from birth to age eight.

*Romaine Wasn't Built in a Day* Judith Tschann, 2023-02-21 A truly delightful smorgasbord of history and linguistics that kept us entertained—and made us hungry. —Apple Books Scrumptious... This book was meant to be devoured. —Roy Peter Clark, author of *Murder Your Darlings* *Romaine* calm and read on for a deliciously detailed digest of food language throughout time from celebrated linguist and historian Judith Tschann that is guaranteed to make you a hit at dinner parties (New York Times). Food and words—we rely on both to sustain our daily lives. We begin each morning hungry for nourishment and conversation, and our happiest moments and fondest memories are often filled with ample servings of both. Food historian Judith Tschann celebrates this glorious intersection of linguistic and culinary affinities with *Romaine Wasn't Built in a Day*, an irresistibly charming and deliciously decadent romp through the history of food words. On the hunt for the hidden stories behind hundreds of dishes and ingredients we take for granted, Tschann takes us on an expedition through the centuries and around the world, illuminating the ways in which language is always changing, ever-amusing, and entirely inseparable from culture, history, identity, and such as: pumpernickel, which literally means Farting Nicholas the surprising linguistic connection between alcohol and eyeliner and the fascinating travels of the word coffee across centuries and continents, attesting to the enduring allure of a cuppa joe Full of endless morsels of fascination for word nerds and foodies alike, *Romaine Wasn't Built in a Day* will beguile history buffs, captivate crossword fiends, satiate Scrabble nerds, and feed our fondness for our two favorite pastimes: eating and talking.

**Raising Elijah** Sandra Steingraber, 2011-03-29 Nothing could be more important than the health of our children, and no one is better suited to examine the threats against it than Sandra Steingraber. Once called a poet with a knife, she blends precise science with lyrical memoir. In *Living Downstream* she spoke as a biologist and cancer

survivor; in *Having Faith* she spoke as an ecologist and expectant mother, viewing her own body as a habitat. Now she speaks as the scientist mother of two young children, enjoying and celebrating their lives while searching for ways to protect them--and all children--from the toxic, climate-threatened world they inhabit. Each chapter of this engaging and unique book focuses on one inevitable ingredient of childhood--everything from pizza to laundry to homework to the Big Talk--and explores the underlying social, political, and ecological forces behind it. Through these everyday moments, Steingraber demonstrates how closely the private, intimate world of parenting connects to the public world of policy-making and how the ongoing environmental crisis is, fundamentally, a crisis of family life.
