Must-See Sci-fi Sloan De Forest, 2018-05-01 Spanning nine decades and branded by the most trusted authority on film, Turner Classic Movies: *Must-See Sci-Fi* showcases 50 of the most shocking, weird, wonderful, and mind-bending movies ever made. From *A Trip to the Moon* (1902) to *Arrival* (2016), science fiction cinema has produced a body of classics with a broader range of styles, stories, and subject matter than perhaps any other film genre. They are movies that embed themselves in the depths of the mind, coloring our view of day-to-day reality and probably fueling a few dreams (and nightmares) along the way. In *Turner Classic Movies: Must-See Sci-Fi*, fifty unforgettable films are profiled, including beloved favorites like *The Day the Earth Stood Still* (1951) and *Fantastic Voyage* (1966), groundbreaking shockers like *Planet of the Apes* (1968) and *Alien* (1979), and lesser-known landmarks like *Things to Come* (1936) and *Solaris* (1972). Illustrated by astounding color and black-and-white images, the book presents the best of this mind-bending genre, detailing through insightful commentary and behind-the-scenes stories why each film remains essential viewing. A perfect gift for any film buff or sci-fi fanatic!

250 Classic Movies George McManus, 2013-08 *250 Classic Movies* brings to the attention of movie fans, and hopefully new fans of older films, motion pictures that are well worth seeing, time

and again. Actually, the really good movies never get old. The first time you see a classic film you might watch it for pure entertainment value. The second time might engross you more in the story. The acting might enthrall you more in the third viewing. And the fourth time? The cinematography, the costumes, the make-up, the sets, or the character players, some in the background (and in musicals, the individual dances), all may suddenly capture your imagination. That's the good thing about the classics-they don't get old because there is so much to behold it's almost impossible to truly see it all the first time around. For this book, the author has selected 250 films that have been acclaimed by critics and/or have been box-office winners or chosen as award-winners by various organizations. Are they the greatest movies ever made? Not necessarily, but they certainly are among the best. To add to the full enjoyment of each film, there are data, awards, trivia, a review, back-stories, posters and photographs-including stills and candid. The book covers twenty categories of filmmaking including foreign films. Represented are famous films from England, Italy, France, Germany, Japan, Sweden, Australia, and Russia. While this book is intended as an overview of the great movies of the first century of filmmaking, we hope it serves as an inspiration to readers to look at other movies of the first hundred years because, after all, in the Golden Age of Hollywood studios were making 700 films a year! So we have a lot to look forward to in our research into the great Classic Movies. George McManus spent 40 years as a broadcast journalist, most of it in California, where he covered the Academy Awards backstage. His time in radio/TV also provided him the opportunity to interview, at length, dozens of filmmakers, often while they were on a book or movie promotion tour. These experiences not only inspired this book, but also enhanced the author's knowledge/appreciation of the films that grace these pages. Mr. McManus lives with his wife and their children in Northern California. He hosts The Midnight Movie on the local community

access channel.

Turner Classic Movies: Christmas in the Movies Jeremy Arnold, 2018-10-09 Turner Classic Movies presents a bucket list of the best and most beloved holiday films of all time, complete with spirited commentary, behind-the-scenes stories, and photos spanning eight decades of Christmastime favorites. Nothing brings the spirit of the season into our hearts quite like a great holiday

movie. Christmas films come in many shapes and sizes and exist across many genres. Some, like *It's a Wonderful Life* and *A Christmas Story*, are perennials, while others, such as *Die Hard*, have only gradually become yuletide favorites. But they all have one thing in common: they use themes evoked by the holiday period - nostalgia, joy, togetherness, dysfunction, commercialism, or cynicism - as a force in their storytelling. !--EndFragment--

Turner Classic Movies: Christmas in the Movies showcases the very best among this uniquely spirited strain of cinema. Each film is profiled on what makes it a Christmas movie, along with behind-the-scenes stories of its production, reception, and legacy. Complemented by a trove of color and black-and-white photos, Turner Classic Movies: Christmas in the Movies is a glorious salute to a collection of the most treasured films of all time. Among the 30 films included: *The Shop Around the Corner*, *Holiday Inn*, *Meet Me in St. Louis*, *It's a Wonderful Life*, *Miracle on 34th Street*, *White Christmas*, *A Christmas Story*, *National Lampoon's Christmas Vacation*, *Home Alone*, *Little Women*, and *The Nightmare Before Christmas*.

Cinema Treasures Ross Melnick, Andreas Fuchs, 2004 More than 100 years after the first movie delighted audiences, movie theaters remain the last great community centers and one of the few amusements any family can afford. While countless books have been devoted to films and their stars, none have attempted a truly definitive history of those magical venues that have transported moviegoers since the beginning of the last century. In this stunningly illustrated book, film industry insiders Ross Melnick and Andreas Fuchs take readers from the nickelodeon to the megaplex and show how changes in moviemaking and political, social, and technological forces (e.g., war, depression, the baby boom, the VCR) have influenced the way we see movies. Archival photographs from archives like the Academy of Motion Picture Arts and Sciences and movie theater ephemera (postcards, period ads, matchbooks, and even a barf bag) sourced from private collections complement Melnick's informative and engaging history. Also included throughout the book are Fuchs' profiles detailing 25

classic movie theaters that have been restored and renovated and which continue to operate today. Each of these two-page spreads is illustrated with marvelous modern photographs, many taken by top architectural photographers. The result is a fabulous look at one way in which Americans continue to come together as a nation. A timeline throughout places the developments described in a broader historical context. We've had a number of beautiful books about the great movie palaces, and even some individual volumes that pay tribute to surviving theaters around the country. This is the first book I can recall that focuses on the survivors, from coast to coast, and puts them into historical context. Sumptuously produced in an oversized format, on heavy coated paper stock, this beautiful book offers a lively history of movie theaters in America, an impressive array of photos and memorabilia, and a heartening survey of the landmarks in our midst, from the majestic Fox Tucson Theatre in Tucson, Arizona to the charming jewel-box that is the Avon in Stamford, Connecticut. I don't know why, but I never tire of gazing at black & white photos of marquees from the past; they evoke the era of moviemaking (and moviegoing) I care about the most, and this book is packed with them. Cinema Treasures is indeed a treasure, and a perfect gift item for the holiday season. - Leonard Maltin

Humble or grandiose, stand-alone or strung together, movie theaters are places where dreams are born. Once upon a time, they were treated with the respect they deserve. In their heyday, historian Ross Melnick and exhibitor Andreas Fuchs write in Cinema Treasures, openings of new motion-picture pleasure palaces that would have dazzled Kubla Khan 'received enormous attention in newspapers around the country. On top of the publicity they generated, their debuts were treated like the gala openings of new operas or exhibits, with critics weighing in on everything from the interior and exterior design to the orchestra.' Handsomely produced and extensively illustrated, Cinema Treasures is detailed without being dull and thoroughly at home with this often

neglected subject matter. Its title would have you believe it is a celebration of the golden age of movie theaters. But this book is something completely different: an examination of the history of movie exhibition, which the authors accurately call 'a vastly under-researched topic.' - Los Angeles Times
