*Cruising (with) Class* Stan Zimmerman,2001 Many beginning sailors soon yearn for a larger boat - with a galley, head and berths - so they can extend their time on the water and range of action. However, the simple mechanics of sailing do not include the variety of arts necessary to cruise successfully. *Cruising (with) Class* began as a

series of lectures at the Sarasota (Florida) Sailing Squadron with the intention of teaching basic skills to beginning cruisers. Comfort on the water is not a matter of soft cushions. It comes from confidence in the ability to voyage safely. Reading the weather, planting the anchor, calculating the tides, navigating a coast, avoiding fatigue, choosing equipment, coping with storms, reacting to disasters, these are the arts of a cruiser. Although the book calls on the author's 25 years of cruising small sailboats, it is not a travelogue. Instead, it is a precise iteration of lessons learned the hard way, and presented in sailor-to-sailor fashion so others can avoid disaster and find comfort bred in confidence on the water.
