📖 **OF DANCING LIGHTS** Eddie Waihuen Ng,2017-06-27 This graphic memoir follows Eddie Ng’s life, spanning 60 years, with settings in Hong Kong, Canada and Australia. The story begins with the history of his clan, and then weaves through his childhood and early adulthood in the burgeoning post-war British colony of Hong Kong. This memoir demonstrate Eddie’s strength to rise above difficulty and his determination to make a life in the wider world. Of Dancing Lights takes an in-depth look at Chinese culture in post-war British Hong Kong, referencing Chinese traditions and religious beliefs. It is one of few books that describe Hong Kong immediately after the Second World War, explaining how people lived and why they chose to migrate away from the city. Eddie also makes reference to modern China’s global influence and explores how this has affected his life in Australia. Of Dancing Lights offers a unique look at how the global role of China has changed so that the country has become a global influencer. Written with rich descriptions and an irrepressible sense of humour, Of Dancing Lights will appeal to a wide range of readers. It contains a unique perspective of post-war period in Hong Kong that historians will find fascinating. The book also has a feel-good factor with Eddie’s love of life and will be enjoyed by readers who enjoy a happy ending.

📖 **LIGHTS OF DRAGOMAR** Marc Krautweidel,2022-08-17 ‘We have to be prepared for everything, even for someone who destroys everything so that no one has it, not even him.’ They stood side by side again in silence on the terrace, high up on the mountain, watching the play of colours in the night sky. They heard the wind and the occasional cracking of ice floes piled on top of each other in the ocean in front of them. The waves that thundered recurrently against the rocks were a low murmur up on the mountain, accompanied by the fresh smell of the sea. ‘Will we win?’ asked Galbohei, without taking his eyes off the sky glow. ‘We have the advantage,’ replied Eremides. ‘We know the value of freedom and we don’t want to lose it. We know friendship and will not give it up. We know love and want to be able to continue to love.’ Antarctica, circa 1540. Two aging swashbucklers confer on how to defend or stand their ground against a hostile force they know. Things look tight. They live on an island, in a mountain rich in tradition and myths. It is called “The Mountain of Hope”. Actually, it is Dragomar, supposedly the ancient home of dragons and their successful “cultural successors”. A slightly pubescent youth is bored far away from Dragomar. Everything is trivial, transparent and repeats itself in a daily rhythm. He would like to travel the ocean but he is not allowed to yet. He dreams of adventures and battles that seem so real to him, as if he were having a déjà vu with a claim to historical truth. Fire seems to come out of his nose and he changes in other ways as well. He is drawn toward a distant island where there is a mountain with a crystal shining brightly and mysteriously at the top. He is told that he is a foster child and that his grandfather, his last relative, lives on the distant island. The budding hero sets out, meets various people, develops physical and mental abilities, is kidnapped. There is a sea battle for him, because he is supposed to be something like an heir to the throne. He learns about history, past forms of government and more about ancient myths. So much for the plot. That Italian emperor penguins completely deface and shred the “Band of Brothers” speech of Henry V; that a black dragon can spit black holes and is about to merge into the matrix; that really fascistic meanies are afraid of the crowd of penguins and are prone to vulgarity; that the topic of separation of powers is a real problem ... all this fills the pages in such a way that it is irrelevant whether there is a human, animal or dragon giving something to the best. A little excursion into humanity. A little unexplained philosophy; a little unexplained physics; a little unexplainable behaviour. Myths, legends, magic - and everyday life.

📖 **MOTORBOATING - ND**, 1982-01

📖 **DEAD MAN’S FANCY** Keith McCafferty,2015-05-26 The third novel starring Montana’s favorite fly fisherman-cum-detective Sean Stranahan, for fans of Craig Johnson and C. J. Box. Cold Hearted River, the sixth in the series, is forthcoming from Viking. Wolves howl as a riderless horse returns at sunset to the Culpepper Dude Ranch in the Madison Valley. The missing woman, Nanika Martinelli, is better known as the Fly Fishing Venus, a red-haired river guide who lures clients the way dry flies draw trout. As Sheriff Martha Ettinger follows hoof tracks in the snow, she finds one of the men who has fallen under the temptress’s spell impaled on the antler tine of a giant bull elk, a kill that’s been claimed by a wolf pack. An accident? If not, is the killer human or animal? With painter, fly fisherman, and sometimes private detective Sean Stranahan’s help, Ettinger will follow clues that point to an animal rights group called the Clan of the Three-Clawed Wolf and to their Svengali master, whose eyes blaze with pagan fire. In their most dangerous adventure yet, Stranahan and Ettinger find themselves in the crossfire of wolf lovers, wolf haters, and a sister bent on revenge, and on the trail of an alpha male gone terribly wrong.

[!\[\]\(4729e517bc6a7cd81c8025b9646574fb\_img.jpg\) \*Fishing with Confidence\*](#) John Mark Warren, 2010-09 In all of my years fishing, I’ve recognized that most of bass fishing’s intelligentsia tends to focus on the bass and its behaviors to teach the angler how to better catch them. While this is important, too little time is devoted to helping the angler to understand the angler, and his/her responsibilities toward success. Anglers must have a better understanding of the limitations and governing factors of the sport, and of the common sense truths that promote the development of an indestructible confidence needed to execute the demands of fishing. Do you find that confidence in your bass angling skills is erratically elusive? Whether you’re a seriously devoted tournament angler or an aspiring novice, every bass angler experiences this universal problem. And there are very specific and justifiable reasons for it. Fishing with Confidence addresses these reasons, and lights the way to more prosperous and confident fishing. Fishing with Confidence goes beyond the over exemplified and often redundant ‘tips and techniques,’ and in groundbreaking fashion tells the story of bass fishing straight. Author John Mark Warren uses reasoned and sound fishing principles, his 35 years of insight, the wisdom and truth from professional anglers, and an exposure of a market driven media to create a template that ensures lasting self confidence in every aspiring and passionate bass angler. John has faced the challenges that every serious angler faces. His uncompromising standard of truth and accuracy shines a new light on just what makes good anglers more proficient and confident anglers. So, when you are done looking for manufactured remedies at your local bait shop, try honing your craft with Fishing with Confidence. ‘Need to know everything that you need to know about bass fishing in order to return home grinning, and not grouching? [!\[\]\(cbe80b694ebd74fcfe136a095b608235\_img.jpg\) \*Fishing Lessons\*](#) Paul Quinnett, 2012-12-11 With honesty, wit and erudition, the acclaimed author of Pavlov’s Trout delves into the philosophical lessons learned from a lifetime of fishing. Despite its title, Fishing Lessons will not show readers how to fish. In fact, you don’t even have to like to fish to enjoy and appreciate the latest book from renowned psychologist, fisherman, and essayist Paul Quinnett. Fishing Lessons is a rich mix of anecdotes, observations, essays, short stories, one-liners, and personal revelations from Quinnett’s rich life and fishing journals. In his straightforward style, Quinnett rounds out the trilogy that began with Pavlov’s Trout and Darwin’s Bass, the first books ever written on the psychology of fishing. This time he tackles the philosophy of fishing—a philosophy of enjoying life. Over the course of its pages, Fishing Lessons provides satisfying essays that won’t so much teach you about fishing as they will teach you about yourself.
