Drive Daniel H. Pink,2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction-at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose-and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

Sweethand N. G. Peltier,2021-03-22 After a public meltdown over her breakup from her cheating musician boyfriend, Cherisse swore off guys in the music industry, and dating in general for a while, preferring to focus on growing her pastry chef business. When Cherisse's younger sister reveals she's getting married in a few months, Cherisse hopes that will distract her mother enough to quit harassing her about finding a guy, settling down and having kids. But her mother's matchmaking keeps intensifying. Cherisse tries to humour her mother, hoping if she feigns interest in the eligible bachelors she keeps tossing her way, she'll be off the hook, but things don't quite go as planned. Turns out for the first time in ages, she and Keiran King, the most annoying man ever, are on the island at the same time. Avoiding him is impossible, especially when Keiran's close friend is the one marrying her sister, and he's the best man to her maid of honour. Keiran doesn't know what to make of Cherisse now. They've always butted heads. To him she's always been a stuck-up brat who seeks attention, even while he secretly harbored a crush on her. Now with Cherisse's sister marrying one of his good friends he can't escape her as the wedding activities keep throwing them together. When things turn heated after a rainy night of bedroom fun, they both have to figure out if they can survive the countdown to wedding day, without this turning into a recipe for disaster.
