Darth Vader and Son Jeffrey Brown, 2014-07-22 What if Darth Vader took an active role in raising his son? What if Luke, I am your father was just a stern admonishment from an annoyed dad? In this hilarious and sweet comic reimagining, Darth Vader is a dad like any other—except with all the baggage of being the Dark Lord of the Sith. Celebrated artist Jeffrey Brown's delightful illustrations give classic Star Wars® moments a fresh twist, presenting the trials and joys of parenting through the lens of a galaxy far, far away. Life lessons include lightsaber batting practice, using the Force to raid the cookie jar, Take Your Child to Work Day on the Death Star (Er, he looks just like you, Lord Vader!), and the special bond shared between any father and son. Plus, this is the fixed-format version, which looks almost identical to the print edition.

Speed Bump Dave Coverly, 2020-07-01 This silver anniversary edition of Dave Coverly's Reuben award-winning Speed Bump collects 300 of his best cartoons into one full-color book. 25 years of ideas. 25 years of drawings. 25 years of coffee. Man, that's a lot of coffee. Coverly's work has

appeared in over 400 newspapers, including the Washington Post, the Los Angeles Times, and the Detroit Free Press, as well as in Parade magazine, textbooks, greeting cards, and even on that internet thingy. Dry and gentle not only describes Dave's hands, but his sense of humor as well. And while there are no guarantees in life, this new collection of Speed Bump cartoons hopes to make you think, smile, snort awkwardly, rethink, pause for a bathroom break, maybe get a second cup of coffee, and return to read a few more before realizing you really should be doing something a little more productive.

The Rejection Collection Vol. 2 Matthew Diffie, 2007-10-30 Each week The New Yorker receives

more than five hundred submissions from its regular cartoonists, who are all vying for one of the twenty coveted spots in the magazine. So what happens to the 75 percent of cartoons that don't make the cut? Some go back in a drawer, others go up on the refrigerator or into the filing cabinet...but the very best of all the rejects can be found right here in these pages. The Rejection Collection Vol. 2: The Cream of the Crap is the ultimate scrap heap of creative misfires -- from the lowbrow and the dirty to the politically incorrect and the weird, these rejects represent the best of the worst...in the best possible sense of the word. Handpicked by editor Matthew Diffie, these hilarious cartoons are accompanied by handwritten questionnaires and photographed self-portraits, providing a rare glimpse into the minds of the artists behind the rejection. With appendices that explore the top ten reasons why cartoons are rejected and examine the solitary nature of the job of cartooning -- plus a special bonus section of questions asked of and answered by cartoon editor Robert Mankoff -- this sequel to The Rejection Collection offers even deeper insight into the exercise in frustration, patience, and amusement that is being a New Yorker cartoonist. Warped, wicked, and wildly funny, The Rejection

Collection Vol. 2 will appeal to every New Yorker fan -- and everyone with a taste for the absurd.

How to Draw Fun Cartoon Monsters Phillip Judd,2016-04-01

Drawing Funny Oslo Davis,2016-09-30 ‘I hate to be the bearer of bad news but you can’t learn cartooning, and it can’t be taught.’ And so begins Oslo Davis’ illustrated book on how to draw gag cartoons. Talk about shoot yourself in the foot! But he’s kidding, kind of. There are reasons why your terrible cartoons are not funny, and Oslo is very happy to point them out. He’s also prepared to give you some advice, for what it’s worth, using examples selected from more than twenty years’ drawing for newspapers and magazines worldwide. Drawing Funny is a how-to guide for people who might never draw a cartoon in their life but always read the cartoons first in the New Yorker and want to know how it’s done.

The Cats Who Crossed Over from Paris R. F. Kristi,2016-07-08 Inca, a Siberian puss, tells the

story about her furry family - her brother Fromage, who is addicted to cheese and considers himself a cheese monger, and her sister, Cara, a gorgeous but timid Siamese. Inca, an avid fan of Dr. House, considers herself the leader of the troupe and responsible for the well-being of the family. They own, according to Inca, Missy, a young humanoid who has a well-established cheese shop in Paris. The story revolves around how Missy decides to move to London with her co-partners, Jacques and Genevieve, to run their new cheese shop and café. Can Fromage leave his pal, Charlotte, behind? Soon after arriving in London, the three cats accompany Missy to their neighbor's house where they meet Monk, a blue Russian cat and Terrance, a golden retriever owned by their famous neighbor, a detective named Solo, living in the same compound in Kensington. Things start to get interesting when Monk tries to help their neighbor, Polo, a sad little Pekinese whose mistress, a formerly well-known opera singer who is pining for her lost husband, has her valuable diamond necklace stolen. Can Inca and her family assist Monk and Terrance to recover the diamond necklace and resolve Polo's problems?

Cartoons Tony Potter,2008 Here's an original and fascinating new approach to miniature art kits for kids. A mini portfolio with sturdy board covers opens to present an attached spiral-bound art instruction book plus a packet of very unusual drawing paper. Drawing funny cartoon faces comes

naturally when kids follow instructions and test their skills on this kit's scratch-off paper. Each 3 1/8 x 4 1/8 sheet of art paper is coated with a colored surface that scratches off so kids can produce lines, squiggles, and shapes of all kinds at the firm touch of a stylus. A wooden stylus is packaged with the kit, along with a sharpener to keep the stylus point properly shaped for best effects. Kids will have lots of fun doodling, sketching, and developing their drawing skills with these imaginative little kits.

Cartooning for Kids Carol Lea Benjamin, 1982 Outlines how to draw simple cartoons from circles, dots, lines, and curves and how to add professional touches such as shading, decorative detail, or color.
