**Funny Pictures** Daniel Ira Goldmark, Charles

Keil, 2011-07-21 This collection of essays explores the link between comedy and animation in studio-era cartoons, from filmdom's earliest days through the twentieth century. Written by a who's who of animation authorities, Funny Pictures offers a stimulating range of views on why animation became associated with comedy so early and so indelibly, and illustrates how animation and humor came together at a pivotal stage in the development of the motion picture industry. To examine some of the central assumptions about comedy and cartoons and to explore the key factors that promoted their fusion, the book analyzes many of the key filmic texts from the studio years that exemplify animated comedy. Funny Pictures also looks ahead to show how this vital American entertainment tradition still thrives today in works ranging from The Simpsons to the output of Pixar.

*The Struwwelpeter or Merry Stories and Funny Pictures (HD)* Heinrich Hoffmann, 2019-08-07 Der Struwwelpeter is regarded as the most successful German children's book ever and has been translated into many languages. In 1844, the doctor Heinrich Hoffmann tried to find a picture book that he could give to his three-year-old son Carl for Christmas. Unfortunately (or fortunately for the reader) he found nothing that seemed appropriate for a child of Carl's age. Instead, Hoffmann bought an empty notebook and decided to draw a picture book for his son himself. The original manuscript is exhibited in the German National Museum. Soon after the first edition, the children's book was translated into many languages. There were also parodies or politicizing rewritings early on. From the very beginning, the subject of raising children split the readership and provoked a critical discourse. By the time copyright became free in 1925, more

than 540 editions had appeared. The classic English translation is by Mark Twain. Null Papier Verlag

 Hoffmann was a German psychiatrist, who also wrote  
 some short works including Der Struwwelpeter  
 (German for either slovenly Peter or shock-haired  
 Peter), an illustrated book portraying children  
 misbehaving. He wrote under the following names: -  
 Polykarpus Gastfenger (The given name is the  
 German version of that of a Christian martyr; the  
 surname sounds like Gastfänger, which could be a  
 common noun for guest-catcher.) - Heulalius von  
 Heulenburg - Heinrich Hoffmann - Heinrich  
 Hoffmann-Donner (The second half of the compound  
 surname would mean thunder as a common noun, or a  
 name for the Germanic thunder-god Thor.) -  
 Heinrich Kinderlieb (The surname means roughly  
 love of children) - Reimerich Kinderlieb - Peter  
 Struwel (This name reverses the order of the  
 components of Struwwelpeter.) - Zwiebel (As a  
 common noun, this would mean onion) In  
 Frankfurt/Germany there is a Heinrich-Hoffmann-  
 Museum Frankfurt. Hoffmann studied medicine in  
 Heidelberg. From 1851, he was director of the

municipal psychiatry in Frankfurt. He is the subject of the historical novel, 98 Reasons for Being.
