Funeesha and the Fun Queen 2 Chad Williamson, 2021-04-13 But before the Fun Queen had finished her sentence, Funeesha had dashed towards a large square trampoline, removed her shoes, climbed on, and began leaping into the air as high as she could possibly go. Boing! Boing! Boing! Funeesha was bumping into the other children who were all thrown off their feet. Oh, this is so much fuuun, she screamed as she leaped from one trampoline to another. Boing! She was thrown six feet into the air, and let out a loud scream as she came crashing down. Boing! She sprang back into the air. Boing! Boing! Boing! She kept bouncing and bouncing and would not stop. This is Fun-nomenal, she said. What a bouncy trampoline this is.

When Pigasso Met Mootisse Nina Laden,2014-10-14 When Pigasso met Mootisse, what begins as a neighborly overture escalates into a mess. Before you can say paint-by-numbers, the two artists become fierce rivals, calling each other names and ultimately building a fence between them. But when the two painters paint opposite sides of the fence that divides them, they unknowingly create a modern art masterpiece, and learn it is their friendship that is the true work of art. Nina Laden's wacky illustrations complement this funny story that not only introduces children to two of the world's most extraordinary modern artists, but teaches a very important lesson—how to creatively resolve a conflict—in a most unusual way.

**Matisse and Picasso** Yve-Alain Bois,2001-10-19 Fiercely competitive, Matisse and Picasso engaged in one of the most formidable artistic dialogues of this century. The intense beginning of the relationship between the two artists - from the time they met in 1906 until 1917, when Matisse left for Nice - has already been amply studied, but their continuous exchange during the second part of their careers has never been examined in detail. In *Matisse and Picasso*, Yve-Alain Bois stages the intertwined evolution of the two giants of modern art as if it were an ongoing game of chess between two masters. As Joachim Pissarro points out in the foreword of this volume, Matisse and Picasso's dense plot and rich narrative make this work read more like a suspense novel than a traditional art history treatise. Bois' thoroughly researched historical demonstration is supported by striking visual juxtapositions of works by the two artists brought together here for the first time, making this long-awaited study a major contribution to the history of twentieth-century art.

Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." *Warhol-isms* separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well.I went to [a psychiatrist] once, and he never called me back.They always say that time changes things, but you actually have to change them yourself.I've never met a person I couldn't call a beauty.New things are always better than old things.I'm still a commercial artist. I was always a commercial artist.

*100 Words To Make You Sound Smart* American Heritage Dictionaries,2006-10-04 Find the right words to make a point, seal the deal, or just keep folks listening! Chosen by the editors of the American Heritage Dictionaries, these words can help anyone who wants to be a more compelling communicator—as a worker, consumer, advocate, friend, dinner companion, or even romantic prospect. The book includes a colorful variety of words, including handy words of just one syllable (such as glib) and words derived from the names

of famous people (such as Freudian slip and Machiavellian). There are expressions from popular culture (Catch-22) and words that date back to classical civilization (spartan and stoic). Each word is clearly defined and shown in context with quotations from magazines, newspapers, broadcast media, movies, and television. For many words, quotations from distinguished authors and speakers are also given and word histories are explained. 100 Words to Make You Sound Smart provides an enjoyable way to communicate more effectively, distinctively, and articulately.
