Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

Iron Sunrise Charles Stross, 2005-06-28 "[Stross] has the ability to superimpose an intriguing take on contemporary events over an imaginative story peopled by bizarre characters." – The Kansas City Star A G2 star doesn't just explode—not without outside interference. So the survivors of the planet Moscow, which was annihilated in just such an event, have launched a counterattack against the most likely culprit: the neighboring system of New Dresden. But New Dresden wasn't responsible, and as the deadly missiles approach their target, Rachel Mansour, agent for the interests of Old Earth, is assigned to find out who was. Opposing her is an unknown—and unimaginable—enemy. At stake is not only the fate of New Dresden but also the very order of the universe. And the one person who knows the identity of that enemy is a disaffected teenager who calls herself Wednesday Shadowmist. But Wednesday has no idea what she knows...

My Face for the World to See Alfred Hayes, 2013-07-23 Alfred Hayes is one of the secret masters of the twentieth century novel, a journalist and scriptwriter and poet who possessed an immaculate ear and who wrote with razorsharp intelligence about passion and its payback. My Face for the World to See is set in Hollywood, where the tonic for anonymity is fame and you're only as real as your image. At a party, the narrator, a screenwriter, rescues a young woman who staggers with drunken determination into the Pacific. He is living far from his wife in New York and long ago shed any illusions about the value of his work. He just wants to be left alone. And yet without really meaning to, he gets involved with the young woman, who has, it seems, no illusions about love, especially with married men. She's a survivor, even if her beauty is a little battered from years of not quite making it in the pictures. She's just like him, he thinks, and as their casual relationship takes on an increasingly troubled and destructive intensity, it seems that might just be true, only not in the way he supposes.

Online Worlds: Convergence of the Real and the Virtual William Sims Bainbridge, 2009-12-08 William Sims Bainbridge Virtual worlds are persistent online computer-generated environments where people can interact, whether for work or play, in a manner comparable to the real world. The most prominent current example is World of Warcraft (Corneliussen and Rettberg 2008), a massively multiplayer online game with 11 million subscribers. Some other virtual worlds, notably Second Life (Rymaszewski et al. 2007), are not games at all, but Internet-based collaboration contexts in which people can create virtual objects, simulated architecture, and working groups. Although interest in virtual worlds has been growing for at least a dozen years, only today it is possible to bring together an international team of highly accomplished authors to examine them with both care and excitement, employing a range of theories and methodologies to discover the principles that are making virtual worlds increasingly popular and may in future establish them as a major sector of human-centered computing.

The Fair Fight Anna Freeman, 2015-04-14 NAMED A BEST BOOK OF THE YEAR BY BOOKPAGE AND LIBRARY JOURNAL The Crimson Petal and the White meets Fight Club: A page-turning novel set in the world of female pugilists and their patrons in late eighteenth-century England. Moving from a filthy brothel to a fine manor house, from the world of street fighters to the world of champions, The Fair Fight is a vivid, propulsive historical novel announcing the arrival of a dynamic new talent. Born in a brothel, Ruth doesn't expect much for herself beyond abuse. While her sister's beauty affords a certain degree of comfort, Ruth's harsh looks set her on a path of drudgery. That is until she meets pugilist patron George Dryer and discovers her true calling—fighting bare knuckles in the prize rings of Bristol. Manor-born Charlotte has a different cross to bear. Scarred by smallpox, stifled by her social and romantic options, and trapped in twisted power games with her wastrel brother, she is desperate for an escape. After a disastrous, life-changing fight sidelines Ruth, the two women meet, and it alters the perspectives of both of them. When Charlotte presents Ruth with an extraordinary proposition, Ruth pushes dainty Charlotte to enter the ring herself and learn the power of her own strength. A gripping, page-turning story about people struggling to transcend the circumstances into which they were born and fighting for their own places in society, The Fair Fight is a raucous, intoxicating tale of courage, reinvention, and fighting one's way to the top.

Seth is left alone to rebuild his life in an empty mansion with his dog. He opens up his home and forms meaningful friendships, but the old wounds are beginning to bleed through to his new life. Now, Seth must become a spectator in his own home as he watches God paint masterpieces in the lives of others. Seth still builds his fence. He still wants what Natalie wants. A Green Granny's Garden Fionna Hill, 2010-08-31 Urban gardening for beginners While Fionna will be the first to tell you she's not actually a Granny in the biological sense, she is most definitely a wise woman of the world who meets all the criteria for anyone's favourite Gran. When she decided to improve her health and grow her own food she had to find somewhere to grow it. Living in urban Auckland severely limited her options. While she could manage window boxes of micro-greens, she yearned for more space - and was utterly delighted to eventually find herself with a plot in the Grey Lynn Community Garden. Written from her experiences over the course of a year (give or take a few weeks) she documents the sheer delight and pleasure of exploring urban gardening as a beginner in a communal environment. the experience has brought her immense joy and some wild and wonderful moments of unexpected humour. In a breathtakingly honest, direct and fabulously original and delightfully wacky way, she takes the reader by the hand and shares her exploits, adventures, misadventures, successes, failures and enthusiasms as she discovers what works and what doesn't. Wonderfully honest, supremely life affirming and a book for gardeners and non-gardeners alike, if you aren't inspired by the end of A GREEN GRANNY'S GARDEN to go forth and plant then we're dreadfully sorry - you might as well go and put both feet in the grave right now.

Yvonne Rust, QSM Theresa Sjoquist, 2011 Yvonne Rust: Maverick Spirit is the fascinating, richly illustrated biography of Northland's iconic artist, pioneer potter, and inspired arts educator, Yvonne Rust, QSM. Yvonne grew up during the Depression years as the only white child in Te Hapua, in the Far North. She graduated with a Dip.FA in 1946, and went on to teach art in schools. Art was then only just being introduced into the general curriculum as part of a new approach to education. Her capacity to inspire was unmatched, and many New Zealand 'creatives' owe her much. As a painter and at the forefront of the pottery movement in the 1950s, she worked closely with such luminaries as Barry Brickell, Ted Bracey, Faith McManus, Richard Parker, Sir Jon Trimmer and Michael Trumic. Yvonne Rust also battled consistently for the development of New Zealand's raw materials. She believed New Zealand had its own spirit and she sought relentlessly to express it. Theresa Sjoquist is a freelance writer currently based in Dargaville. Born in Auckland in 1956, her passions include art in all its forms, writing, reading, and photography. This is her first book.
