Linked Gordon Korman, 2021-07-20 An unforgettable novel from the New York Times bestseller Gordon Korman Link, Michael, and Dana live in a quiet town. But it's woken up very quickly when someone sneaks into school and vandalizes it with a swastika. Nobody can believe it. How could such a symbol of hate end up in the middle of their school? Who would do such a thing? Because Michael was the first person to see it, he's the first suspect. Because Link is one of the most popular guys in school, everyone's looking to him to figure it out. And because Dana's the only Jewish girl in the whole town, everyone's treating her more like an outsider than ever. The mystery deepens as more swastikas begin to appear. Some students decide to fight back and start a project to bring people together instead of dividing them further. The closer Link, Michael, and Dana get to the truth, the more there is to face-not just the crimes of the present, but the crimes of the past. With *Linked*, Gordon Korman, the author of the acclaimed novel *Restart*, poses a mystery for all readers where the who did it? isn't nearly as important as the why?

Lessons of the Locker Room Andrew W. Dr Miracle, C. Roger Rees, 2010-08-05 Do sports build character? An anthropologist and a sociologist explore the underpinnings of school sports and examine the evidence to support the prevailing assumption that sport is an ennobling experience. They find that participation has little effect on positive character development. Far from building model citizens, their research shows that competitive team sports may foster selfish motives and antisocial

behavior. Rather than learning self-sacrifice and dedication, athletes often pick up the message that winning isn't everything - it's the only thing.

The Bodyguard Sean Rodman, 2019-01-29 Ryan wants to give up football and apply to his dream university, but to afford it he may have to insert himself into some strange and possibly dangerous situations. Ryan Hale, aka Replay, is the most successful running back in his high school's history. With university scouts making him offers he can't refuse, his future seems set. The problem is, Ryan would much rather go to film school. But his dad doesn't want to hear it. His teammates sure don't. He can't afford the application fees anyway. But then a solution appears when Markus, a strange exchange student with outrageous stories about mobsters and hackers, offers to pay Ryan to be his bodyguard. Things get complicated when Ryan realizes the stories may be closer to the truth than anyone imagined.

Pie in the Sky Remy Lai, 2019-06 El Deafo meets Inside Out and Back Again in this funny, emotional illustrated middle-grade debut about immigrating to Australia, being upstaged by an annoying little brother, baking cakes and overcoming loss. When Jingwen moves to Australia, he feels like he's landed on Mars. Making friends is impossible, since he doesn't speak English, and he's stuck looking after his little brother Yanghao. But Jingwen knows how to make everything better. If he can just make all of the cakes on the menu of the bakery his father had planned to open-and complete the dream he didn't have time to finish-then everything will be okay. Sure, he'll have to break his mother's most important rule about not using the oven when she's at work, keep his little brother from spilling his secret, and brush up on his baking skills, but some things are worth the risk. In her debut novel, Remy Lai captures with humour and heart, what it means to want desperately to belong and just how powerful one wish can be.

Helping Students Take Control of Everyday Executive Functions Paula Moraine, 2012 This book presents an innovative model for supporting executive function in students with attention, memory, organization, planning, inhibition, initiative, and flexibility difficulties, including those with ADHD, ADD, autism spectrum disorders and related conditions. The author advocates a student-centred approach in which educators first explore 8 key 'ingredients' with the student: relationships; strengths and weaknesses; self-advocacy and responsibility; review and preview; motivation and incentive; synthesis and analysis; rhythm and routine; and practice and repetition. She provides a step-by-step explanation of how these 'ingredients' can then be used in different ways and in different combinations to successfully address particular areas of difficulty. The approach is clearly explained, and the book contains many useful examples, practical tips and strategies, suggested conversation starters, sample time management plans and other tools that can be adapted to meet the particular needs of individual students. Original and effective, the approach outlined in this book will be of interest to teachers and other professionals involved in

supporting executive function in students of all ages, as well as parents and carers.

Cowards Trent Portigal, 2015-09-25 *Cowards* recounts the collapse of the painstakingly constructed life of a family in a society split between formal European and Saskatchewan-style pragmatic socialism. Lora and Léon Chaulieu, the former a respected judge and the latter a blacklisted writer, manage to keep their family on the right side of the law and the prospects of their two teenage daughters open until Lora is reassigned from

the capital, where the family lives, to a small prairie city. This forces Léon to become the central parental figure, making it impossible to keep up the wall between his subversive activities and his home life. Without the balancing influence of Lora, the turmoil caused by the meeting of these two worlds leads the whole family down a path of increasing lawlessness.

But if this crazy idea works, Kirby will get to meet his hero—who he secretly also hopes is his long-lost father.

Fans of Jacqueline Woodson, Meg Medina, and Jason Reynolds will fall hard for this astonishing New York Times-bestselling novel-in-verse by an award-winning slam poet, about an Afro-Latina heroine who tells her story with blazing words and powerful truth. Xiomara Batista feels unheard and unable to hide in her Harlem neighborhood. Ever since her body grew into curves, she has learned to let her fists and her fierceness do the talking. But Xiomara has plenty she wants to say, and she pours all her frustration and passion onto the pages of a leather notebook, reciting the words to herself like prayers—especially after she catches feelings for a boy in her bio class named Aman, who her family can never know about. With Mami's determination to force her daughter to obey the laws of the church, Xiomara understands that her thoughts are best

kept to herself. So when she is invited to join her school's slam poetry club, she doesn't know how she could ever attend without her mami finding out. But she still can't stop thinking about performing her poems. Because in the face of a world that may not want to hear her, Xiomara refuses to be silent. "Crackles with energy and snaps with authenticity and voice." —Justina Ireland, author of *Dread Nation* "An incredibly potent debut." —Jason Reynolds, author of the National Book Award Finalist *Ghost* "Acevedo has amplified the voices of girls en el barrio who are equal parts goddess, saint, warrior, and hero." —Ibi Zoboi, author of *American Street* This young adult novel, a selection of the Schomburg Center's Black Liberation Reading List, is an excellent choice for accelerated tween readers in grades 6 to 8.
