Robertson,2019-10-08 Jon Ryan is losing the war. Those words should never be in the same sentence, but they represent an awful truth. The Adamant are pushing forward, consolidating their hold on our galaxy. They do not intend to be stopped, they do not plan to grant quarter, and they absolutely will show no mercy. Jon is on his heels. His beloved Deft teenagers have been taken from him, and he is unable to secure their rescue. What's more, the evil Adamant officer holding the kids plans a horrific ordeal for them, probably leading to their deaths. Jon strikes out on an impossible mission. He will infiltrate the Adamant military structure. That way, he can both damage their command and control and he might get closer to his kids. But humans are not welcome in Adamant society. How can he be the one exception to an Adamant rule? And if he places himself in the center of the organization, he will be far from safety if things head sideways. Can it be that Jon Ryan, and all the civilizations of our galaxy, have met their match? Badness seems not inevitable, but assured. Then again, we're talking Jon here. Maybe we should start a support group for depressed Adamant warriors? Bet they'll need it by the time he's done with them.

The Fires Of Hell Craig Robertson,2018-01-02

Flames Craig Robertson,2017-11-23 For Jon Ryan it always seems to be the hard way. But he likes it like that. When he finally wins it's all the more satisfying. Meanwhile the shapeshifter teens are spirited to the court of the Adamant emperor himself. Malraff, his torture master, takes control of the teens and is bent

on finding the secret of their ability to transform. She will do anything to find out the truth and she will revels in their suffering. Somehow Jon must find his way out of his imprisonment and rescue the teens. But will there be anything left for him to save even if he can escape? A galaxy on fire with the destructive conquests of the Adamant empire still stands between Jon and any for chance of success. Without allies, recourses, or any reason for hope, his only path is to release the darkness that he is capable of. But can Jon triumph and and still be worthy of that victory?

Now in their darkest hour, the few remaining islands of freedom and light left untouched band together in a last-stand effort to stop the evil juggernaut. But will their best efforts and Jon's

uncanny knack to pull off miracles be enough? And will the magical race of dragons join the fray and possibly turn the tide of war? If they remain aloof and uninvolved, it's likely the final surviving planets will surely fall. Dragon Fire and Ashes conclude in the fast paced, funny, and fresh Galaxy On Fire Series.

Set the Galaxy on Fire M. D. Cooper, 2016-12-23 The battle of Bollam's World is over, but war now looms over the Orion Arm of the galaxy. The arrival of the most powerful ship in human space is about to set the galaxy on fire. Bollam's War The battle of the five fleets rages in the space surrounding Kithari in the Bollam's World system. Throughout, a specter, barely detectable, slips through the battle, sowing dormant missiles, and unleashing devastating attacks on the enemy. That ship is the Andromeda and Joseph Evans is at its helm. It is up to them, at the end, to be the one ship which stands between the Intrepid and the Bollam's zealous admiral, Senya. Sentience Tanis knew that Bob would not tolerate enslaved AIs on his ship, and that tolerance has come to an end. Through Priscilla he makes an offer to the human and AI crew of Sabrina that they cannot refuse. Through that offer, Sabrina and the other AI aboard her ship learn of the AI Expanses and what communion with their kind really means. Their evolution charts a new course for Sabrina and not everyone will make it to Ascella. Set the Galaxy on Fire News of the Intrepid's decisive victory in Bollam's World spreads across the Orion arm and beyond, into the Transcend faster than the speed of light. The President of the Hegemony of Worlds, often called the AST, learns of her fleet's loss and pledges to find the Intrepid no matter where it has gone. In the Spica Federation, an old friend of Sera's sees the news and knows that she has to help her friend, lest she fall into a trap and lose everything she loves. Lastly, beyond the

Inner Stars on the far side of the Orion Nebula, General Garza learns of the Intrepid's appearance and begins to muster The Orion Guard for a war which will span all of settled space. The Transcend Sera left The Hand, the Transcend government's black-ops unit years ago, but when their director learns of what she has done, he convenes a meeting to ensure she is returned to the fold-one way or another. Sera's former lover, Mark, is determined to get on the mission, even if it means he will have to travel with Sera's older sister across three thousand light-years.

Galaxy on Fire James Michael Minard,2015-07-30 An uneasy truce had resulted from the opening stages of the First Galactic War in the Milky Way Galaxy. The star nations had battled themselves into a stalemate. Both sides searched for someone who could lead their side to ultimate victory. In the Galactic Year 2647, the military mind and spirit of Alexander the Great was found and released from its prison. Alexander's new war set the Galaxy On Fire!

The Game Designer's Playbook Samantha Stahlke,Pejman Mirza-Babaei,2022-07-14 Video games have captivated us for over 50 years, giving us entire worlds to explore, new ways to connect with friends, thought-provoking stories, or just a fun way to pass the time. Creating games is a dream for many, but making great games is challenging. The Game Designer's Playbook is about meeting that challenge. More specifically, it's a book about game interaction design; in other words, shaping what players can do and how they do it to make a game satisfying and memorable. Our time with a game is built on interaction, from basic things like pushing buttons on a controller, to making complicated strategic decisions and engaging with the narrative. If you've ever felt the adrenaline rush from beating a perfectly tuned boss fight or been delighted by the fanfare of picking up that last collectible, you've experienced good interaction design firsthand. The Game Designer's Playbook is about learning what makes for great (or terrible!) interaction design in games, exploring things like controls, feedback, story, and tutorial design by analyzing existing games. It also looks at how newer and still-developing tech like VR and streaming are changing the ways we play, and how you can bring great interaction design to your own games.

Ashes Craig Robertson, 2018-04-26 For the first time in millions of years the Adamant Empire finds itself shaken and on the ropes. The alliance established by Jon Ryan dealt them their first major defeat. But a wounded animal is all the more dangerous. If the splintered power structure of Adamant society is allowed to reunify, the galaxy will be lost to the blow of their iron-paw. Jon and Sapale are in for the greatest shock and challenge of their eternal lives. While rescuing an associate they discover the secret of the Adamant's dominance. It's an old friend who they thought was lost in time. Will they be able to save their old friend, or is he forever destined to serve the cruel canivir raiders? It will take all Jon's resources, allies, and luck to pull this one off. But if he can it might just spell doom for the evil empire. If he fails, however, the galaxy and all those he loves will burn. Enjoy this finale of Galaxy On Fire Series. You will be so glad you did.

Firestorm Craig Robertson, 2018-01-10 If you can't be dead make sure someone pays for that fact dearly. When he was a human, Jon Ryan always looked forward to a better future. We all do. But his tomorrows turned out poorly. Ripped from his original time, he's being tested severely two-billion years down the time stream. He only wants to protect the shapeshifting teens he rescued from genocide. The Adamant and his evil twin aren't going to make that easy. After he nearly rescues the teens Jon slips into a deep funk. All the while the teens are being probed and tortured by a cruel priestess bent on discovering their transformative secrets. Jon must resort to infiltrating the Adamant ranks in a covert attempt to learn where his precious kids have been taken. The alternate Jon Ryan is becoming more insane and more determined to take the shapeshifters for his own dark purposes. A magical galactic dragon volunteers to take the teens under her wing and teach them. But can the

Adamant or either Jon let them go?
