Rogues' Gallery Philip Hook, 2017-10-31 This "expert and elegantly written" book reveals how dealers have been a major force in art history from the Renaissance to the avant garde (The Guardian, UK). Philip Hook's riveting narrative takes us from the early days of art dealing in Antwerp, where paintings were sold by weight, to the unassailable hauteur of contemporary galleries in New York, London, Paris, and beyond. Along the way, we meet a surprisingly wide-ranging cast of characters—from tailors, spies, and the occasional anarchist to scholars, aristocrats, and connoisseurs, some compelled by greed, some by their own vision of art—and some by the art of the deal. Among them are Joseph Duveen, who almost single-handedly brought the Old Masters to America; Paul Durand-Ruel, the Impressionists' champion; Daniel-Henry Kahnweiler, high priest of Cubism; Leo Castelli, dealer-midwife to Abstract Expressionism and Pop Art; and Peter Wilson, the charismatic Sotheby's chairman who made a theater of the auction room. Full of unforgettable anecdotes and astute insight, *Rogue's Gallery* offers "a front-row seat and a backstage pass to this arcane and obsessively secretive profession" (Hannah Rothschild, Mail on Sunday, UK).

Playing to the Gallery Grayson Perry, 2015-05-05 Grayson Perry's book will overturn everything you thought you knew about "art" Now Grayson Perry is a fully paid-up member of the art establishment, he wants to show that any of us can appreciate art (after all, there is a reason he's called this book *Playing to the Gallery* and not *Sucking Up to the Academic Elite*). This funny, personal journey through the art world answers the basic questions that might occur to us in an art gallery but that we're too embarrassed to ask. Questions such as: What is "good" or "bad" art—and does it even matter? Is art still capable of shocking us or have we seen it all before? And what happens if you place a piece of art in a rubbish dump?

Outdoor Gallery Yoav Litvin, 2014 *Outdoor Gallery – New York City* documents the vibrancy of the diverse contemporary street art environment of New York City. The book predominantly collects the work of New York based artists, running the gamut from old school graffiti writers such as COPE2, to contemporary street artists such as HELLBENT, EKG, ASVP, CERN and GAIA. Their work is showcased alongside that of some international fellow travelers including NICK WALKER, THE YOK, SHERYO and KRAM. The book features hundreds of pieces of art by 46 different artists. The well-photographed works are accompanied by the artists musings on New York, street art and their own work and processes. This work is non-permanent and necessarily current and relevant. In *Outdoor Gallery New York* resident and author Yoav Litvin successfully documents the zeitgeist.

Annibale Carracci, the Farnese Gallery, Rome Charles Dempsey, 1995 The magnificent frescoes in chapels, town halls, and palaces across Italy together represent one of the greatest achievements of Renaissance art. Commissioned both by private patrons and by the Church, artists such as Giotto, Masaccio, Piero della Francesca, Mantegna, and Annibale Carracci responded with images of matchless beauty. Leading scholars of Renaissance art and culture treat the works selected for this series in their artistic and historical contexts; each cycle is illustrated with a complete set of the highest quality color reproductions.

Tangible Gallery Curated by Jonathon, Jonathon McNair, 2016-07-06 Personal publications and books are a fundamental step for an artist as it is important to communicate the right messages to art lovers, galleries and collectors. Stature, credibility and elegance are of exceptional importance if an artist wishes to succeed. The function of Tangible Gallery is tied to the redefining of contemporary art-world values. Throughout history, artists have transformed communities, revitalized neighborhoods and inspired people to think, act, look outward, and inward. Artists have proved to be spiritual guides on how to live, how to creatively approach business and how to take part in the community. We began this series after realizing that there's space in the market for a magazine that covers bold, often unheralded music,

art and culture in an unpretentious, approachable way. Art is a place, and that place is Tangible Gallery. Our books aren't a museum of what was, but of what is and what could be. We do not merely just want to see or print art; we strive to deliver a product that can hardly be put into words. We want to be united with the art we produce, to pass into it, to become a part of it. The more prestigious a publication is, the more prestigious an artist becomes and many galleries actually require printed publications to help present and promote an artist to their clients. This is the publication artists will read when they travel; take with them on photo-shoots; or crack open before they paint or illustrate. This tangible piece of art is that endless source of inspiration that's needed.

17 Converge Gallery, 2016-12-19 The 2017 program for Converge Gallery is filled with excitement, new energy, and even a few surprises. I often think back to the beginning of Converge when we had more space than we could possibly utilize. During this period of time, we would plan our exhibitions only weeks before the displayed work was set to come down. The gallery has moved to a more forward-thinking approach with regards to scheduling, and we have begun booking exhibitions on an annual basis. With this new, focused gallery program and our recently renovated exhibition space, we decided to generate an annual book (with this one serving as the inaugural edition) as a new initiative. This will catalog the different exhibitions that we show each year and provide gallery patrons with information and photos in order to excite you as every event arrives.
