Mallory se muda (Mallory on the Move) Laurie

Friedman, 2014-01-01 When eight-and-a-half-year-old Mallory McDonald's parents tell her that they are moving, she's mad—really mad! It's not fair! How can they make her move away from Mary Ann, her best friend in the whole wide world? Who will she paint her toenails with, tell secrets to, and make scrapbooks with? When Mallory arrives at her new house on Wish Pond Road, things are terrible. Her room is too small and the girl next door is mean. But Joey lives next door, too. Even though he doesn't paint his toes, he tells jokes, helps teach her cat to do tricks, and shows her how to skateboard. Mallory's having so much fun she forgets the pact she made with Mary Ann never to make friends with a boy next door. But, when Mary Ann comes to visit, what will Mallory do? Will she have to choose between her best friend and her new friend?

Les « chambres de verre », les résidences d'artistes, seraient donc comme des sphères, à la fois d'introspection et d'auto-exposition, dont la mission serait de faciliter l'émergence de nouvelles singularités, de nouvelles relations et des connexions insoupçonnées à partir de ce qui est connu, de ce qui est inconnu et de ce qui est imaginé, en permettant à la distraction et à la rupture d'intégrer le processus créatif. Or, ne s'agit-il pas là de certaines des caractéristiques de ladite « recherche artistique » ? Les résidences d'artistes ne sont-elles pas des espaces de vie créés pour encourager la recherche artistique et la production qui s'ensuit ? Marta Gili

The Quiche of Death M. C. Beaton, 2010-04-01 The first book in M. C. Beaton's New York Times bestselling Agatha Raisin series—now a hit show on Acorn TV and public television. Putting all her eggs in one basket, Agatha Raisin gives up her successful PR firm, sells her London flat, and settles in for an early retirement in the quiet village of Carsely. But she soon finds her life of leisure isn't all it's cracked up to be. Bored, lonely, and used to getting her way, she enters a local baking contest: Surely a blue ribbon for the best quiche will make her the toast of the town. But her recipe for social advancement sours when the judge, Mr. Cummings-Browne, not only snubs her entry but also falls over dead! After her quiche's secret ingredient turns out to be poison, she must reveal the unsavory truth. . . . That is, Agatha has never baked a thing in her life! In fact, she bought her entry ready-made from an upper-crust London quicherie. Grating on the nerves of several Carsely residents, she is soon receiving sinister notes. Has her cheating and meddling landed her in hot water, or are the threats related to the suspicious death? It may mean the difference between egg on her face and a coroner's tag on her toe. . . . The Quiche of Death, the first book in this beloved series, is now a Minotaur Signature Edition, complete with a discussion guide and essay by the author.

Oreo Fran Ross,2015-07-07 A pioneering, dazzling satire about a biracial black girl from Philadelphia searching for her Jewish father in New York City Oreo is raised by her maternal grandparents in Philadelphia. Her black mother tours with a theatrical troupe, and her Jewish deadbeat dad disappeared when she was an infant, leaving behind a mysterious note that triggers her quest to find him. What ensues is a playful, modernized parody of the classical odyssey of Theseus with a feminist twist, immersed in seventies pop culture, and mixing standard English, black vernacular, and Yiddish with wisecracking aplomb. Oreo, our young hero, navigates the labyrinth of sound studios and brothels and subway tunnels in Manhattan, seeking to claim her birthright while unwittingly experiencing and triggering a mythic journey of self-discovery like no other.

Writing in a Bilingual Program Carole Edelsky, 1986-01-01

This volume examines the writing of children enrolled in an unusual bilingual program in the Southwest that emphasized writing in the first language until literacy was well established, and which attempted to offer an integrated curriculum. As a

result, the volume presents research findings on children's spelling in both Spanish and English, their written code switches, segmentation, beginnings and endings of pieces, quality of the content, the relationship of first and second language writing, the role of the teacher in children's writing, and evidence that refutes common beliefs about writing, bilingualism, and other topics. From a broader perspective, the volume presents three different, yet interwoven stories: changes in children's writing over time; evolution of the theoretical stance used to analyze writing as well as changes in the theory that played an important role in shaping some of what occurred in the children's classrooms; and an unfolding of some of the events in this bilingual program and the relation of these events to children's writing and classroom practice.
