The Gang Capitol Raymoutez Price, 2013-06-17 The graphic details of gang wars and racism is mentioned on a wide world aspect designed to vindicate the minds of the youth whom are involved in gangs, my views are intense and genuine facts, some methods of gang prevention applied can increase life expectancy of gang members seeking to exit before an untimely demise result of being murdered in gang wars. I have discussed many topics relating to gang wars how gang wars are initiated due to many diverse reasons. I truly disagree that there are many books that exist that describe in vivid constructive details of gang war. The very broad story told millions of times but never before with so much intel so exclusively with real people living in the battle zone of the concrete jungles with genuine full fl edge up front exposure. Police offi cers would agree that these views are very enlightening and expressive with vital concepts that are identical to a vet whom have endured many tours of confl ict. The dark side of Watts exposure of the riots of 1965 and 1992 the vague topic of racism that people dodge frequently dropping the ball of unwanted troubles. The truth to combat gangs you must combat racism. Long ago the black panther were groups that evolved to decrease racial confl icts. Today those groups are called gangs. The panthers are where it begin gangs are where it stands now!

Encyclopedia of Gangs Louis Kontos, David C. Brotherton, 2007-11-30 In light of Los Angeles' gang state of emergency, ethnic and minority gangs are arguably more high profile now than at any other time in our history. News media typically focus on the crime and violence associated with gangs, but not much else. This encyclopedia seeks to illuminate the world of gangs, including gang formations, routine gang activities, aberrations and current developments. One hundred essay entries related to gangs in the United States and worldwide provide a diffuse overview of the gang phenomenon. Each entry defines and explains the term, provides an historical overview, and explains its significance today. As the following entries demonstrate, gangs are part of the fabric of American society. They are not only in our communities but also our schools and other social institutions. Understanding the world of gangs is therefore needed to understand American society. Entries include: Bikers, Bloods, Cholas, Crips, gang mythology, gang warfare, graffiti, Hell's Angels, Hong Kong Triads, Latin Kings, law enforcement, occultic gangs, mafia, media, prison gangs, rites, Skinheads, Streetgang Terrorism Omnibus Prevention Act, tattoos, trafficking, Wanna-bes, West Side Story, Witness Protection programs, and youth gangs.

Natural Born Gangster C. J. H. MOORE, 2020-03-09 Chris Bell was born on the West Side of Chicago and attended Catholic elementary school on the South Side. He was an unusual and gifted star child who was beyond his mother's understanding. His gang activities kept him out of the regular sequential leap from grade to grade. He joined his first martial arts gang, GGWB (Good Guys Wear Black), just after kindergarten, because he was being bullied everyday by an older kid. He earned his high school diploma by challenging the GED at his mother's behest, after reading books on math, language arts, classics, and Aesop's Fables, which he loved the most, in local libraries day and night, well before his eighteenth birthday, and earned the title the richest man in the world by working and fighting in the underground. In his youth, he consolidated the dangerous Black Disciples and Vice Lord gangs of Chicago and all their subdivisions to complete his dream in building another Black Wall Street on the West Side. After he met Madi, Derek Jenkins, and the Stepfather, he moved closer to his dreams. When the Shadow of Knights confiscated sixty tons of drugs and guns off the Chicago streets and placed them on the FBI's doorstep, the ghetto ninjas were a marked group.

Gang Life Mark Totten,2014-03-27 For the first time, here's a no-holds-barred inside account of life for criminal gang members in cities and towns across Canada. Mark Totten has slowly gained the confidence of gang members in many Canadian cities and small towns, and he knows enough to get the real goods from these men and women. In this book he tells the life stories -- so far -- of ten gang members drawn from across the country. Murderers, rapists, addicts, drug traffickers, victims of child abuse, abusers themselves -- these are people who many consider the worst of the worst. But from their life stories, a more nuanced and complex picture emerges. The circumstances and events which lead children and teens into criminal life become clearer. Meet: Jake, a 28-year-old former neo-Nazi skinhead gang member who beat people up just for the fun of it, then became a drug dealer and a freelance enforcer for organized crime groups Kim, a Cree woman with two addicted parents who joined her gang at 14, kept off drugs, and ran a group of prostitutes until going to jail -- at just 16 Dillon, a Latino-Canadian, sexually and physically abused as a young boy, a drug dealer and gang leader in high school and later head of a local chapter of a major international gang until he was honoured out No one will think the same way about criminal gang members and the circumstances that lead to a life in crime after reading this compelling and revealing book.

Street Gangs Throughout the World Herbert C. Covey,2003 Although a substantial amount of research on street gangs has been conducted in recent decades, much of it has focused on the United States. This book attempts to summarize much of the research being conducted in many other countries throughout the world where the street gang phenomenon is currently developing. The

introductory section of the text addresses important topics on the various definitions of gangs and youth subcultures and presents methodological issues concerning the measurement of street gang activity in different countries. Section 2 offers an overview of the primary studies and most recent findings regarding American street gangs. The third section discusses recent and historical findings about street gangs in Europe and highlights studies in Great Britain, Northern Ireland, Scotland, France, Germany, Belgium, Scandinavia, and the Eastern European bloc. Section 4 presents current research on the Western Hemisphere and focuses on Canada, Jamaica, Brazil, Venezuela, Nicaragua, Trinidad, Ecuador, Tobago, and El Salvador and further examines the influence of American-style gangs on the region. The fifth section addresses street gangs in India, China, Japan, Hong Kong, and Korea, with special emphasis on Russia. Section 6 discusses the emerging street gang activity in the immense continents of Africa and Australia, as well as many of the island nations of the Pacific Ocean. The final section compares gang research from the various parts of the world and projects universal trends. The goal of this volume is to provide the most current and comprehensive overview of worldwide street gang activity emphasizing those features that are shared by all gangs regardless of nationality, ethnicity, or gender.
