Paradise City Lorenzo Carcaterra,2005-08-30 The most exciting achievement to date from the acclaimed author of *Sleepers* and *Gangster*, *Paradise City* is a riveting thriller of two cops and two countries, a stunning crime novel about the roots of revenge, honor, and evil. As a fifteen-year-old, Giancarlo Lo Manto learned about injustice the hard way. His father was gunned down by the Camorra, the murderous clan run by Don Nicola Rossi. When his mother moved him from New York back to his family's ancestral home in Naples, Gian found himself face-to-face with the source of the mob's strength, the spring that spawned its deadly killers. Today, twenty-three years later, he is a dogged detective on the Naples police force, homicide division, the most dangerous beat in Europe. He is the nemesis of all who export evil, the man who stops it before it spreads overseas. His efforts have not gone unnoticed. "The strength of Naples reinforces the muscle of New York"—and now the two worlds are about to collide. In the highest towers of the most expensive streets of New York City, Pete Rossi, the son of Don Nicola, has decided to bring Gian back to America—permanently. When Gian learns that his teenage niece, Paula, has gone missing in Manhattan, he cancels a much-needed vacation to Capri, to paradise, joking that "one island is just as good as the other." Gian's homecoming will be anything but smooth. Someone must

always watch his back, and Detective Jennifer Fabini gets the job. A gifted officer with her own personal demons, Jennifer thinks she'll be dealing with a peasant from the old country. The handsome, reserved, unrelenting Gian is a revelation: an irritant and a temptation—especially for a woman who has sworn off cops as lovers. Together the two must solve a disappearance that appears to be a kidnapping . . . but turns out to be a deadly trap. As they dash from the sun-struck villages of Italy to the darkest drug dens of New York, their journey links old-world honor and modern-day danger, and ends in a dizzying explosion of the present and the past. Paradise City is Lorenzo Carcaterra's richest entertainment, a book that is at once a sensational crime novel and a provocative exploration of his trademark themes: violence and innocence, love and revenge.

Experiencing Music Video Carol Vernallis, 2004-06-16 Music videos have ranged from simple tableaux of a band playing its instruments to multimillion dollar, high-concept extravaganzas. Born of a sudden expansion in new broadcast channels, music videos continue to exert an enormous influence on popular music. They help to create an artist's identity, to affect a song's mood, to determine chart success: the music video has changed our idea of the popular song. Here at last is a study that treats music video as a distinct multimedia artistic genre, different from film, television, and indeed from the songs they illuminate—and sell. Carol Vernallis describes how verbal, musical, and visual codes combine in music video to create defining representations of race, class, gender, sexuality, and performance. The book explores the complex interactions of narrative, settings, props, costumes, lyrics, and much more. Three chapters contain close analyses of important videos: Madonna's *Cherish*, Prince's *Gett Off*, and Peter Dinklage's *Mercy St.*

Making a Promised Land Paula J. Massood, 2013-01-22 *Making a Promised Land* examines the interconnected histories of African American representation, urban life, and citizenship as documented in still and moving images of Harlem over the last century. Paula J. Massood analyzes how photography and film have been used over time to make African American culture visible to itself and to a wider audience and charts the ways in which the “Mecca of the New Negro” became a battleground in the struggle to define American politics,

aesthetics, and citizenship. Visual media were first used as tools for uplift and education. With Harlem's downturn in fortunes through the 1930s, narratives of black urban criminality became common in sociological tracts, photojournalism, and film. These narratives were particularly embodied in the gangster film, which was adapted to include stories of achievement, economic success, and, later in the century, a nostalgic return to the past. Among the films discussed are *Fights of Nations* (1907), *Dark Manhattan* (1937), *The Cool World* (1963), *Black Caesar* (1974), *Malcolm X* (1992), and *American Gangster* (2007). Massood asserts that the history of photography and film in Harlem provides the keys to understanding the neighborhood's symbolic resonance in African American and American life, especially in light of recent urban redevelopment that has redefined many of its physical and demographic contours.

Gangster Lorenzo Carcaterra, 2002-07-30 Love. Violence. Destiny. These powerful themes ricochet through Lorenzo Carcaterra's new novel like bullets from a machine gun. In *Gangster*, he surpasses even his bestselling *Sleepers* to create a brutal and brilliant American saga of murder, forgiveness, and redemption. Born in the midst of tragedy and violence and raised in the shadow of a shocking secret, young Angelo Vestieri chooses to flee both his past and his father to seek a second family—the criminals who preside over

early 20th century New York. In his bloody rise from soldier to mob boss, he encounters ever more barbaric betrayals—in friendship, in his brutal business, in love—yet simultaneously comes to understand the meaning of loyalty, the virtue of relationships, and gains a perspective on the lonely, if powerful, life he has chosen. As the years pass, as enemies are made and defeated, as wars are fought and won, the old don meets an abandoned boy who needs a parent as much as protection. By taking Gabe under his wing and teaching him everything he knows, Angelo Vestieri will learn, in the winter of his life, which is greater: his love for the boy he cherishes, or his need to be a gangster and to live by the savage rules he helped create. A sweeping panoramic with riveting characters, a unique understanding of the underworld philosophy, and a relentless pace, *Gangster* travels through the time of godfathers and goodfellas to our own world of suburban Sopranos. But this is more than just an authentic chronicle of crime. Setting a new standard for this acclaimed author, *Gangster* is a compassionate portrait of one man's fight against his fate—and an unforgettable epic of a family, a city, a century.

Born Gangster Jimmy Tippet Jnr, 2014-04-07 So there I am, still not 13 years old, seeing everything the underground has to offer. I remember my dad pouring carrier bags of cash onto the bed -- I wanted that life. He was a real gentleman and I wanted to follow in his well-heeled footsteps...Jimmy Tippet Jnr was born into gangster aristocracy. Son of legendary boxer and

South London heavy, Jimmy Tippett, he grew up rubbing shoulders with the most notorious faces in London. The result was a lifestyle amongst the criminal elite - and with an upbringing like Jimmy's, what could go wrong? He had the brains, the muscle and the balls to be a player, and when the work was done there were cars, cash, drugs, girls and high times. His reputation as a man not to be crossed was undisputed. But as Jimmy travelled deeper into the heart of the underworld, his judgement began to falter. Mired in cocaine and paranoia, his operation began to come off the rails. Friends and foes alike became targets, and the world he had known for so long threatened to tear him apart...Uncompromising in its language, pace and style, Born Gangster is the ultimate ride into the exclusive, power-driven world of the gangster, told by a man who has lived and breathed the underworld for most of his life. It will leave you breathless.

House of Trump, House of Putin Craig Unger, 2019-09-03 THE NEW YORK TIMES BESTSELLER "The story Unger weaves with those earlier accounts and his original reporting is fresh, illuminating and more alarming than the intelligence channel described in the Steele dossier."—The Washington Post House of Trump, House of Putin offers the first comprehensive investigation into the decades-long relationship among Donald Trump, Vladimir Putin, and the Russian Mafia that ultimately helped win Trump the White House. It is a chilling story that begins in the 1970s, when Trump made his first splash in the booming, money-drenched world of New York real estate, and ends with Trump's inauguration as president of the United States. That moment was the culmination of Vladimir Putin's long mission to undermine Western democracy, a mission that he and his hand-selected group of oligarchs and Mafia kingpins had ensnared Trump in, starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City. This book confirms the most incredible American paranoias about Russian malevolence. To most, it will be a hair-raising revelation that

the Cold War did not end in 1991—that it merely evolved, with Trump’s apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union. In *House of Trump, House of Putin*, Craig Unger methodically traces the deep-rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia. He traces Donald Trump’s sordid ascent from foundering real estate tycoon to leader of the free world. He traces Russia’s phoenix like rise from the ashes of the post-Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower. Without Trump, Russia would have lacked a key component in its attempts to return to imperial greatness. Without Russia, Trump would not be president. This essential book is crucial to understanding the real powers at play in the shadows of today’s world. The appearance of key figures in this book—Paul Manafort, Michael Cohen, and Felix Sater to name a few—ring with haunting significance in the wake of Robert Mueller’s report and as others continue to close in on the truth.

The Truth about Crime Jean Comaroff, John L. Comaroff, 2016-12-05 In this book, renowned anthropologists Jean and John L. Comaroff make a startling but absolutely convincing claim about our modern era: it is not by our arts, our politics, or our science that we understand ourselves—it is by our crimes. Surveying an astonishing range of forms of crime and policing—from petty thefts to the multibillion-dollar scams of too-big-to-fail financial

institutions to the collateral damage of war—they take readers into the disorder of the late modern world. Looking at recent transformations in the triangulation of capital, the state, and governance that have led to an era where crime and policing are ever more complicit, they offer a powerful meditation on the new forms of sovereignty, citizenship, class, race, law, and political economy of representation that have arisen. To do so, the Comaroffs draw on their vast knowledge of South Africa, especially, and its struggle to build a democracy founded on the rule of law out of the wreckage of long years of violence and oppression. There they explore everything from the fascination with the supernatural in policing to the extreme measures people take to prevent home invasion, drawing illuminating comparisons to the United States and United Kingdom. Going beyond South Africa, they offer a global criminal anthropology that attests to criminality as the constitutive fact of contemporary life, the vernacular by which politics are conducted, moral panics voiced, and populations ruled. The result is a disturbing but necessary portrait of the modern era, one that asks critical new questions about how we see ourselves, how we think about morality, and how we are going to proceed as a global society.
