📖 **OMEGA** Kari Gregg,2016 After one mind-shattering night with a stranger at a local leather bar leaves him forever changed, Gabriel lives on the streets as a vagrant to elude the master who hunts him, but the shifter is a fierce, stubborn predator who reclaims him soon enough. He is the rarest among their kind: a human omega. Treasured? Or cursed? As Gabriel’s father, the distinguished gentleman from Pennsylvania and stalwart of the conservative party, pushes the considerable resources at his disposal to locate his missing son, Gabriel explores who and what he is under his master’s careful protection. Gabriel falls for the shifter who is lover and destroyer, owner and…friend?Content Warnings: Dubious consent, lotsa kink, and an embarrassment of riches in hormonal anarchy - RAWR!

📖 **MODERN LOSS** Rebecca Soffer,Gabrielle Birkner,2018-01-23 Inspired by the website that the New York Times hailed as redefining mourning, this book is a fresh and irreverent examination into navigating grief and resilience in the age of social media, offering comfort and community for coping with the mess of loss through candid original essays from a variety of voices, accompanied by gorgeous two-color illustrations and wry infographics. At a time when we mourn public figures and national tragedies with hashtags, where intimate posts about loss go viral and we receive automated birthday reminders for dead friends, it’s clear we are navigating new terrain without a road map. Let’s face it: most of us have always had a difficult time talking about death and sharing our grief. We’re awkward and uncertain; we avoid, ignore, or even deny feelings of sadness; we offer platitudes; we send sympathy bouquets whittled out of fruit. Enter Rebecca Soffer and Gabrielle Birkner, who can help us do better. Each having lost parents as young adults, they co-founded Modern Loss, responding to a need to change the dialogue around the messy experience of grief. Now, in this wise and often funny book, they offer the insights of the Modern Loss community to help us cry, laugh, grieve, identify, and—above all—empathize. Soffer and Birkner, along with forty guest contributors including Lucy Kalanithi, singer Amanda Palmer, and CNN’s Brian Stelter, reveal their own stories on a wide range of topics including triggers, sex, secrets, and inheritance. Accompanied by beautiful hand-drawn illustrations and witty how to cartoons, each contribution provides a unique perspective on loss as well as a remarkable life-affirming message. Brutally honest and inspiring, Modern Loss invites us to talk intimately and humorously about grief, helping us confront the humanity (and mortality) we all share. Beginners welcome.

📖 **ASK A MANAGER** Alison Green,2018-05-01 From the creator of the popular website Ask a Manager and New York’s work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

📖 **THE ANGEL CHRONICLES** GD Thompson Sr.,2010-04-22 Disguised as fiction, The Angel Chronicles takes you to a world undiscoveredthe real world and a world of personal discovery. It chronicles the life of Rene Thomas Colby. Just a man or so he thought. Until he discovers how to start believing and understanding his feelings for what he feels at the deepest reaches of his heart. He battles problems of the mind, fears, and doubts to discover what he doubted was his truth and the truth of so many. Through his trials and tribulations, he discovers the one thing he had lost for so longhis heart. On his journey of self-discovery, he finds out there is another like him, only she doesn’t realize the journey in which she is partaking. It becomes a battle to aid her into coming out of the darkness as he is attempting. He realizes a mission. If she could only open up to the truth and gather the knowledge, he tries to give her. She too might really enjoy her purpose and, that she actually has purpose and her existence accounts for something in the multitudes of what is abnormal. In addition, just how important she really is to the others who are a lot like her but do not realize it yet. Can Rene find the strength to understand his feelings? Will Rene seek to fight for those who really need him? Can Rene bring her out of the darkness while he too stands in that darkness? Can he find a way to understand its limits, walk out of that darkness, and be the abnormal thing he knows deep down he is? Can he find the strength to admit it and believe it without doubting his heart again? After all, why are humans, humans? The reason is simple. That is what they want to be known as with their presence on earth. However, if they have a concept of angels or aliens, then they must be aware that they were once part of the angels or aliens somewhere. What the supposed humans do not realize is that they were from another planet as well. This is something Rene understands or remembers which many do not. Unfortunately.

📖 **ORGANIZATIONAL CULTURE AND LEADERSHIP** Edgar H. 📖 **THE OTHER END OF THE LEASH** Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An applied animal behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, The Other End of the Leash is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

Covering the wide range of issues you face when developing innovative food packaging, the book includes: Food packaging strategy, design, and development Food biodeterioation and methods of preservation Packaged product quality and shelf life Logistical packaging for food marketing systems Packaging materials and processes The battle rages over which type of container should be used for which application.
