**Research Anthology on Clean Energy Management and
Solutions Management Association, Information
Resources,**2021-06-25 Energy usage and consumption continue to
rise globally each year, with the most efficient and cost-effective
energy sources causing huge impacts to the environment. In an
effort to mitigate harmful effects to the environment, implementing
clean energy resources and utilizing green energy management
strategies have become worldwide initiatives, with many countries
from all regions quickly becoming leaders in renewable energy
usage. Still, not every energy resource is without flaws.
Researchers must develop effective and low-cost strategies for
clean energy in order to find the balance between production and
consumption. The Research Anthology on Clean Energy
Management and Solutions provides in-depth research that
explores strategies and techniques used in the energy production
field to optimize energy efficiency in order to maintain clean and
safe use while delivering ample energy coverage. The anthology
also seeks solutions to energy that have not yet been optimized or

are still produced in a way that is harmful to the environment. Covering topics such as hydrogen fuel cells, renewable energy, solar power, solar systems, cost savings, and climate protection, this text is essential for electrical engineers, nuclear engineers, environmentalists, managers, policymakers, government officials, professionals in the energy industry, researchers, academicians, and students looking for the latest research on clean energy management.

Green Finance for Sustainable Global Growth Tsai, Sang-Bing, Shen, Chung-Hua, Song, Hua, Niu, Baozhuang, 2019-01-22
Businesses working under green finance models consider the potential environmental impact in investment and financing decisions and merge the potential return, risk, and cost correlated with environmental conditions into day-to-day financial business. Under this model, the ecological environment and sustainable development of society is observed and promoted. **Green Finance for Sustainable Global Growth** is an essential reference source that discusses emerging financial models that focus on sustainable development and environmental protection including developing trends in green finance, internet finance, and sustainable finance. Featuring research on topics such as competitive financing, supply

chain management, and financial law, this book is ideally designed for accountants, financial managers, professionals, academicians, researchers, and students seeking coverage on the sustainable development of the finance industry.

Strategic Marketing Cases in Emerging Markets Atanu

Adhikari,Sanjit Kumar Roy,2017-05-03 This book helps students to develop a critical understanding of the service business scenarios and strategies used in marketing for emerging markets. The case studies presented focus on creating, communicating and delivering customer value to emerging market consumers through various marketing strategies, processes and programs in the context of emerging market dynamics, consumer diversity, and competitors. By illustrating a range of actual business situations, this case book will help students acquire the skills they need to make informed marketing decisions in emerging markets. Further, it provides instructors, students, and practitioners alike a framework for understanding the strategic marketing dynamics at work in these

countries.

Handbook of Basel III Capital Juan Ramirez, 2017-02-21 A deeper examination of Basel III for more effective capital enhancement The Handbook of Basel III Capital – Enhancing Bank Capital in Practice delves deep into the principles underpinning the capital dimension of Basel III to provide a more advanced understanding of real-world implementation. Going beyond the simple overview or model, this book merges theory with practice to help practitioners work more effectively within the regulatory framework, and utilise the complex rules to more effectively allocate and enhance capital. A European perspective covers the CRD IV directive and associated guidance, but practitioners across all jurisdictions will find value in the strategic approach to decisions surrounding business lines and assets; an emphasis on analysis urges banks to shed unattractive positions and channel capital toward opportunities that actually fit their risk and return profile. Real-world cases demonstrate successful capital initiatives as models for implementation, and in-depth guidance on Basel III rules equips practitioners to more effectively utilise this complex regulatory treatment. The specifics of Basel III implementation vary, but the underlying principles are effective around the world. This

book expands upon existing guidance to provide a deeper working knowledge of Basel III utility, and the insight to use it effectively.

Improve asset quality and risk and return profiles Adopt a strategic approach to capital allocation Compare Basel III implementation varies across jurisdictions Examine successful capital enhancement initiatives from around the world There is a popular misconception about Basel III being extremely conservative and a deterrent to investors seeking attractive returns. In reality, Basel III presents both the opportunity and a framework for banks to improve their assets and enhance overall capital – the key factor is a true, comprehensive understanding of the regulatory mechanisms. The Handbook of Basel III Capital – Enhancing Bank Capital in Practice provides advanced guidance for advanced practitioners, and real-world implementation insight.

Research Anthology on Social Media Advertising and Building Consumer Relationships Management Association, Information Resources, 2022-05-13 Social media has become a key tool that businesses must utilize in all areas of their practices to build relationships with their customer base and promote their products. This technology is no longer optional as those who do not take advantage of the many benefits it offers continue to struggle with

outdated practices. In order for businesses to flourish, further study on the advantages social media provides in the areas of marketing and developing consumer relationships is required. The Research Anthology on Social Media Advertising and Building Consumer Relationships considers best practices and strategies of utilizing social media successfully throughout various business fields to promote products, build relationships, and maintain relevancy. This book also discusses common pitfalls and challenges companies face as they attempt to create a name for themselves in the online world. Covering topics such as marketing, human aspects of business, and branding, this major reference work is crucial for managers, business owners, entrepreneurs, researchers, scholars, academicians, practitioners, instructors, and students.

Handbook of Research on New Media Applications in Public Relations and Advertising Esiyok, Elif, 2020-08-07 As competition between companies increases, the need for effective public relations and advertising campaigns becomes imperative to the success of the business. However, with the introduction of new media, the nature of these campaigns has changed. Today's consumers have more awareness and diversified ways to obtain knowledge, and through new media, they can provide feedback. An

understanding of how to utilize new media to promote and sustain the reputation of an organization is vital for its continued success. The Handbook of Research on New Media Applications in Public Relations and Advertising is a pivotal reference source that provides vital research on the application of new media tools for running successful public relations and advertising campaigns. While highlighting topics such as digital advertising, online behavior, and social networking, this book is ideally designed for public relations officers, advertisers, marketers, brand managers, communication directors, social media managers, IT consultants, researchers, academicians, students, and industry practitioners.

Handbook of Research on Decision-Making Techniques in Financial Marketing Dinçer, Hasan, Yüksel, Serhat, 2019-12-27

Consumer needs and demands are constantly changing. Because of this, marketing science and finance have their own concepts and theoretical backgrounds for evaluating consumer-related challenges. However, examining the function of finance with a marketing discipline can help to better understand internal management processes and compete in today's market. The Handbook of Research on Decision-Making Techniques in Financial Marketing is a collection of innovative research that

integrates financial and marketing functions to make better sense of the workplace environment and business-related challenges. Different financial challenges are taken into consideration while many of them are based on marketing theories such as agency theory, product life cycle, and optimal consumer experience. While highlighting topics including behavioral financing, corporate ethics, and Islamic banking, this book is ideally designed for financiers, marketers, financial analysts, marketing strategists, researchers, policymakers, government officials, academicians, students, and industry professionals.

Social Media for Knowledge Management Applications in Modern Organizations Di Virgilio, Francesca, 2017-07-12 In the digital age, numerous technological tools are available to enhance business processes. When used effectively, knowledge sharing and organizational success are significantly increased. Social Media for Knowledge Management Applications in Modern Organizations is a pivotal reference source for the latest research findings on the role of social media, information technology, and knowledge management in business today. Featuring extensive coverage on relevant areas such as digital business, resource management, and consumer behavior, this publication is an ideal resource for

managers, corporate trainers, researchers, academics, and students interested in emerging perspectives on social media for knowledge management applications.

Asset Securitisation and Synthetic Structures Rick

Watson,Jeremy Carter,2006 Gain an in-depth analysis, expert opinion and practical advice from the experts in the European credit markets.

Global Approaches in Financial Economics, Banking, and

Finance Hasan Dincer,Ümit Hacıoglu,Serhat Yüksel,2018-06-12

This volume discusses the impact of Financial Economics, Growth Dynamics, and the Finance & Banking sector in the economies of countries. The contributors analyse and discuss the effects of the recent financial crises on the economic growth and performance in various countries. The volume covers aspects like foreign borrowing, impact on productivity and debt crises that are strongly affected by the financial volatility of recent years and includes examples from Europe and Asia. In addition, the authors give particular attention to the private sector of Finance and Banking, which is deeply interwoven with the financial performance of a country's economy. Examples such as bank profitability and

troubled loans are covered and the volume also discusses the economic impact of banks such as the Ottoman Bank in a national economy. The book also explores the importance of financial stability, intellectual capital and bank performance for a stable economic environment.

The Report ,2007

Instructor's Manual for Strategic Marketing Cases in Emerging Markets Atanu Adhikari, Sanjit Kumar Roy, 2017-05-27 This is a teaching companion to the case studies provided in the book 'Strategic Marketing Cases in Emerging Markets' and is intended to help teachers and trainers follow a pedagogic line by using the case studies to develop a critical understanding of the service business scenarios and strategies for marketing in emerging markets. The authors provide extensive teaching notes for each of the cases, covering the pedagogy of the case study, the prerequisites to understanding it, case-specific teaching objectives, a suggested teaching approach, and a case synopsis. Each case is then rounded out with suggested discussion questions and concise answers, as well as additional reading to enhance the teaching and learning experience in the classroom.

Rapid Automation: Concepts, Methodologies, Tools, and

Applications Management Association, Information

Resources,2019-03-01 Through expanded intelligence, the use of robotics has fundamentally transformed the business industry.

Providing successful techniques in robotic design allows for increased autonomous mobility, which leads to a greater productivity and production level. *Rapid Automation: Concepts, Methodologies, Tools, and Applications* provides innovative insights into the state-of-the-art technologies in the design and development of robotics and their real-world applications in business processes. Highlighting a range of topics such as workflow automation tools, human-computer interaction, and swarm robotics, this multi-volume book is ideally designed for computer engineers, business managers, robotic developers, business and IT professionals, academicians, and researchers.

New Times ,1990

Electronic Business Revolution Peter Cunningham,Friedrich Fröschl,2013-03-14 Electronic business, the integration of IT and the Internet into business processes, has begun to completely revolutionize business and the economy. The aim of this book is to point out the challenges and opportunities Europe and its companies are faced with in electronic business. The material is

based upon the authors joint experience of years of research into the use of IT in business, industry, and government, as well as their management experience as President and CEO of leading technology organizations.

The Missing Entrepreneurs 2019 Policies for Inclusive Entrepreneurship OECD,European Union,2019-12-10 The Missing Entrepreneurs 2019 is the fifth edition in a series of biennial reports that examine how public policies at national, regional and local levels can support job creation, economic growth and social inclusion by overcoming obstacles to business start-ups and self-employment by people from disadvantaged or under-represented groups in entrepreneurship.
