Regulation of the Natural Gas Producing Industry Keith C. Brown,2017-02-17 Originally published in 1972, Regulation of the Natural Gas Producing Industry combines several papers prepared for a seminar in Washington D.C in 1970.The purpose of this seminar was to exchange views between specialists on the issues related to regulation natural gas production. As such these papers explore issues such as producer price regulations, arguments for and against the regulation of natural gas, the changing environment of natural gas supply and what the future holds in terms of the natural gas producing industry. This title will be of interest to students of Environmental Studies and policy makers.

Manufactured Gas Plant Remediation Allen W. Hatheway,Thomas B. Speight,2017-12-14 The assessment, remediation, and redevelopment of manufactured gas plant (MGP) sites pose a significant technical and financial challenge to successor property owners, including municipalities and other public entities undertaking brownfields revitalization, and to their consulting environmental engineers. Due to the toxicity of many coal tar constituents, sites contaminated as a result of gasworks operations pose a significant threat to public health. This book will discuss the history of the manufactured gas industry in Massachusetts (the largest in the US), as well as the toxicity of gasworks waste products, technical challenges in the cleanup process, and the process for site cleanups.
