SMART Futures for a Flourishing World Claire A. Nelson, 2021-09-10 Has the COVID-19 pandemic derailed the global community's commitment to achieving the UN Sustainable Development Goals by 2030? Are we heading for environmental collapse? Can we avert a climate catastrophe and enable peace, justice, and shared futures for humanity? These questions call for transformational change. This book explores the root causes of today's failures and lays out a plan for real-world innovation labs using a SMART future design paradigm to achieve the UN's 17 sustainability goals and 169 targets. SMART futures is a 'systems literacy' approach to problem solving that allows us to address challenges of our VUCA (Volatile, Uncertain, Complex and Ambiguous) world as an integrated whole. This new paradigm shifts us from silo thinking to systems thinking. With lively storytelling and thought-provoking analysis, Dr. Claire Nelson opens a doorway to the future, and a vision of what success might look like. Her stories from the future present worldviews of the feminine and from the global South, which are often absent from contemporary global futures discourse.

Sports Mania Lawrence W. Hugenberg, Paul M. Haridakis, Adam C. Earnhardt, 2014-01-10 Leading scholars in sports communication tackle a wide range of subjects in these essays, including the ways in which people root for their teams, the consumption of sports information, and the uses of technology to cultivate fan communities. Taking an interdisciplinary approach through the fields of communication, psychology and telecommunications, this collection explores modern fans, their motives and culture, and their identification with sports and individual teams. Instructors considering this book for use in a course may request an examination copy [here](#).

Gator Country Rebecca Renner, 2023-11-14 David Grann meets Susan Orlean in this page-turning true story of an underground operation into the mysterious world of alligator poaching and its larger than life Floridian characters To catch a Florida Man, you have to become one, and that's what Officer Jeff Babauta did. As his ponytailed, whiskey-soaked alter ego, he established Sunshine Alligator Farm. His goal? Infiltrate the shady world of illegal poachers in the Florida Everglades in order to protect the natural world. A head-spinning adventure soon unfolds. Jeff deals with glow-in-the-dark alligators and high-speed airboat rides, but quickly learns that not all poachers are villains. They're simply people trying to survive, fighting against the poverty and greed holding them down. Jeff wants to solve the mystery of alligator poachers, and in doing so he must venture deeper into a strange ecosystem where right is wrong, and justice comes at the cost of those who've welcomed him into their world. Gator Country is the twisting true story of the impossible choices individuals must make to stay afloat in this world. Through its wholly unique blend of reporting, nature writing, and personal narrative, this book transports readers to vibrant and dangerous Florida landscapes and offers intimate portraits of those who call the region home. Broad in scope and vivid in detail, Gator Country is a fast paced tale of the risks people will take to survive in one of the world's most beautiful yet formidable landscapes and the undercover investigation that threatens to topple the whole scheme.

RAF Wings over Florida Will Largent, 2020-08-01 From 1941 through 1945, British cadets in the Royal Air Force trained in the United States through the Lend-Lease Act, President Roosevelt's ingenious plan to help beleaguered

Great Britain while maintaining the semblance of neutrality. This book tells the saga of two Florida training fields during this turbulent time. In their own words, British pilots tell of their Florida experiences. Many of them still in their late teens, away from home for the first time, pale and thin from years of rationing, these young men encountered immense challenges and overwhelming generosity during their training in Florida. Now retired, these former pilots still smell the scent of orange blossoms when they glance through the log books they kept while flying their Stearmans and Harvards over Florida citrus groves. They fondly remember the times when they buzzed over the homes of their Florida "families" to let them know to expect them for Sunday dinner. More than fifty years later, their stories still resonate with universal emotions: fear of failure, love of country, camaraderie, romantic love, and the pain of tragic deaths. Their stories also remind the American reader of a unique time in our history, when, poised on the brink of war, the United States reached out to help a country in distress.

Fightin' Gators Kevin M. McCarthy, 2000-04-28 The University of Florida, the state's oldest and largest university, is recognized today as one of the country's most academically diverse public institutions. Though able to trace its history to 1853, the school did not begin its popular football program until the first few years of the 20th century. The program has had its share of scandals and embarrassments over time, but it has also produced two Heisman Trophy winners, a national champion, numerous players drafted into the professional ranks, and a visibility that consistently ranks the team in the top five in the country. Now attracting 85,000 fans to each of its home games, the Gators' football program has become a vital part of the University of Florida. When the team won the national championship in 1996, no one could have predicted such success just 90 years earlier. Fortunately, that fascinating journey through the last century has been captured in great photographs that include formal portraits of teams; action shots on the field; views of The Swamp; and snapshots of fans from every decade. These images tell the story of the birth and growth of a football team, a team that has brought enjoyment to millions and national recognition to the University of Florida.

Pond Birds Bill Koss, 1996 -- Gives Gator fans the real story on Gator hoops. A great insight into the ups and downs through all the years -- Dick Vitale -- Bill is the only person who could accurately capture Florida's basketball history. This book is terrific! -- Lon Kruger -- From Florida's first attempt at dribbling a ball in 1915 to the NCAA investigation that rocked the sports world in the eighties, from 55 years without a Southeastern Conference title to a Final Four run in the nineties, Koss tells the whole story of Florida's rim-rattling heritage in this collector's edition. For Gator fans everywhere.

Directory of Crocodilian Farming Operations R. A. Luxmoore, 1992 This is the second edition of the Directory of Crocodilian Farming Operations, first published in 1985. The first edition attempted to list all commercial farms, and was primarily intended as a conservation tool to assist government agencies in identifying legal sources of crocodilian skins, and wildlife managers in developing farming projects to benefit the conservation of the wild resource. The farming of crocodilians has increased substantially since 1985, and the need for up-to-date information on existing farms has led to this revised edition. Very little technical literature is available on

crocodilian farming, and to try and meet the demand for more information and advice, the second edition provides a brief technical introduction designed to alert prospective farmers to the factors which should be taken into account before embarking on such a venture.

Curvy Heroines and Werewolves (BBW Paranormal Romance Bundle) Leslie Diver, 2016-12-25 Genre: Paranormal BBW Romance / Short Shifter Romance Novellas Three separate stand alone stories of curvy women and the werewolves that love them. Read about a curvy Southern girl with a strong right hook crashing a secret werewolf mating ritual, a BBW bounty hunter revisiting a childhood friend with a hairy secret, or a full-figured girl hunted in the swamp as a muscled Louisiana shifter watches in the shadows. This 30,100+ word Steamy Shifter collection includes: Curves for Her Shifter Mate, Curves for Her Werewolf Lover, and Hunted for Her Curves. Curves for Her Shifter Mate Glenn and Emma have always been best buds, and for a short time, they were something more. That is, until Glenn broke up with her out of the blue. She thought it might be because she's a curvy girl. Instead, her almost-boyfriend has a secret – and a big one. He's a werewolf and he's been promised to a cruel she-wolf, making him her property. Werewolves mate for life, and that means unless she does something soon, Glenn will be lost to her forever. Is there any way for Emma to save her best friend – and maybe rekindle their romance? Curves for Her Werewolf Lover Julie's a curvy bounty hunter who catches men for a living. So why she can't find one to call her own? Is it because she's a BBW? Or is she still hung up on the one that never was - her childhood sweetheart, now grown up and hotter than ever? It's time to let the secret out, but as it turns out, he's got a big one of his own. One that could get them both killed, and much as Julie wants Nash, his supernatural side is too dangerous to set free. Hunted for Her Curves Crystal is lost, and that's not her only problem. This curvy girl is deep within the Louisiana bayou, and two sadistic hunters are right behind her. If only they knew what else was lurking in the swamp. They're not the only one hunting Crystal. A muscular shifter has set his sights on this curvy BBW, and won't let anything get in his way. Can he save her, and if he does, what's the proper way for a full-figured Southern girl to repay her werewolf rescuer? Note: Title changed from Werewolf Lust Set.

Stick a Geranium in Your Hat and Be Happy Barbara Johnson, 2004-03-01 Boomerang blessings. That's what Barbara Johnson calls the encouraging feedback she has received over the years from readers whose lives have been impacted by the message of this million-copy bestseller. If you need a fresh breath of joy in your life, this book is just the prescription for you. With the wit of an Erma Bombeck, Barbara Johnson helps you to look for life's

little sparkles, even in the midst of your most crippling sorrows. No stranger to suffering herself, Barbara's experiences have equipped her with the credentials to help others work through their own suffering. In spite of her difficulties, Barbara has learned that while pain is inevitable to us all, we can choose to pick the flowers instead of the weeds. Barbara will teach you how to release that bubble of joy within you?to claim God's promise to fill your mouth with laughter and your lips with shouts of joy. ?Job 8:21 (TLB)

Our Germans Brian E. Crim,2018-01-15 As this engaging book demonstrates, whether characterized as an expedient Cold War program born from military necessity or a dishonorable episode, the project ultimately reflects American ambivalence about the military-industrial complex and the viability of an ends justifies the meanssolution to external threats.

America's Ark Don Schwarz,2013-04 Is this the same America that you remember? What is the cause of all the trouble and where is the USA headed? In the Bible the LORD gives the prescription for His people that will heal their land. But what happens when they refuse the cure? Immediately after the horrifying events of 9/11 there was a Bible verse often quoted: If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land. (2 Chronicles 7:14) But statistics and the condition of our very sick country demonstrate that His people have not listened. There is another Bible passage that tells us what the LORD does when His people refuse to listen and persist in their own way. This powerful passage also warns of things we are seeing in the news, and feeling in our hearts, indicating that America will be an increasingly dangerous place in the coming days. Thankfully, our merciful Messiah provided a place of refuge found in scriptures from the Old Testament book of Ezekiel that will be the only safe harbor for Americans today. During these perilous times that are engulfing our land you will find the only place of safety revealed on the pages of America's Ark! Gold, guns, and a house in the hills stocked with food is not the answer-only the safety promised in the word of God will protect us. Thankfully, beyond protection there is even a victorious way forward in America's Ark! Don Schwarz is a pastor in a local church in the Houston, Texas area and founder of Watch Therefore Ministries Inc., a non-profit organization. He also authored the book Identity Crisis: Israel and the Church.

Brand Sense Martin Lindstrom,2010-02-02 The definitive book on sensory branding, shows how companies appeal to consumers' five senses to sell products. Did you know that the gratifying smell that accompanies the purchase of a new automobile actually comes from a factory-installed aerosol can containing "new car" aroma? Or that Kellogg's trademarked "crunch" is generated in sound laboratories? Or that the distinctive click of a just-opened jar of Nescafé freeze-dried coffee, as well as the aroma of the crystals, has been developed in factories over the past decades? Or that many adolescents recognize a pair of Abercrombie & Fitch jeans not by their look

or cut but by their fragrance? In perhaps the most creative and authoritative book on how our senses affect our everyday purchasing decisions, global branding guru Martin Lindstrom reveals how the world's most successful companies and products integrate touch, taste, smell, sight, and sound with startling and sometimes even shocking results. In conjunction with renowned research institution Millward Brown, Lindstrom's innovative worldwide study unveils how all of us are slaves to our senses—and how, after reading this book, we'll never be able to see, hear, or touch anything from our running shoes to our own car doors the same way again. An expert on consumer shopping behavior, Lindstrom has helped transform the face of global marketing with more than twenty years of hands-on experience. Firmly grounded in science, and disclosing the secrets of all our favorite brands, *Brand Sense* shows how we consumers are unwittingly seduced by touch, smell, sound, and more.
