Allan Bérubé

Homosexuals and the U. S. Military David F.

Burrelli,2010-02 Contents: (1) Background and Analysis; (2) Discharge Statistics; (3) Issues: Legal Challenges; Actions Following the Murder of Private Barry Winchell; Recruiting, JROTC, ROTC and Campus Policies; High Schools; Colleges and Universities; Supreme Court Review of the Solomon Amendment; Homosexuals and Marriages; Foreign Military Experiences. Charts and tables.

Conduct Unbecoming Randy Shilts,2014-12-16 “A thoroughly researched and engrossingly readable history” of gay men and women in the American armed forces by the author of *And the Band Played On* (The New York Times Book Review). Published during the same year the American military instituted Don’t Ask, Don’t Tell, and eighteen years before President Barack Obama repealed it, *Conduct Unbecoming* is a landmark work of social justice and a searing indictment of the military establishment’s historic bigotry toward its gay servicemen and women. Randy Shilts’s eye-opening book describes the bravery, both exceptional and everyday, not only of gay soldiers throughout history, but also of gay men and women serving in our modern military. With each anecdote and investigation, Shilts systematically dismantles the arguments against allowing gays to serve in the military. At once a history of the American military and an account of the gay rights movement, *Conduct Unbecoming* is a remarkable testament to the progress achieved for gays in the military—and a revealing look at how far we have yet to go.

"Don't Ask, Don't Tell" David F. Burrelli,2011-04 In 1993, new laws and regulations pertaining to homosexuality and U.S. military service came into effect. This compromise, referred to as “don’t ask, don’t tell,” holds that the

presence in the armed forces of persons who demonstrate a propensity or intent to engage in same-sex acts would create an unacceptable risk to the high standards of morale, good order and discipline, and unit cohesion which are the essence of military capability. Under this policy, but not the law, service members are not to be asked about nor allowed to discuss their 'same-sex orientation'. The law itself does not prevent service members from being asked about their sexuality. This compromise notwithstanding, the issue has remained politically contentious. A print on demand report.

Homosexuals and the U.S. Military, 2008 In 1993, new laws and regulations pertaining to homosexuals and U.S. military service came into effect reflecting a compromise in policy. This compromise, colloquially referred to as don't ask, don't tell, holds that the presence in the armed forces of persons who demonstrate a propensity or intent to engage in homosexual acts would create an unacceptable risk to the high standards of morale, good order and discipline, and unit cohesion which are the essence of military capability. Service members are not to be asked about nor allowed to discuss their homosexuality. This compromise notwithstanding, the issue has remained politically contentious. In recent years, several members of Congress have expressed interest in amending don't ask, don't tell. At least one bill that would repeal the law and replace it with a policy of nondiscrimination on the basis of sexual orientation--H.R. 1283--has been introduced in the 111th Congress.

LGBT Military Personnel Joshua Polchar, Tim Sweijs, Philipp Marten, Jan Galdiga, 2014-06-27 Diversity and Military Effectiveness Improving inclusion for lesbian, gay, bisexual, and transgender (LGBT) service members is more than a matter of 'doing the right thing': it is a matter of

military effectiveness. A groundbreaking new report from The Hague Centre for Strategic Studies, a defense think tank, argues that militaries must embrace diversity in order to survive and thrive in the twenty-first century security environment.

Coming Out Under Fire Allan Bérubé, 1990 Based on interviews with gay and lesbian veterans, wartime letters, recently declassified government documents, and other sources, Berube tells the story of how the military's mobilization for war made soldiers confront homosexuality in their personal lives and changed the ways that homosexuality fit into American institutions. Annotation copyrighted by Book News, Inc., Portland, OR

Gay and Lesbians in the Military Wilbur J. Scott, Sandra Carson Stanley, Despite the amply documented presence of significant numbers of undeclared homosexual soldiers, sailors, and Air Force personnel, the official position of the American military since the Second World War has been to ban gay men and lesbian women from serving in the United States military. Enlistment of openly gay or lesbian military personnel has not been permitted; those already in the military service who have subsequently come out as gays and lesbians have been mustered out of the service, with no prospect of appeal.

Gay Issues and Politics Jaime A. Seba, 2014-11-17 News media, television, music and entertainment are filled with images of gay and lesbian people today. But how did it all begin? Explore the history of the lesbian, gay, bisexual and transgender (LGBT) community in the United States, from the horrifying medical treatments of the early twentieth century to the 1969 Stonewall riots that sparked an international movement for equality. Then take a closer look at three of the most relevant issues facing LGBT people today. Learn what the Don't Ask, Don't Tell policy of the

American military looks like to soldiers in the armed forces. Share the personal experiences of couples affected by laws banning gay marriage and people who have been victims of workplace discrimination.

Evolution of Government Policy Towards

Homosexuality in the US Military James E. Parco, David A. Levy, 2016-09-17 Throughout history, homosexuality has been a complicating factor for men and women electing to serve in the armed forces of the United States. The right to serve became increasingly complicated when the Department of Defense responded to congressional legislation in 1993 by adopting a policy that later became known as don't ask, don't tell (DADT). DADT permitted homosexual members to serve in the forces, so long as they showed no evidence of homosexual behavior. The compromise policy remained in force until Congress passed the Don't Ask, Don't Tell Repeal Act of 2010 and finally, in September 2011, the ban on gay men and lesbians serving openly in the US armed forces officially came to an end. Reflecting on the 20-year period governed by DADT, this volume explores the history, culture, attitudes and impacts of policy evolution from the mid-20th Century through to the present day. It not only provides insight to the scholarly field of how the most powerful institution in the world has viewed and dealt with homosexuality as it transitioned into the 21st century, but it is also poised to become a seminal collection for researchers in the decades to come. This book was originally published as a special issue of the Journal of Homosexuality. Parco and Levy have produced a fine edited volume dedicated to deepening our understanding of the federal DADT policy. What has resulted is a deep analysis of the federal policies regarding gays and lesbians in the U.S. military. This volume is filled with rich descriptions and analyses written by the very best thinkers about issues

pertaining to gays and lesbians in the U.S. military. Parco and Levy not only offer a comprehensive treatment of DADT, but their book will stand the test of time and spur additional important research about gay, lesbian, bisexual, and queer service members. The Rise and Fall of DADT is accessibly written and offers readers a comprehensive understanding of the DADT federal policy and the attendant issues of equity, social justice and ever-changing attitudes about LGBTQ people related to the U.S. military and to the larger American society. John P. Elia, Ph.D. Editor-in-Chief, Journal of Homosexuality and Professor and Associate Chair of Health Education at San Francisco State University, USA As Assistant Secretary of Defense for Public Affairs from 2010 to 2012, and the first openly-gay senior official to serve at the Pentagon, I was witness to and honored to be an active participant in the historic process that led to the ban on discrimination against lesbian and gay service members: men and women who had been hiding in plain sight while risking their lives to serve their country honorably. In this volume, Jim Parco and Dave Levy provide what is perhaps the most comprehensive account to date of the evolution of US government policy regarding LGBT service members. Their study includes outstanding firsthand narratives by many friends who played central roles in the repeal of Don't Ask/Don't tell, including Sue Fulton, Jonathan Lee and former Congressman Patrick Murphy. Parco and Levy provide the opportunity for scholars, experts and ordinary citizens from all walks of life to share in those journeys and in the very positive results that were achieved. Douglas B. Wilson, former Assistant Secretary of Defense for the United States

Gay Mental Healthcare Providers and Patients in the Military Elspeth Cameron Ritchie, Joseph E. Wise, Bryan Pyle, 2017-11-18 This volume tells the history of

homosexuality in the United States military beginning in 1986, when the issue first came to the forefront of social consciousness. Each chapter is written through the eyes of gay mental healthcare providers, covering how to steadily adapt and learn to treat veterans struggling with the traumas associated with the stigma of homosexuality in service. Topics include the “Don’t-Ask-Don’t-Tell” (DADT) policy, its repeal in 2011, and addresses the current trends and challenges. Unlike any other professional book, this text includes the personal stories of gay military mental healthcare providers, as well as gay civilian clinicians who have worked with the military population in various segments in history. These accounts offer invaluable support for medical professionals working with this demographic. Chapters cover the various psychological damage service personnel encounter as it uniquely pertains to those struggling with the stigma of LGBTQ rights. Chapters include clinical pearls for particular psychiatric concerns, lessons learned for the future, and hard-earned successes as stigmas and perceptions evolved over time. *Gay Mental Healthcare Providers and Patients in the Military* is an excellent resource for psychiatrists, psychologists, social workers, policymakers, and all professionals who are interested in LGBTQ rights in the context of veteran psychiatry.

Homosexuals and the Military Colin J.

Williams, Martin S. Weinberg, 1971 Theoretical background is the labeling approach to deviance.

Unfriendly Fire Dr. Nathaniel Frank, 2009-03-03 When the don't ask, don't tell policy emerged as a political compromise under Bill Clinton in 1993, it only ended up worsening the destructive gay ban that had been on the books since World War II. Drawing on more than a decade of research and hundreds of interviews, Nathaniel Frank

exposes the military's policy toward gays and lesbians as damaging and demonstrates that don't ask, don't tell must be replaced with an outright reversal of the gay ban. Frank is one of the nation's leading experts on gays in the military, and in his evenhanded and always scrupulously documented chronicle, he reveals how the ban on open gays and lesbians in the U.S. military has greatly increased discharges, hampered recruitment, and—contrary to the rationale offered by proponents of the ban—led to lower morale and cohesion within military ranks. Frank does not shy away from tackling controversial issues, and he presents indisputable evidence showing that gays already serve openly without causing problems, and that the policy itself is weakening the military it was supposed to protect. In addition to the moral pitfalls of the gay ban, Frank shows the practical damage it has wrought. Most recently, the discharge of valuable Arabic translators (who happen to be gay) under the current policy has left U.S. forces ill-equipped in the fight against terrorism. Part history, part exposé, and fully revealing, *Unfriendly Fire* is poised to become the definitive story of don't ask, don't tell. This lively and compelling narrative is sure to make the blood boil of any American who cares about national security, the right to speak the truth, or just plain common sense and fairness.

My Country, My Right to Serve Mary Ann

Humphrey, 1990 The result of hundreds of interviews and years of research, this is an oral history of gay men and women in the military, ranging over the past five decades, describing in detail the military's long-standing persecution of lesbians and gay men. With stories from the famous (including Leonard Matlovich, Miriam Ben-Shalom, and Perry Watkins), from ordinary joes and janets living extraordinary lives, and from anonymous sources still serving.--From

publisher description.

Don't Janet E. Halley,1999 Describes the origins and development of the military's Don't Ask, Don't Tell policy and analyzes its assumptions and implications.

Fighting with Pride Craig Jones,2020-02-19 LGBTQ+ personnel who served in the British military despite the gay ban tell their stories in a moving testament to their patriotism and courage. On January 12th, 2000, the British Armed Forces took a major step toward greater equality by ending its restriction against members of the LGBTQ+ community. To honor that historic event, this volume presents the personal reflections of ten LGBTQ+ personnel who had served under the ban since the Second World War. All of them lived remarkable lives, though some were dismissed in disgrace or asked to resign because of their identity. These brave men and women tell of remarkable careers, courage in battle, and private lives kept secret at all cost. They include stories of serving on the front line of operations worldwide, including in the Second World War, the Falklands War, the Gulf Wars and the war in Afghanistan. This book celebrates their lives, as well as all servicepeople who have stood tall and taken their place with pride in the fighting units of the Royal Navy, Royal Marines, Royal Air Force and the British Army.

Conduct Unbecoming Randy Shilts,2005-07 The definitive book on lesbians and gay men in the US military. Randy Shilts, author of the classic documentary history of the AIDS epidemic *And The Band Played On*, was acclaimed for his ability to take epic histories and molding them into gripping, intimate narratives. *Conduct Unbecoming*, his groundbreaking exploration of lesbians and gays in the military, came out of hundreds of interviews conducted with servicepeople at all levels of the Army, Navy, Air Force and Marine Corps and intense research uncovering thousands of

documents resulting in a unique history of gays in the military as well as the persecution of gays in the military. *Conduct Unbecoming* will leave readers moved and imbued with a better understanding of the pressing situation in our nation's military. A sober, thoroughly researched and engrossingly readable history on the subject. [Shilts's] chronicle is excellent military history, closely woven with an enthralling analysis of the changing definitions of sexuality and personal relationships in American society....[A] landmark book....Remarkable. --New York Times Book Review A masterpiece of investigative reporting...Shilts has shown us the honor homosexuals have brought, and continue to bring, to the uniforms they wear and the country they serve. - Boston Globe Gays, we are told, would damage morale in the military. Shilts documents the fact that morale has already been eaten away by hypocrisy, contradictions, and favoritism...This book will be to gay and lesbian liberation what Betty Friedan's was to early feminism or Rachel Carson's to ecological consciousness. No fair-minded person can read *Conduct Unbecoming* and consider the present system defensible. - USA Today Gripping reading....the history of homosexual people and the movement for gay/lesbian equality in the United States can nowhere be more clearly told. - Los Angeles Times

Officially Gay Gary Lehring, 2003 In 1993, simply the idea that lesbians and gays should be able to serve openly in the military created a firestorm of protest from right-wing groups and powerful social conservatives that threatened to derail the entire agenda of a newly elected President. Nine short years later, in the wake of September 11, 2001, the Pentagon's suspension of discharge of gay and lesbians went largely overlooked and unremarked by political pundits, news organizations, military experts, religious leaders and gay activists. How can this collective cultural

silence be explained? Officially Gay follows the military's century-long attempt to identify and exclude gays and lesbians. It traces how the military historically constructed definitions of homosexual identity relying upon religious, medical, and psychological discourses that defined homosexuals as evil, degenerate, and unstable, making their risk to national security obvious, and mandating their exclusion from the Armed Services. Officially Gay argues that this process made possible greater regulation and scrutiny of gays and lesbians both in and out of the military while simultaneously helping to create a gay and lesbian political movement and helped shape the direction that movement would take.

Gays in the Military, 2014 Vincent Cianni created a historical record of the struggles of gay and lesbian men and women in the US military.

Soldier of the Year Jose Zuniga, 1998-12-31 This riveting, firsthand account of a young man's struggle to discover his own identity in the midst of military homophobia is a lively and colorful but also extraordinarily openhearted work . . . (from) a remarkable journalist, a natural leader, a new hero (Torie Osborn, *The Advocate*).

Out in Force Gregory M. Herek, Jared B. Jobe, Ralph M. Carney, 1996-12-15 Can the U.S. military integrate gay personnel into its ranks and still accomplish its mission? In 1993, this question became the center of a heated debate when President Clinton attempted to lift the long-standing ban on gays in the military. This debate persists because the compromise policy Don't Ask, Don't Tell, Don't Pursue, faces serious legal challenges, and is likely to go to the Supreme Court before the end of the decade. Just below the surface of this debate rages a more general argument about the status of gay people in America. Both sides base their views on assumptions about the consequences of

integration. Even defenders of the ban grudgingly acknowledge that homosexuals are fully capable of serving with distinction. Few question gay service members' abilities or patriotism; justifications for the ban are now predicated on heterosexuals' negative reactions. Out in Force refutes the notions that homosexuality is incompatible with military service and that gay personnel would undermine order and discipline. Leading social science scholars of sexual orientation and the military offer reasoned and comprehensive discussions about military organizations, human sexuality, and attitudes toward individuals and groups. They demonstrate forcefully that the debate is really about the military as an institution, and how that institution will adapt to larger social changes. The contributors show that the ban could be successfully eliminated, and set forth a program for implementation. In sorting opinion from fact, myth from reality, Out in Force stands as an invaluable guide for the military, lawmakers, and the courts as they continue to grapple with this question of institutional and societal change.

Gay Military News Info Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been much more evident than ever. They have the capability to inspire, provoke, and ignite change. Such is the essence of the book **Gay Military News Info**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book

is key themes, examine its writing style, and analyze its overall impact on readers.

Gay Military News Info Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous

websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Gay Military News Info free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free

account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Gay Military News Info free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of

publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Gay Military News Info free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious

and verify the authenticity of the source before downloading Gay Military News Info. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Gay Military News Info any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Gay Military News Info Books

How do I know which eBook platform is the best for me?
Finding the best eBook

platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia

elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Gay Military News Info is one of the best book in our library for free trial. We provide copy of Gay Military News Info in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Gay Military News Info. Where to download Gay Military News Info online for free? Are you looking for Gay Military News Info PDF? This is definitely going to save you time and cash in something you should think about.
