Book of Gay and Lesbian Quotations Patricia Juliana Smith, 1999-02-01 This unique treasury of memorable quotations from across the centuries and around the world is an outstanding record of gay and lesbian sensibility. Joe Orton on Truth: There are two sexes. The unpalatable truth must be faced. Eleanor Roosevelt on Curiosity: I think, at a child's birth, if a mother could ask a fairy godmother to endow it with the most useful gift, that gift should be curiosity. Rita Mae Brown on Art: If Michelangelo were a heterosexual, the Sistine Chapel would have been painted basic white and with a roller. H.D. on Achievement: We have not crawled so very far/up our individual grass-blade/toward our individual star. Jean Cocteau on Arguments and Quarrels: But brawling leads to laryngitis. Boy George on Advice: If you have to be in a soap opera try not to get the worst role. Florence King on Solitude: He travels fastest who travels alone, and that goes double for she.

Discourse, Identity, and Social Change in the Marriage Equality Debates Karen Tracy, 2016-04-15 Karen Tracy examines the identity-work of judges and attorneys in state supreme courts as they debated the legality of existing marriage laws. Exchanges in state appellate courts are juxtaposed with the talk that occurred between citizens and elected officials in legislative hearings considering whether to revise state marriage laws. The book's analysis spans ten years, beginning with the U.S. Supreme Court's overturning of sodomy laws in 2003 and ending in 2013 when the U.S. Supreme Court declared the federal government's Defense of Marriage Act (DOMA) unconstitutional, and it particularly focuses on how social change was accomplished through and reflected in these law-making and law-interpreting discourses. Focal materials are the eight cases about same-sex marriage and civil unions that were argued in state supreme courts between 2005 and 2009, and six of a larger number of hearings that occurred in state judicial committees considering bills regarding who should be able to marry. Tracy concludes with analysis of the 2011 Senate Judiciary Committee Hearing on DOMA, comparing it to the initial 1996 hearing and to the 2013 Supreme Court oral argument about it. The book shows that social change occurred as the public discourse that treated sexual orientation as a lifestyle was replaced with a public discourse of gays and lesbians as a legitimate category of citizen.

Gay Bar Jeremy Atherton Lin, 2021-02-09 NATIONAL BOOK CRITICS CIRCLE AWARD WINNER NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: The New York Times * NPR * Vogue * Gay Times * Artforum * "Gay Bar is an absolute tour de force." —Maggie Nelson Atherton Lin has a five-octave, Mariah Carey-esque range for discussing gay sex." —New York Times Book Review As gay bars continue to close at an alarming rate, a writer looks back to find out what's being lost in this indispensable, intimate, and stylish celebration of queer history. Strobing lights and dark rooms; throbbing house and drag queens on counters; first kisses, last call: the gay bar has long been a place of solidarity and sexual expression—whatever your scene, whoever you're seeking. But in urban centers around the world, they are closing, a cultural demolition that has Jeremy Atherton Lin wondering: What was the gay bar? How have they shaped him? And could this spell the end of gay identity as we know it? In *Gay Bar*, the author embarks

upon a transatlantic tour of the hangouts that marked his life, with each club, pub, and dive revealing itself to be a palimpsest of queer history. In prose as exuberant as a hit of poppers and dazzling as a disco ball, he time-travels from Hollywood nights in the 1970s to a warren of cruising tunnels built beneath London in the 1770s; from chichi bars in the aftermath of AIDS to today's fluid queer spaces; through glory holes, into Crisco-slicked dungeons and down San Francisco alleys. He charts police raids and riots, posing and passing out—and a chance encounter one restless night that would change his life forever. The journey that emerges is a stylish and nuanced inquiry into the connection between place and identity—a tale of liberation, but one that invites us to go beyond the simplified Stonewall mythology and enter lesser-known battlefields in the struggle to carve out a territory. Elegiac, randy, and sparkling with wry wit, *Gay Bar* is at once a serious critical inquiry, a love story and an epic night out to remember.

The Gay State Garrett Graham,2010-05-12 For the first time in all of human history, conditions are such that the world is ready to receive its first majority Gay Nation-State. Forces are coming together in a manner never before seen that enables the LGBT citizens of the world to rise up and proclaim their freedom, their liberty and their rightful place in a world, equal among all nations. As a homage to Theodor Herzl, Thomas Paine and other visionaries who yearned for freedom, *The Gay State* is a proclamation that the world of tomorrow can be far better than the world we have today. International political and Gay equality activist Garrett Graham has created a literary work that has launched a global movement to end the savage and brutal oppression that has sought to persecute and indeed exterminate the Homosexual community. For Graham, his willing dreamers have become readers, his readers have become believers. The momentum for Gay independence and Gay nationalism is spreading around the globe. And now the believers are coalescing in their lands of birth as doers and are working to form a political structure that will lead to concrete action to give future generations from every darkened corner of the globe the freedom and peace the LGBT citizenry has long been denied. Bishop Desmond Tutu, the South African Cleric was correct when he emphatically declared I am not interested in picking up crumbs of compassion thrown from the table of someone who considers himself my master. I want the full menu of rights.

Encyclopedia of Gay Histories and Cultures George Haggerty, 2013-11-05 First Published in 2000. A rich heritage that needs to be documented Beginning in 1869, when the study of homosexuality can be said to have begun with the establishment of sexology, this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors. It covers a long history and a dynamic and ever changing present, while opening up the academic profession to new scholarship and new ways of thinking. A groundbreaking new approach While gays and lesbians have shared many aspects of life, their histories and cultures developed in profoundly different ways. To reflect this crucial fact, the encyclopedia has been prepared in two separate volumes assuring that both histories receive full, unbiased attention and that a broad range of human experience is covered. Written for and by a wide range of people Intended as a reference for students and scholars in all fields, as well as for the general public, the encyclopedia is written in user-friendly language. At the same time it maintains a high level of scholarship that incorporates both passion and objectivity. It is written by some of the most famous names in the field, as well as new scholars, whose research continues to advance gender studies into the future.

Gaydar Culture Sharif Mowlabocus, 2016-04-22 Popular culture has recognized urban gay men's use of the Web over the last ten years, with gay Internet dating and Net-cruising featuring as narrative devices in hit television shows. Yet to date, the relationship between urban gay male culture and digital media technologies has received only limited critical attention. *Gaydar Culture* explores the integration of specific techno-cultural practices within contemporary gay male sub-culture. Taking British gay culture as its primary interest, the book locates its critical discussion within the wider global context of a proliferating model of Western 'metropolitan' gay male culture. Making use of a series of case studies in the development of a theoretical framework through which past, present and future practices of digital immersion can be understood and critiqued; this book constitutes a timely intervention into the fields of digital media studies, cultural studies and the study of gender and sexuality.

Daniel Gay and His Descendants David J. Gunther, 2003 Daniel Gay born in 1749, probably in Connecticut. He married Sarah (1754-1947) in about 1773 and they had ten children. He died in 1812 in Southeast, Putnam, New York. Descendants and relatives lived mainly in New York. Includes Broadhurst, Dykeman, Holmes, Hopkins, Travis and related families.

Gay and Lesbian Tourism Jeff Guaracino, 2007-11-15 This unique introductory resource provides a broad foundation of knowledge on the gay and lesbian market segment. Topics and themes are illustrated by interviewing the top professionals in gay travel and gay media who share their experience, tips for success and future predictions. Packed with best case examples and practices of existing gay tourism initiatives and campaigns, this engaging text

provides analysis and context that addresses some of the burning questions in this area, including the potential negative consumer and stakeholder reaction, and strategies to educate the local hospitality community.

Gay Community Survival in the New Millennium Michael R. Botnick, 2000 Gay Community Survival in the New Millennium examines the notion of community from several different perspectives focusing on the imagined, the structural, and the emotive. You will explore a theoretical overview and you will peek into the moral discourses that frame gay community, the rift between HIV-positive and HIV negative gay men, and how Israeli gays seek their place in the public sphere. This informative book takes you on a tour of the Israeli gay liberation movement and explores the need for social support among gays in a community that is stigmatized and divided by AIDS.
