Mega Events in Post-Soviet Eurasia Andrey Makarychev, Alexandra Yatsyk, 2016-06-29 The edited volume explains why sport mega events can be discussed from the viewpoint of politics and power, and what this discussion can add to the existing scholarship on political regimes, international norms, national identities, and cultural narratives. The book collects case studies written by insiders from different countries of post-Soviet Eurasia that have recently hosted— or intend to host in the future —sporting events of a global scale. Contributing authors discuss cultural, political, and economic strategies of host governments, examining them from the vantage point of an increasing shift of the global sport industry to non-Western countries. Mega-events often draw domestic lines of cultural and social exclusion within host's polities. It is these ruptures and gaps this volume explores, contributing to a better understanding of the intricate interconnections between global institutions and national identities.

Moscow under Construction Robert Argenbright, 2016-07-26 Moscow under Construction explores the growth of place-based opposition to destructive redevelopment practices in Moscow and the consequent changes in city's governance regime. The groups of citizens discussed in this study have struggled to defend homes, neighborhoods, heritage buildings, and historic districts, and in the process they've built up civil society and advanced democratization. Heritage preservationists and other aggrieved Muscovites have organized themselves into "initiative groups" and "social associations" to protect specific places in the city and to influence the planning process, and these place-defenders have become more confident and capable as citizens. Their activities also have caused Moscow's city government to shift along the political spectrum away from highly authoritarian and opaque habits of ruling toward a more open and collaborative governance regime.

Russian Energy Policy and Military Power Pavel K. Baev, 2012-12-06 This book examines the interplay between energy policy and security policy under Vladimir Putin, and his drive to re-establish Russia's 'greatness'. Assessing the internal contradictions of this policy, the book argues that Russia's desire to strengthen its role of 'energy security' provider is undermined by its inability to secure growth in production of oil and gas. Further, the pressing demand to channel more resources into the military-industrial complex clashes with the growing need to invest in the energy complex, and the priority granted to strategic forces deprives the conventional forces of strike power and strategic mobility. In conclusion, the author anticipates how these contradictions could be resolved, and suggests three short scenarios for Russia's continuing transition in the next decade. This book will be of interest to students of Russian politics, European politics and international security.

Civil Society in Putin's Russia Elena Chebankova, 2013-03-05 Unlike other books on civil society in Russia which argue that Russia's civil society is relatively weak, and that democratisation in Russia went into reverse following Vladimir Putin's coming to power, this book contends that civil society in Russia is developing in a distinctive way. It shows that government and elite-led drives to encourage civil society have indeed been limited, and that the impact of external promotion of civil society has also not been very successful. It demonstrates, however, that independent domestic grassroots movements are beginning to flourish, despite difficulties and adverse circumstances, and that this development fits well into the changing nature of contemporary Russian society.

Politics and Public Policy Barbara Wejnert, 2012-12-17 This volume highlights the ways in which scholarly analysis has contributed to a rich understanding of the links between spreading democracy, gender equality, and environmental protection. It includes cutting-edge debates on the meaning of democracy and its development, as well as the response of democracies to environmental and gender concerns.

Critical Biopolitics of the Post-Soviet Andrey Makarychev, Alexandra Yatsyk, 2019-12-15 This book is a critical attempt to cast a biopolitical gaze at the process of subjectification of Russia, Ukraine, Georgia, and Estonia in terms of multiple and overlapping regimes of belonging, performativity, and (de)bordering. The authors strive to go beyond the traditional understandings of biopolitics as a set of policies corresponding to the management and regulation of (pre)existing populations. In their opinion, biopolitics might be part of nation building, a force that produces collective political identities grounded in the acceptance of sets of corporeal practices of control over human bodies and their physical existence. For the authors, to look critically at this biopolitical gaze on the realm of the post-Soviet means also to rethink the correlation between the biopolitical vision of the post-Soviet and the biopolitical epistemology on the post-Soviet, which would demand a new vocabulary. The critical biopolitics might be one of these vocabularies, which would fulfill this request.

The Russian Budget Stephen Fortescue, 2020-05-18 The Russian budget process has received little detailed attention in academic literature. Here various key aspects of the formation of the federal budget, largely since Vladimir Putin began his third presidential term in 2012, are examined. It is primarily the writing of the expenditure side of the budget which is described, that is, how it is decided how much money is spent on what. While ample information is provided on budgetary outcomes, the focus is on the process: the issues faced by budget makers, the actors and institutions involved, and the formal and informal procedures that lead to outcomes. It is not the task of the volume to provide an analysis of the wisdom or effectiveness of particular budget allocations; its goal is to provide some judgement on the effectiveness of the process. Chapters are offered on the budgetary process as it relates to the two main claimants on federal budget funding, the social and defence sectors. Three chapters then examine the major locations of budgetary policy-making: the executive (at presidential and cabinet of ministers levels), the Duma, and the expert community. This book was originally published as a special issue of Post-Communist Economies.

Norm Diffusion and HIV/AIDS Governance in Putin's Russia and Mbeki's South Africa Vlad Kravtsov, 2015-07-15 Although adopting global norms often improves domestic systems of governance, domestic obstacles to norm diffusion are frequent. States that decide to reinvent their political authority simultaneously evaluate which current global norms are desirable and to what extent. In this study, Vlad Kravtsov argues that recent debates about the nature of authority in Putin's Russia and Mbeki's South Africa have resulted in a set of unique ideas on the cardinal goals of the state. This is the first book to explore how these consensual ideas have shaped health governance and impinged on norm diffusion processes. Detailed comparisons of HIV/AIDS governance systems in Russia and South Africa illustrate the argument. The Kremlin's dislike of international recommendations stemmed from the rapidly maturing statism and great power syndrome. Pretoria's responses to global AIDS norms were consistent with the ideas of the African Renaissance, which highlighted indigenism, market-based empowerment, and moral leadership in global affairs. This book explains how and why the governments under investigation framed the nature of the epidemic, provided evidence-based prevention services, increased universal access to proven lifesaving medicines, and interacted with other participants in social practice.

Not by Bread Alone Robert Nalbandov, 2016 Since its independence in 1991, Russia has struggled with the growing pains of defining its role in international politics. After Vladimir Putin ascended to power in 2000, the country undertook grandiose foreign policy projects in an attempt to delineate its place among the world's superpowers. With this in mind, Robert Nalbandov examines the milestones of Russia's international relations since the turn of the twenty-first century. He focuses on the specific goals, engagement practices, and tools used by Putin's administration to promote Russia's vital national and strategic interests in specific geographic locations. His findings illuminate Putin's foreign policy objective of reinstating Russian global

strategic dominance. Nalbandov argues that identity-based politics have dominated Putin's tenure and that Russia's east/west split is reflected in Asian-European politics. Nalbandov's analysis shows that unchecked domestic power, an almost exclusive application of hard power, and determined ambition for unabridged global influence and a defined place as a world superpower are the keys to Putin's Russia.

The Authoritarian International Stephen G. F. Hall,2023-05-25 Stephen Hall argues that democracies can preserve their norms and values from increasing attacks and backsliding by better understanding how authoritarian regimes learn. He focuses on the post-Soviet region, investigating two established authoritarian regimes, Belarus and Russia, and two hybrid-regimes, Moldova and Ukraine, with the aim of explaining the concept of authoritarian learning and revealing the practices that are developed and the sources of that learning. Hall finds clear signs of collaboration between countries in developing best survival practices between authoritarian-minded elites, and demonstrates that learning does not just occur between states, rather it can happen at the intra-state level, with elites learning lessons from previous regimes in their own countries. He highlights the horizontal nature of this learning, with authoritarian-minded elites developing methods from a range of sources to ascertain the best practices for survival. Post-Soviet regional organisations are crucial for the development and sharing of these survival practices as they provide 'learning rooms' and training exercises.

The Dissident David Herszenhorn,2023-10-31 A news-driven biography of Vladimir Putin's nemesis Alexey Navalny— lawyer, blogger, anti-corruption crusader, protest organizer, political opposition leader, mayoral and presidential candidate, campaign strategist, provocateur, poisoning victim, dissident, and now, prisoner of conscience and anti-war crusader. THE DISSIDENT is the story of how one fearless man, offended by the dishonesty and criminality of the Russian political system, mounted a relentless opposition movement and became President Vladimir Putin's most formidable rival—so despised that the Russian leader makes a point of never uttering Navalny's name. There's an old saying that Russia without corruption isn't Russia. Alexey Navalny refuses to accept this proposition. His stubborn insistence that Russians can defy the stereotype and create an entirely different country made him such a threat to Putin that the Kremlin wanted him exiled—or dead—and now seems intent on keeping him locked in a prison colony for decades. International correspondent David M. Herszenhorn, weaves together the threads of Navalny's remarkable life and work: The assassination attempt with a military-grade nerve agent by an FSB hit squad in Siberia, his recovery, and the vigilante-style investigation with news outlet Bellingcat to identify and confront his own would-be killers; Navalny's personal biography as part of the generation that straddled the end of the Soviet Union and birth of the Russian Federation, including childhood summers with his Ukrainian grandparents near Chernobyl, and his fellowship at Yale University, which spurred conspiracy theories about his ties to the U.S.; His anti-corruption investigations that exposed billions in graft at Russia's biggest state-owned companies and vast bribe-taking by top Russian officials, including his blockbuster revelations about Putin's Black Sea Palace; His political activism, including huge street protests, his bid for Moscow mayor in 2013, renegade run for president in 2017, his controversial views on nationalism, gun rights and Crimea, his transformation into a prisoner of conscience bravely denouncing Putin's war of aggression in Ukraine, and more. Riveting and complex, THE DISSIDENT introduces readers to modern Russia's greatest agitator, a man willing to sacrifice his freedom—and even his own life—to build the decent, democratic country he wants to live in and hopes to pass on to his children.

Putin's Labor Dilemma Stephen Crowley,2021-07-15 In Putin's Labor Dilemma, Stephen Crowley investigates how the fear of labor protest has inhibited substantial economic transformation in Russia. Putin boasts he has the backing of workers in the country's industrial heartland, but as economic growth slows in Russia, reviving the economy will require restructuring the country's industrial landscape. At the same time, doing so threatens to generate protest and instability from a key regime constituency. However, continuing to prop up Russia's Soviet-era workplaces, writes Crowley, could lead to declining wages and economic stagnation, threatening protest and instability. Crowley explores the dynamics of a Russian labor market that generally avoids mass unemployment, the potentially explosive role of Russia's monotowns, conflicts generated by massive downsizing in Russia's Detroit (Tol'yatti), and the rapid politicization of the truck drivers movement. Labor protests currently show little sign of threatening Putin's hold on power, but the manner in which they are being conducted point to substantial chronic problems that will be difficult to resolve. Putin's Labor Dilemma demonstrates that the Russian economy must either find new sources of economic growth or face stagnation. Either scenario—market reforms or economic stagnation—raises the possibility, even probability, of destabilizing social unrest.

Russian Foreign Policy in the 21st Century R. Kanet,2010-10-29 After the collapse of the Soviet Union expectations were high that a 'new world order' was emerging in which Russia and the other former Soviet republics would join the Western community of nations. That has not occurred. This volume explains the reasons for this failure and assesses likely future developments in that relationship

Through Times of Trouble Anna Matveeva,2017-12-20 This book explains the position of the rebels in Southeastern Ukraine. It follows the rebellion's fortunes after Moscow did not repeat the Crimea scenario in Donbas, analyzes the logic of armed struggle and the phenomenon of the Russian Spring, and introduces prospects for solutions.

Georgia: Revolution and War Rick Fawn,2016-03-23 The post-Soviet country of Georgia has generated surprise upon surprise. Its Rose Revolution in 2003 marked the first time an existing leadership of a post-Soviet state was forced to surrender power peacefully. The new leadership of Western-educated Mikheil Saakashvili initiated wide-ranging domestic reforms, including a large-scale, unprecedented anti-corruption drive. It also intensified relations with the West and sought membership of the EU and NATO. The Georgian leadership's expressed aim of re-integrating territories lost in wars in the early 1990s resulted in a devastating conflict with Russia in 2008. All these developments, and their wider implications, receive careful yet readable attention in this collection by a truly international and specialist group of authors and practitioners. The book offers a spectrum of opinion and compelling insight into the events and decisions that have recently shaped this fascinating yet understudied country, and placed it at the forefront of interest in the changes transforming post-Soviet Eurasia. This book is based on a special issue of European Security.

Globalisation, Freedom and the Media after Communism Birgit Beumers,Stephen Hutchings,Natalia Rulyova,2013-10-18 This book examines the fate of post-Soviet press freedom and media culture in the context of the growing impact of globalisation. To understand the complicated situation that has arisen with respect to these issues in post-Soviet space is impossible without collaboration between political scientists, sociologists, cultural analysts, media studies researchers and media practitioners. The book is one of the first attempts to bridge the gaps between political and cultural studies approaches, between textual analysis and audience research, as well as between practitioner-led and scholarly approaches to the post-Soviet media The cumulative impact of the essays contained in this section is to reinforce the intuition which inspired it: that the post-Soviet media remain a highly heterogeneous, complex and dynamic field for investigation. With contributions from scholars and journalists across Europe (including the former Soviet Union), the collection addresses such issues as censorship and elections, the legacy of the Soviet past, terrorism and the media, the post-Soviet business press, advertising and nation building, official press discourse and entrepreneurship, and global formats on Russian television. This book was originally published as a special issue of Europe-Asia Studies.

Instrumentalisation of Mass Media in Electoral Authoritarian Regimes Nozima Akhrarkhodjaeva, 2017-04-25 Focusing on the case of Russia during Putin's first two presidential terms, this book examines media manipulation strategies in electoral authoritarian regimes. Which instruments and approaches do incumbent elites employ to skew media coverage in favor of their preferred candidate in a presidential election? What effects do these strategies have on news content? Based on two case studies of the presidential election campaigns in Russia in 2000 and in 2008, this investigation identifies the critical internal mechanisms according to which these regimes work. Looking at the same country while it transformed from a competitive into a hegemonic authoritarian regime, allows a diachronic comparison of these two regime types. The book explicates the subtle differences between competitive and hegemonic regimes, different types of media manipulation strategies, the diverging extent of media instrumentalization, various interactions among state actors, large business owners, the media, and journalists, the respective effects that all these factors and interactions have on media content, and the peculiar types of bias prevalent in each type of regime. This deep exploration of post-Soviet politics is based on extensive review of documents, interviews with media professionals, and quantitative as well as qualitative content analyses of news media during two Russian presidential election campaigns.

Fortress Russia Ilya Yablokov, 2018-08-30 Allegations of Russian conspiracies meddling in the affairs of Western countries have been a persistent feature of Western politics since the Cold War - allegations of Russian interference in the US presidential election are only the most recent in a long series of conspiracy allegations that mark the history of the twentieth century. But Russian politics is rife with conspiracies about the West too. Everything bad that happens in Russia is traced back by some to an anti-Russian plot that is hatched in the West. Even the collapse of the Soviet Union - this crucial turning point in world politics that left the USA as the only remaining superpower - was, according to some Russian conspiracy theorists, planned and executed by Russia's enemies in the West. This book is the first-ever study of Russian conspiracy theories in the post-Soviet period. It examines why these conspiracy theories have emerged and gained currency in Russia and what role intellectuals have played in this process. The book shows how, in the new millennium, the image of the 'dangerous, conspiring West' provides national unity and has helped legitimize Russia's rapid turn to authoritarianism under Vladimir Putin.

Russia in Africa Samuel Ramani, 2023-02-08 Three decades after the Soviet Union's collapse, Russia has transformed from a fringe player to a resurgent great power in Africa. The October 2019 Russia-Africa Summit in Sochi highlighted the appeal of Russia's normative agenda, the ubiquity of Russian military technology, and the breadth of Moscow's presence on the continent. Beneath the pageantry, a darker side of Russia's African resurgence looms large. From Libya to Madagascar, Russia has used sinister tactics to expand its influence, such as private military contractors, shadowy mining and energy deals with authoritarian regimes, and election interference campaigns. This book presents a chronological examination of Russia's post-Cold War foreign policy towards Africa, and outlines the factors that have enabled and impeded the growth of its influence. It pays special attention to the non-material factors behind this rising power; the domestic drivers of Russian decision-making; Moscow's relationships with fellow external powers; and African perspectives on Russia's geopolitical role. Samuel Ramani's analysis cites extensively both Russian-language media and academic sources, and his own interviews with Russian and African elites. His fascinating study challenges popular depictions of Russia as an opportunistic anti-Western actor, instead emphasising Moscow's strategic commitment to Africa and the endurance of historical memory.

Putin's Fascists Robert Horvath, 2020-12-23 The Putin regime and its propagandists have long claimed to be fighting the heirs of Nazi Germany. From its crackdown on domestic dissent to its aggression on the international stage, the Kremlin has regularly smeared its adversaries as fascists and fascist collaborators. Russia's invasion of Ukraine, which Putin claimed would achieve its 'denazification', brought this propaganda to a new level of intensity. This book shines a spotlight on the disturbing reality behind Putin's anti-fascist posturing. It shows how his regime mobilised neo-nazis as proxies during Russia's descent into authoritarianism. Using court records and extensive media and internet sources, it analyses the relationship between the Kremlin and Russkii Obraz, a neo-Nazi organization that became a major force on Russia's radical nationalist scene in 2008-10. It shows how Russkii Obraz's rise was boosted by the regime's policy of 'managed nationalism,' which mobilised radical nationalist proxies against opponents of authoritarianism. In return for undermining moderate nationalists and pro-democracy activists, Russkii Obraz received official support and access to public space. This collaboration became politically hazardous for the Kremlin because of Russkii Obraz's neo-Nazi ideology and its connections to BORN, a terrorist group responsible for a series of high-profile killings. When security forces captured the ringleader of BORN, they precipitated the destruction of Russkii Obraz, but veterans of the organisation went on to play a prominent role in Russia's attack on Ukraine in 2014.

The Top Books of the Year Gazeta Ru The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have captivated audiences this year. Gazeta Ru : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

Gazeta Ru Introduction

Gazeta Ru Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Gazeta Ru Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Gazeta Ru : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Gazeta Ru : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Gazeta Ru Offers a diverse range of free eBooks across various genres. Gazeta Ru Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Gazeta Ru Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Gazeta Ru, especially related to Gazeta Ru, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Gazeta Ru, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Gazeta Ru books or magazines might include. Look for these in online stores or libraries. Remember that while Gazeta Ru, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Gazeta Ru eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Gazeta Ru full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Gazeta Ru eBooks, including some popular titles.

FAQs About Gazeta Ru Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Gazeta Ru is one of the best book in our library for free trial. We provide copy of Gazeta Ru in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Gazeta Ru. Where to download Gazeta Ru online for

free? Are you looking for Gazeta Ru PDF? This is definitely going to save you time and cash in something you should think about.
