A Senior's Guide to iPhone Photography Scott La Counte, Start taking better photos with your iPhone! I remember my first phone. It had a cord attached and was shaped like a popular animated character. You didn't surf the Internet on it. You didn't send text

messages. You didn't check your email. And you definitely didn't take pictures on it! Times have changed, haven't they? Most people probably don't even have a camera that's not attached to their phones. iPhones don't match the quality of a DSLR camera—but they're certainly coming close. This book won't teach you how to be the next Ansel Adams, but it will teach things you probably never knew about the camera and photo app. Inside, I'll show you how to: Take and edit photos Organize photos Use different photo modes and lenses Use photographic styles And much more. If you are ready to get the most out of your iPhone camera, then read on! Note: this book is based off of the iPhone 14 Pro, which has photo features (notably ProRes) that are not available on other iPhones. I will point out when a feature might not work on your phone.

Spirituality in Photography Philip Richter, 2020-04-28 Millions of photos are taken every day across the world. Some are just snapshots. Others are more carefully crafted and have the capacity to deepen our vision and sharpen our sense of what life is truly about. Spirituality in Photography explores how photography can offer unique perspectives on the self, the world, and what we live by. Readers are invited to take photos more slowly, reframe their

gaze, allow themselves to be fully present, and let their photos tell a story--this includes a section on how photography can offer new perspectives on the Bible. The book also explores how photography can help readers meditate on mystery and tune into their own 'rule of life.' Spirituality in Photography offers a range of ideas for readers to try out with their camera or smartphone and invites them on a journey of discovery, as they allow their photography and their spirituality to inspire each other.
