**Geek to Diva in 20 Seconds....** Kish Knight,2013-11-27 It's timid Olivia, cynical Kaitlyn, and bold Tabitha .... oops, Lydie, Kaori, and the gorgeous Camille, of course, back again. Strolling on the other side certainly has its consequences. Clearly, popularity isn't all that it's cracked to be, and Lydie was right: the alter egos are bad, bad, BAD! Especially since Kaori is falling in love.... with Camille's boyfriend, and Camille herself is too busy

to notice; she isn't finished sneaking around with the other guy, the COLLEGE guy, the same one her mother disapproves of. And sweet, innocent, responsible Lydie? Well, she may be hiding the biggest secret of them all. ....Apparently, it's pretty easy for a Geek to graduate to a Diva...that is, under the right circumstances.

**Geek Wisdom** N. K. Jemisin, Genevieve Valentine, Eric San Juan, Zaki Hasan, 2011-08-02 THE GEEKS HAVE INHERITED THE EARTH. Computer nerds are our titans of industry; comic-book superheroes are our Hollywood idols; the Internet is our night on the town. Clearly, geeks know something about life in the 21st century that other folks don't--something we all can learn from. Geek Wisdom takes as gospel some 200 of the most powerful and oft-cited quotes from movies ("Where we're going, we don't need roads"), television ("Now we know--and knowing is half the battle"), literature ("All that is gold does not glitter"), games, science, the Internet, and more. Now these beloved pearls of modern-day culture have been painstakingly interpreted by a diverse team of hardcore nerds with their imaginations turned up to 11. Yes, this collection of mini-essays is by, for, and about geeks--but it's just so surprisingly profound, the rest of us would have to be dorks not to read it. So say we all.

**Teacher Geek** Rachel Jones, 2015-06-12 What can you do with a pack of marshmallows and some tinfoil? Create innovative, engaging learning opportunities; if you embrace the teacher geek mentality. What was your best lesson like? Rachel Jones thinks that her best lessons have happened when she's been brave enough to wonder, 'What might happen if ...?' and done something a bit different. That is what Teacher Geek is all about: making the most of the resources you have at your disposal, and shaking up your thinking about what will inspire, engage and motivate learners. A teacher geek will look to exploit all potential learning opportunities, and be comfortable with taking risks by working with resources from outside their subject area. You have nothing to lose by trying a few new ideas out in your classroom. What is more, a little teacher geek thinking can make lesson planning a whole lot easier. Here Rachel shows you how to blend edu-geeky analogue and digital teaching techniques, and offers suggestions on how to inspire your students, revitalise your practice, and gain the rapt attention of your class. Teacher Geek shows you how to turn your passion as an educator into real results in your classroom. It is all about celebrating a real love of teaching and learning. It doesn't matter whether you have access to the latest technology, or whatever else you have at your disposal, it is all about creativity, confidence and celebrating achievement. And - let's face it - there is more to life than worksheets. Suitable for all teachers.

**Geek Love** Katherine Dunn, 2011-05-25 National Book Award Finalist • Here is the unforgettable story of the Binewskis, a circus-geek family whose matriarch and patriarch have bred their own exhibit of human oddities--with the help of amphetamines, arsenic, and radioisotopes. Their offspring include Arturo the Aquaboy, who has flippers for limbs and a megalomaniac ambition worthy of Genghis Khan . . . Iphy and Elly, the lissome Siamese twins . . . albino hunchback Oly, and the outwardly normal Chick, whose mysterious gifts make him the family's most precious--and dangerous--asset. As the Binewskis take their act across the backwaters of the U.S., inspiring fanatical devotion and murderous revulsion; as its members conduct their own Machiavellian version of sibling

rivalry, Geek Love throws its sulfurous light on our notions of the freakish and the normal, the beautiful and the ugly, the holy and the obscene. Family values will never be the same.

**The Geek Girl Squad: Nadia** Jasmine C. Caldwell,2022-05-31 It was hate at first sight... Nadia knew Caleb was the enemy from the day they met. His best friend had devastated one of her squad, and Caleb was nothing but an absolute jerk. In the name of friendship, Nadia is willing to tolerate him ... but that doesn't make Mr. Arrogance any more charming. At least game night is still just for the girls, right? Now that Jake's back with his girl, Caleb finds himself bored and lonely. When Nadia needs rescuing from the side of the road, he thinks he's found a way to get more time with his best friend. But it turns out that spending time with Nadia is more stimulating than he'd imagined ... and now he can't stop thinking about her in his bed. When their bickering turns into something more, his fears push her away. Then, the unthinkable happens. Can this loner learn to work in a team to get back what he didn't realize was missing?

**Ruffian Dick** Joseph Kennedy, John Enright, 2016-10-25 Lust and adventure meet history in this ride through roughshod America that rings truer than any history book. Uncovered from the ashes of the British Consulate in Trieste, an archaeological excavation has found the once-thought destroyed and very private journal of Richard Burton, a man regarded as perhaps one of the greatest intellects, rogues, and colorful adventurers of the nineteenth century. In the journal's pages a different man comes to light: here is Richard Burton unplugged and uncensored—the Renaissance man of his age fully revealed. Presented as a transcription of the once-lost journal, Ruffian Dick follows the famous British adventurer into the true wilderness of American politics and the Wild West, all while the country is on the brink of the Civil War. Based on the historical fact that Burton actually did visit the United States in 1860, and traveled cross-country to study and write about the then-notorious polygamous Mormons in their stronghold at Salt Lake City, Joseph Kennedy's Doctorow-esque mixture of fact and fiction takes the reader deep into that place and time. With Kennedy's research and eye for historic detail, Ruffian Dick (as Burton was known to his contemporaries) is an adventure tale that brings to light a side of the famed explorer never seen before. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical

thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
