The Jive Talker Samson Kambalu,2022-08-25 A bawdy, brilliant and heartbreaking memoir by the award-winning Malawian-born artist. With exuberant prose, a cast of extraordinary characters and a rebellious spirit, Samson Kambalu tells the story of how a little boy obsessed with fashion, football, Nietzsche and Michael Jackson won a free education at the Kamuzu Academy ('The Eton of Africa') and began his long journey to art school, and international artistic and academic success. The son of a philosophising, hard-drinking, poorly paid hospital manager, Kambalu's award-winning conceptual work is now shown in galleries across the world and still evokes that childhood landscape of literary excitement, family chaos and music; post-colonial injustice, poverty and Aids. 'A book filled with wonder, humour and hope. It is a magnificent achievement.' Aminatta Forna, Sunday Telegraph 'Read Kambalu, cry, clap your hands.' Iain Finlayson, The Times 'A truly original book.' Pride Magazine

The Art of Reception Jacobus Bracker,Ann-Kathrin Hubrich,2021-03-05 This book deals with processes of reception in visual arts. Images (in the broadest sense) from different cultures and times are examined. The volume focuses on two key interpretations of reception. On the one hand, reception is understood as a concept of repetition and revision spanning different cultures and time periods. On the other hand, reception is also seen as the process of perceiving images. Both ways of understanding can be described by the metaphor of migration of images: in the first case, images migrate from one medium to another; in the second case, they migrate from the artefact into the human body. The contributions to this volume cover a variety of approaches coming from different disciplines such as Ancient Oriental philology, English and American studies, classical studies, classical archaeology, communication studies, cultural studies, art history, aesthetics, literature, media studies, philosophy, journalism, Romance studies, sociology, Near Eastern archaeology, prehistory, and classical studies.
