Verbal Plurality and Distributivity Patricia Cabredo Hofherr,Brenda Laca,2012-10-01 This volume brings together novel analyses of verbal plurality and distributivity. The contributions draw on a wide range of new empirical data from languages as diverse as Arabic, Cusco Quechua, European Portuguese, Hausa, Karitiana, Modern Hebrew and Russian. The introductory chapter gives an overview of the central issues that underlie much recent research on the semantics of event plurality. The papers on verbal plurality explore the interaction between verbal plurality and plural arguments in Arabic and European Portuguese, the semantics of additive particles in Modern Hebrew, the semantics of a range of pluractional markers in Cusco Quechua and the morphological variability of pluractional markers cross-linguistically. The papers on distributivity examine the syntax and semantics of reduplicated numerals in Karitiana and adnominal distributive markers. This volume will be of interest to researchers and students in syntax, formal semantics, and language typology.

On Diversity and Complexity of Languages Spoken in Europe and North and Central Asia Pirkko Suihkonen,Lindsay J. Whaley,2014-12-15 The languages of Europe and North and Central Asia provide a rich variety of data. In this volume, some articles are summaries of large areal typological research projects, and some articles focus on structures or constructions in a single language. However, it is common to all the articles that they investigate phenomena that have not been examined previously, or they apply a new framework to a topic. The volume will be of interest to scholars with a focus on this broad geographic region, typologists, historical linguists and discourse analysts. The uniqueness of this volume is that it brings together work on a genetically diverse set of languages that have some shared areal traits.

Military Dispatches The Duke of Wellington,2014-07-03 The vivid and exciting accounts written from the front line, taking the story of the British war with Napoleon from its desperate beginnings in Portugal to the final triumph at Waterloo The Duke of Wellington was not only an incomparable battle commander but a remarkably expressive, fluent and powerful writer. His dispatches have long been viewed as classics of military literature and have been pillaged by all writers on the Peninsular War and the final campaigns in France and Belgium ever since they were published. This new selection allows the reader to follow the extraordinary epic in Wellington's own words - from the tentative beginnings in 1808, clinging to a small area of Portugal in the face of overwhelming French power across the whole of the rest of Europe, to the campaigns that over six years devastated opponent after opponent. The book ends with Wellington's invasion of France and the coda of 'the 100 days' that ended with Napoleon's final defeat at Waterloo.
