Where does it all begin? That’s a simple answer: with a strong foundation of Guerrilla Marketing. Jason and Merrilee spend the first section reviewing the strong foundational elements of Guerrilla Marketing and spend the remaining sections of Guerrilla Marketing sharing today’s Guerrilla Marketing tactics, tools, and tips. These are the Guerrilla Marketing resources that every business needs to succeed and generate profits. They also offer a FREE companion course to help entrepreneurs continue to build their rock-solid Guerrilla Marketing foundation. In the companion course, Jason and Merrilee dive deeper with video tutorials, exercises, and the tools entrepreneurs need to build that crucial foundation from which their Guerrilla Marketing success will be born. Guerrilla Marketing also contains 70+ free online tools for small businesses. Jason and Merrilee are continuing Jay Conrad Levison’s unconventional system of marketing. A secondary problem is simply finding the time to consider the question. Readers of *Keeping Up with Emerging Technologies* will learn all of the best practices and skills to keep up with new technologies and to analyze the ability of specific technologies to meet recognized user needs—all in this single source. You'll learn the best ways to gather information about new technologies and user needs, to evaluate and analyze information, to curate technology information for others, to set up experiments and evaluate the results, and to present your findings to persuade decision-makers. Written by the former head of user experience at MIT's library system, this guidebook serves information professionals, educators, education technology specialists, and anyone with emerging technology or innovation in their job titles.
