I know for me they have done this. Just reading about how they were created and reading the logs of people who found them and what they have meant to them has been a huge thrill. I decided to break out each country and started with the United States, the genesis of geocaching, but I plan to cover other countries down the road so please enjoy this one but stay tuned for more versions!--Back cover.

*201 Geocaches to Find Before You Die* Gary a Slinkard,2019-04-14 What's so great about geocaching? Geocaching is the outdoor recreational activity, in which participants use a Global Positioning System (GPS) receiver to hide and seek containers at specific locations marked by coordinates all over the world. But it is so much more than that! It is where it takes you to find them, it's the people you meet and the challenge of the hunt. WHY THESE LISTS?If you are a geocache then the answer to this question is, why not? Or it's about time! If you're not a geocacher then my hope is that this book will inspire you to become one. Geocachers, by nature, make lists. We make lists of the geocaches that we want to find or we make lists of geocaches that have inspired us and we want to make geocaches like them.
