Step By Step, A Tree Planter's Handbook Jonathan Clark, 2024-03-31 This is the 2024 Digital edition of "Step By Step" (full colour interior). Tree planting is known as being one of the hardest jobs in Canada, with a culture all of its own. Whether you're considering tree planting as a stepping stone toward a career in forestry, looking for a temporary summer job, or merely curious about the work that your friends do, this book will offer an insightful glimpse into what is involved in becoming a successful tree planter in Canada. This book will teach you about planting basics, types of trees, health, safety, nature, forestry practices, camp life, gear required,

quality and density standards, maximizing productivity, working with helicopters, and hundreds of other minor topics. In addition, if you decide that you want to seek out a planting job, this book has a full chapter that will guide you through the ins and outs of getting your first job, including advice on how to reach out to companies and how to prepare for your interview. This edition also contains current contact information for every major tree planting company in Canada. Used as an essential training resource at more than a dozen established Canadian reforestation companies, this handbook will help prepare you for your first day in camp, and help you maximize your earnings through your first and subsequent planting seasons.

Past Climate Variability through Europe and Africa Richard W. Battarbee, Françoise Gasse, Catherine E. Stickley, 2007-11-06 This book focuses on two complementary time-scales, the Holocene (approximately the last 11,500 years) and the last glacial-interglacial cycle (approximately the last 130,000 years) to synthesize evidence of climate variability at the regional and continental scale across Europe and Africa. This is the first examination of historical climate variations at such a scale, and thus sets a benchmark for future research.
