**Death of a Planet** Michael Ribar, 2004-05-03 Our culture is rife with the inference of the existence of life on other planets. Indeed, life technologically capable of visiting our planet on a regular basis. Such visitation forms the core for a sizable group of individuals who profoundly believe that they have seen, been visited by or even abducted by Aliens. So the fabric is woven into a tale of a common man whose destiny sends him out of this world. Jack Sharpes a regular guy, jilted by his fianc hes drowning his sorrows at the local pub, when his world is transformed by a gentleman offering him passage on a space ship! The man is Isiah Walker and hes a recruiter. Isiah isnt recruiting just any down on his luck drunk. Nope hes looking for a special type. He seeks people without attachments. Those who disappear and all thats said is: Whatever happened to whats his name? Nobody with close family or close friends which narrows the field down to what, maybe a couple of hundred million people? Jack fits and Isiah offers him a job working out in the suburbs of space, the hinterlands of the galaxy. Jack considers the proposal even as events close in around him and send him where our sun dont shine. Mankind joins a race of galactic observers; beings that have watched us develop for hundreds of years. Theyve discovered alien intruders so powerful and frightening they are forced into action. They must use Humanity to help destroy this potential threat to the Universe. The race is devouring planets and taking the spoils to an unknown destination. So the journey begins and

takes us into the everyday lives of the space borne humans inhabiting an enormous craft designed and built by humans with Alien technology. Jack learns about himself and his capabilities, he's mentally connected with a one hundred ninety pound puppy of questionable breeding. He gains true friends and meets a very special woman. As Jack and his group train hard for an unknown mission their reward comes in the form of a one-way ticket to a planet that is systematically being destroyed by the mysterious and hideous aliens. There they witness the Death of a Planet a planet they will try desperately to save.
